TO WATER TAKERS.

In order that the citizens of Chestertown may have nothing but pure water, upon the advice of the Health authorities the lower pool has been cut off. This action reduces the water supply over 30,000 gallons per day, and has caused the discontinuance of the sprinkler.

It is therefore earnestly requested of all water takers not to allow hydrants or spigots to run any more than necessary and to be as economical as possible in the use of water. It is absolutely necessary that this notice be observed, otherwise there may be a dearth of water, and no one wishes such a condition. The analysis of the present supply was perfectly satisfactory.

Yours to serve,
WM. B. USILTON, MGR.

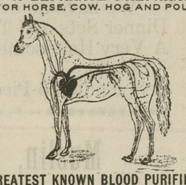
FAIRFIELD'S FEED BLOOD TONIC POWDERED
A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY



GREATEST KNOWN BLOOD PURIFIERS

THE working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from the same, would be no more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

The Fairfield Preparations are sold under written guarantee by

INDUSTRY and ECONOMY

Some one has said that money is the root of all evil.

This may be true, and there is probably some evil in all of us—but a little money laid aside for future need will not hurt anybody; and on the contrary it may accomplish much good.

Therefore be industrious and economical and then show your wisdom by bringing your savings to the
