MS.1994.

SIDE ONE

Annapolis Octr. 28. 1774

Hon.d Sir

I received your favour of the 25th Instant directed to Mr. Steward which opened. I expected to have gone over the Bay last week but on the receipt of yours on friday last I determined not to go as Wilson was from home. I had a Letter from Mr. Ringgold dated at Chester the day he left Philadelphia by which I find he has not done any thing with Wilson finally. I came from home yesterday with an expectation of having my cause tryed with Jacobs but as the Lawyers are not returned there is no Business carried on. The potatoes would be all finished yesterday they do not turn out so well as I could wish. I ordered Peter to go to Stepney to day, the Wheat now under prize will be finished this week. I shall begin sowing wheat in the potatoe Ground on monday next. I yesterday examined the meadow at Gilbs and would have it mow'd but really think it is not worth it. the Grass being very thin and low. on my return home shall put in it some beaves as the pastures have failed so much that I am fear-
