W. S. WALKER. H. M. BROWN.

BECK, WALKER & BROWN,

Fertilizer Manufacturers

OFFER to the farmers of Kent county their well known brands of WHEAT FERTILIZERS. During the past three years nearly one-fourth of the wheat raised in Kent county was grown with the following brands of Fertilizers. This should be sufficient recommendation of their reliability :

TRUSTWORTHY !

An Absolutely Pure Bone Phosphate. Any one wishing to use an Absolutely Pure Bone Goods cannot do better than use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR !

A Pure Bone Mineral Phosphate. We have found this brand very popular with those wishing to use a Complete Fertilizer, but unwilling to pay the price of pure bone goods. We can confidently recommend this brand.

TRY ME !

High Grade Mineral Bone and Potash—no Kainit. We introduced this brand three years ago to meet the low price of wheat. It is a mixture of the very best mineral Phosphates and high grade sulphate of potash, tests very high in both soluable and insoluable phosphoric acids and in potash, and is absolutely free from anything that can sour or injure the land. One-eighth of the wheat harvested in Kent county in the year 1895 and 1896 was grown with this brand, which should be a sufficient guarantee of its merits and popularity. We consider this to be one of the best Cheap Fertilizers on the market.

We are also Prepared to Put Up SPECIAL MIXTURES with Highest Grade of Goods at Lowest Possible Prices.

Under a State law, the chemists of the Agricultural College have for the past three years themselves taken samples of our different brands of goods, and in all cases have found our goods to over-run our guarantee and have estimated them at a higher cash comparative value in Baltimore city than we sold them for at our factory. All our goods are prepared under the personal supervision of Mr. P. B. Hollis, who is well known in the community as an experienced Agricultural Chemist. Our goods will be in first-class drilling condition, and only the best materials obtainable will be used in their composition. We offer them to the public as being strictly as represented.

We sell at the Lowest Possible Price and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our place of business is in the KENT NEWS Building. Where we will be pleased to see any who may call.
