1775 June 27 [Benjamin Galloway] to [Samuel Galloway] MS. 1894.

It gives me much Pleasure to find that all the Letters I wrote you relative to the Young Lad mentioned in my Letter by Captain Davis have proved most home matter — I hope this may be the Conduct in that Affair to Your Mind as much Satisfaction as could be expected — was the first of my Business in the Transaction — I shall have his Cloaths made up as Cheap as I possibly can — the stated Allowance I am sorry to say will be some Trouble — I shall endeavour however to reduce it to as small a Sum as possible — I shall be careful to hear of the Proceedings to the Northward — May Peace and Tranquillity be once restored to our much injured and unfortunate Country is my sincere Wish — be pleased to give my best Love and Compliments to all Friends — I am very happy to find that Mr Ringgold & Children were in a fair way of Recovery from their Inoculation for the Small Pox — L. Hood is arrived — this is a Villain in Grain — I am Dear Sir Your very affectionate & Dutiful Son
