SIDE ONE

Annapolis March 22d 1776

Hon d Sir

Mr Chester writes you by this post that my Sister is much better than when you left home I also have the pleasure of confirming this Account, as she was ~~[illegible]~~ greatly recovered when I left her this morning — I come up to this place at the request of Stephen to ~~[illegible]~~ take up any letters which might come from England by the packet, but find there is not a single one by that opportunity for any person by the post — I received your favour dated at Rock hall. Bailey has sent a bushel of flax seed I will send the letter for Mr Montgomery to day and have it put into the ground as soon as I possible can If you buy any in Chester it may easily be disposed of — Richard the bricklayer went up to the Ridge to day. the bricks and lime are gone up shall send for Mr Chew's carter to go up on Monday — there is nothing new in this place since you left it — Doctor Scott & Mrs Scott are at Tulip hill
