Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TWO OUT OF FIVE BELONG TO CHURCH

Federal Census Statistics Present Some Surprising Figures—Protestants By Far Outstrip Catholics.

Two out of every five persons in the United States are church members. To be exact 32,936,445 persons belong to the various churches. The Protestants have 20,287,742 members and the Catholics 12,079,142. These facts are contained in the bulletin issued today by the Census Bureau in advance of a special report. The census was taken in 1906, but the tabulation has just been completed.

Of the total number of church members reported, the Catholics form 36.7 per cent., the Protestants 61.6 per cent., and other religious bodies 1 7 per cent. The Methodists follow the Catholics in strength, having 5,749,838 members. The Baptists are third with 5,662,234 members. Then come the Lutherans with 2,112,494, Presbyterians with 1,830,555, and the Disciples of Christ, or Christian, with 11,142,359 members.

MALES IN MINORITY.

There are fewer males than females in the churches, the classification being males 43 1 per cent., and females 56.9 per cent. Among the Protestants the difference was greater, only 39.3 per cent being males. In the Catholic Church there were relatively more males, the number forming 49.3 per of the total membership.

Fewer males than females were found among the Latter - Day Saints, the Lutherans, the Disciples of Christ and the Methodist, Baptists Presbyterian and Protestant Episcopal Churches, the percentage of male members decreasing in the order shown. There are but 35.5 per cent. of males in the Protestant Episcopal Church Among the Christian Scientists only 27.6 per cent. are males; of the Shakers but 21.3 per cent. are males. In the Greek Church, however, 93 9 per cent, were males, as practically all Greek immigrants have been males.

BIG CATHOLIC GAINS.

The rate of increase shown for the Catholics since 1890 is 93.5 per cent., which is more than twice that for all the Protestants bodies combined. The Methodist Church reported 17-5 per cent. of all the growth in the Protestant churches and the Baptists 17.2 per cent.

The total number of local religious organizations in 1906 is given as 212,230, an increase since 1890 of 40,079, or 28.5 per cent. The Protestants are credited with an increase in this particular amounting to 27.8 per cent.; the Roman Catholic Church, 21.9 per cent.; the Jewish congregations, 231.9 per cent., and the Latter-Day Saints, 38.3 per cent.

The Methodists reported the largest number of local organizations, 64,701; the Baptists reported 54,886, the Presbyterians 15,506, the Lutherans 12,703, and the Roman Catholics 12,482.

Other interesting features of the bulletin are those showing that the total seating capacity of churches was 58,536,830, an increase over the 1690 United States census figures of 344 per cent.; that the rate of increase was practically the same for both Protestants and Roman Catholics, and kept pace with the increase in population; and that $1,257,575,867 was invested in church edifices in 1906. The total amount of debt was $108,050,916, or 8.6 per cent. of the total value; of this total the Protestant bodies owed $53,301,254 and the and the Roman Catholics, $49,488,055. In 16 States a majority of the church members were Roman Catholics; in 29 States, Protestant; and in 1, Utah, Latter-Day Saints.

CLAYTON CREAMERY BURNED.

The Clayton Creamery, situated in the northwest corner of the square owned by the Clayton Enterprise Company caught fire and burned in the early morning hours before daylight last Tuesday week. The stillness of the night enabled the citizens to confine the flames to the creamery, which was destroyed with all its contents of new machinery. The white pine lumber sheds less than a hundred feet away and great ricks of cordwood were piled near by, but the flames were kept in a limited space.

Chestertown won from Crumpton in Chestertown last Saturday by the score of 9 to 5.

SEVERELY HURT IN BALL GAME

Quite an exciting incident occured at the game of ball played at Crumpton last Saturday. Howard, the son of Mr. Lemuel McGinnes, one of the players, was struck by the ball and while at first it did not seem that he was injured, yet before the game was over he had lost consciousness and medical aid was hastily summoned. He is gradually improving at this writing.

STABBED OVER AN ARGUMENT

A stabbing affray occurred at Deep Landing one day last week. It appears there was quite an argument between Mr. William Sparks, the wharf tender, and Mr. Erastus Tarbutton over the rates of freight on certain commodities. During the heat of the argument Mr. Sparks was severely stabbed by Mr. Tarbutton and though hurriedly taken to Crumpton for medical treatment came near dying from loss of blood.

OYSTER SEASON AT HAND.

Now that the month of September is approaching the thoughts of the epicure dwell on the oyster, that luscious bivalve of the Chesapeake Bay, which has a reputation from the Atlantic to the Pacific for its fine quality and flavor. What the approaching season will bring forth is hard to tell, but from reports, there will be a good supply of marketable stock.

It is claimed by those thoroughly acquainted with the business that the present supply in the Chesapeake Bay and its tributaries promises to be larger and of finer quality than during last season, as a great many medium-sized oysters which were left on the beds have had a chance to mature, and these will constitute the principal catch of the season.

The state law for the catching of oysters in the Chesapeake Bay and its tributaries is as follows: "Beginning September 1, tonging is permitted in the waters adjacent to the following counties: Kent, Queen Anne, Talbot, Somerset and Anne Arundel. In Dorchester and Wicomico counties tonging is permitted from September 15, and in Calvert and St. Marys tongers will start October 1, in Somerset county dredging is permitted October 15, while in other counties November 1 will be the beginning of the dredging season." By an agreement between the States of Maryland and Virginia, dredging starts in the Potomac River October 15th, while no dredging is allowed by law in the Chesapeake Bay until November 1st.

The Tolchester Fair.

Everything is ready for the big Kent Fair at Tolchester next week, and the prospects are fine for a successful exhibit and race programme. There will be no exhibit of stock this year. The energy of the management has been directed toward the household and kitchen departments, and the hall is expected to contain the largest and best array of exhibits of handiwork that has ever been seen at the fair. Supt. Noland says some of the best horses in this section of the country and in Baltimore, Wilmington and Pennsylvania are entered in the speed contests, and there will be a larger and much better entry list than usual. The last day, Friday, will be one of the best days. A fine tournament with rich prizes has been arranged for the day and many knights are preparing to ride. The free for all races on Thursday will attract some very fast horses, and will prove a fine race. The dates of the Fair are August 31st, September 1st, 2nd and 3rd.
