Assortment:

THE stock of goods we have just placed is complete and gratifying in variety. We have all the lines, and all these lines are full to overflowing, so that a customer cannot leave the store without being able to find anything and every thing that a progressive merchant should carry. We do not dust over and sort up old goods, and try to make them pass for new ones, when a season comes in. We carefully select and order the best and newest the market affords, secure enough to meet all requirements, and look to it that every class and grade is represented. You will find what you want here, if anywhere, in all its variations of make, finish and price.

A Hadsome Book on Summer Travel.

The Baltimore & Ohio R. R. Co. has just issued a handsome book descriptive of the various summer resorts, in the mountains and by the seaside, adjacent to or reached by its system of lines.

It is finely printed and illustrated by a number of very fine cuts. Send 10 cents to Chas. O. Scull, Gen'l Passenger Agent, Baltimore, Md., for a copy.

SIMMONS LIVER REGULATOR

THE BEST
SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get **THE BEST BLOOD** when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

What Will Bring Proserpity?

Better and more remunerative prices for farm products is the first requisite of renewed prosperity to our manufacturers. The first thing needed is to build up a market for the products of our mills and factories, and this can only be done by putting our agricultural classes on an equal footing with their silver-using competitors. So long as our competitors enjoy a bounty on production and export to gold-standard countries, a bounty in the shape of a premium on gold, and equal at this time to nearly 100 per cent, our farmers and planters cannot prosper. Just as silver has fallen, as measured by gold, our silver competitors have been enabled to cut the gold price of wheat and cotton they offer for sale to gold-standard countries, for the silver cost of production has not increased, and the ounce of silver, worth to-day but 69 cents, is worth just as much to them as the ounce worth $1.29 in gold twenty-five years ago.

Under the gold standard, prices must continue to fall just as population increases and the demand for money outruns the supply that is restricted to that portion of the product of the gold fields that is available for coinage. That prices must go lower if we adhere to the gold standard is proven by the continuous drain on our gold for export—a drain that must continue until our currency is so contracted and prices so depressed that our foreign creditors will take our produce in preference to gold.

Such a prospect is anything but cheering to our producing classes, and, if we mistake not, they will turn to the only true remedy: bimetallism. Open our mints to silver, the appreciation of gold be checked and the disastrous fall in prices stopped. As the demand for silver increases with the open of our mints to the free coinage of silver, and as the demand for gold decreases with the throwing on silver equally with gold the burdens of effecting the exchanges of the Western world, which now rest on gold alone, silver would rise and gold would fall. Thus the gold-price of silver would rise rapidly and from two causes—viz., a rise in silver and a fall in gold. With this advance in the gold-price of silver would come an enhanced price to gold-using peoples of everything bought in silver-using countries, and the gold-standard countries of Europe, and especially Great Britain, that now so largely import the raw materials of textile manufacture and the food to make good the deficit in their own crops from those countries in which gold commands a premium, and which acts as a bounty on exports from such countries, would naturally turn to America and purchase from our producers until, as the result of the increased demand, our produce rose in price equally with the rise in silver and the consequent enhanced price of everything bought in silver-using countries.

Thus an enlarged market and better prices for our agricultural products would follow the opening of our mints to silver. With better price would come prosperity to our agricultural classes. Receiving more, they would have more to spend; the demand for manufactured goods would broaden; better prices would be enlarged; there would come increased work for wage-earners, on the farm, in the factory and in the mine, and at better wages—and prosperity would return to all.

"**Mary**," asked the old man, "whose picture is that on the front of the paper you have?"

"That is a picture of President Cleveland," said she.

"Grat Cæsar's ghost!" exclaimed the old man; "has he been cured of something, too?"

Children Cry for Pitcher's Castoria.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labelling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. SAMUEL PITCHER. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word **"Castoria"** and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government-protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that **35 average** doses of Castoria are furnished for **35 cents,** or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children will be kept well, and that you will have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.
