SIDE ONE

Chester Town 1st Nov.r 1774

Dear Sir

We are happy in hearing that you are all so well and we begin to wish to see you, but we do not expect it sooner than about Sunday as we suppose the girls will prevail on you to stay to the Assembly. Our little Folks are all well but little Nancy who has still a slight Intermittent. — If any thing delays you longer than we expect we shall be glad to know it. We expect some Cash from Willing Morris & Co. by you and you will please let them know when you are coming out of Town. —

I find we have made a good Voyage by the Friendship and as I have a Cargoe prepared to dispatch her let her come soon as she will I shall hope she will be profitable to the concerned.

We all join in our warmest love & Wishes to you Henny & Nancy and Polly joins me in requesting our best love may be paid to Wm. Wm. Chew & all the good Family. Thank them all round for their Civilities and you will oblige

Dear Sir Yr. very affect.

Thos. Ringgold
