USEFUL XMAS GIFTS

Gloves, Underwear, Neckwear, Suits, Suspenders, Overcoats, Silk Mufflers, Sweater Coats and many other appropriate things for Xmas presents. All complete.

FOR the benefit of Clothing Consumers, we will endeavor to hand you a brief synopsis of the "modus operandi" of the Clothing Business, and then let you judge as to who is in the better position to serve you more economically.

In June we select—direct from the manufacturers—piece goods for our various lines of Fall and Winter Clothing, to be made up for us in accordance with the various models. These goods are bought to the best possible advantage, in a good many instances closer than some city retail dealers who don't avail themselves of anticipations and discounts. Now, these city retailers conduct business the same way. They must place their orders with the manufacturers just as we do, and they must anticipate and discount in order to be in a position to sell as close as we. Even if their expenses to handle the product were no more—BUT here comes the difference. "Stop and think" of the enormous expense he has necessarily been subjected to when this suit is handed to you. For instance, a house of fair size with a $10,000 rent: Salesman who waits on you, $20 to $40 per week; window dresser, $25 per week; together with taxes, license, insurance and many minor expenses to be added to your suit or overcoat. Then you can frame up some idea as to why we are in a better position to sell Clothing for so much less.

Now the above are nothing but plain, logical facts, such as are being confirmed by consumers themselves every day. As a lady told us a few days ago, after looking at overcoats for her boy, then investigating city styles and prices, came back and purchased our coat at $5.00, frankly admitting she saw nothing NEAR as good for less than $7.50. A similar transaction occurred with a gentleman, who came back and bought our $12.50 suit in preference to paying $18. THINK of this. If you need a trip for your health, GO; but come home and buy your stuff. We'll save you money enough to pay your fare and a little more, if you need goods to any extent. We are after legitimate business without offering any chromos, and if you are on the economical list (as most of us must be, especially this season) then we are here with the goods and will help you out. Our various lines are yet complete. Don't wait too long, though, for the sizes are being broken daily.

The Fire Company tried to get one, the Water Board took the matter up and the Commissioners looked into the subject. But none of them succeeded in landing one in Chestertown. On Wednesday night at the public meeting of the Water Board, Mr. Charles S. Smith made the agreeable announcement that a big siren whistle was in his possession ready to be turned over to Chestertown with the compliments of Mr. and Mrs. W. C. Morningstar, of New York, accompanying the gift was the following wish:

May this little syrean,
Never have to scream,
For any great fires
To call out the sires.

This is a most acceptable gift and Mr. and Mrs. Morningstar have the thanks of the town for their generosity. Mrs. Morningstar is a former Chestertown lady being a sister of Mr. Chas. S. Smith and a daughter of the late esteemed S. Franklin Smith.
