CHAPTER 281

AN ACT to amend the Constitution of Maryland by adding a new Section to Article 4.

Section 1. Be it enacted by the General Assembly of Maryland, three-fifths of all the members of both Houses concurring, that the following section be and the same is hereby proposed as an amendment to the Constitution of the State of Maryland, and if adopted by the legal and qualified voters thereof, as hereinafter provided, the same shall stand as an additional section to Article 4 of said Constitution, to follow Section 31, and to be known as Section 31A.

31A. In addition to the authority granted to the Mayor and City Council of Baltimore by the preceding Section to pay to each of the Judges of the Supreme Bench the annual sum of five hundred dollars, authority is hereby given to said Mayor and City Council to pay to each of said Judges such further annual sum as an addition to their respective salaries as the Mayor and City Council of Baltimore shall from time to time deem right and proper, provided, that any such sum being once granted shall not be diminished during the continuance of said Judge in office.

Section 2. And be it further enacted by the authority aforesaid, that the said foregoing Section hereby proposed as an amendment to the Constitution, shall be at the next general election for members of the General Assembly to be held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in Article 14 of the Constitution of this State; and at the said general election the vote on said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be written or printed the words "For the Constitutional Amendment," and "Against the Constitutional Amendment," so that the voter may elect; and immediately after said election due return shall be made to the Governor of the vote for and against said proposed amendment, as directed by said 14th Article of the Constitution.

Cut Offs

If there is a "Cut Off" when a conversation is taking place over the telephone, THE PERSON WHO WAS CALLED SHOULD IMMEDIATELY HANG UP THE RECEIVER. The one who made the call should ask the operator to re-establish the connection, saying: "I was talking to ——— ——— and was cut off."

If the person who was called does not hang up his receiver, his line may test "Busy" and be so reported to the party who is asking to have the connection re-established.

The "Cut Off" may be due to a number of things: an error of the operator; a temporary disarrangement of the signal apparatus; the replacing of the receiver on the hook by mistake by one of the persons talking, or for some other cause.

Realizing the annoyance "Cut Offs" cause our patrons, every possible precaution is taken to prevent them. It will help us to give you better service if, when a "Cut Off" does occur, you will follow the suggestion made above.

AUTOMOBILE ACCIDENT

What might have been a serious accident occured Sunday night about 8.30 o'clock, near Starkey's Corner, when Elmer M. Starr, of Pomona, driving a Patterson car, accompanied by his wife, mother and three sisters, were returning from visiting a sick relative in Cambridge. A large car in meeting on a curve cut across too near and caught Mr. Starr square on the hub, breaking the hub off, turning him into a bank and throwing his mother about ten feet over on the bank. An eye witness said the other car halted and looked back, then drove on. He tried to stop them but failed, and they carried no tail light, so his number could not be gotten. Help arrived at once, but no one was found hurt except Mrs. Starr. Mr. Price, of near Chestertown, took her to Church Hill where Dr. Dudley gave her treatment, finding only a bruised head and neck and a general shaking up, from which she recovered in a few days. Their escape was miraculous and only for the car being low built and heavy prevented it turning over in the road and hurting or killing some one as Mr. Starr was running at 28 miles an hour and a light car would have overturned. Mr. McClintock, of Pomona, was called for and came after the folks, getting them home about midnight.

The New Studebaker Special-Six Touring Car

Before you buy any car, see the STUDEBAKER 1924 MODELS

Studebaker presents its complete line of 1924 models, announced a week ago, with the conviction that they will increase the prestige of the name Studebaker which, for 71 years, has stood for the best in transportation, quality and value of product.

Into these 1924 cars are built every proved feature in design that makes for the comfort, convenience and safety of passengers, and many refinements that further enhance the value of a line of cars already highly perfected.

It is common knowledge in the steel industry that Studebaker uses only the highest grades of the finest steels. And the same is true of the electrical equipment, instruments, bearings, batteries, upholstery, finishing paints, tires and accessories used in Studebaker cars.

It is equally well known that Studebaker, with $90,000,000 of actual net assets, including $45,000,000 of plant facilities, is unsurpassed in ability and resources to manufacture economically and give maximum intrinsic value for a given price.

Produced under these favorable conditions, the 1924 Studebakers are distinctly the finest cars and greatest values Studebaker ever offered.

These are not careless statements. They are facts that reflect the honesty and integrity of the manufacturer and its product just as they do the truth of Studebaker advertising.

The public has placed its confidence in Studebaker by accepting these facts, supported by the performance of Studebaker cars in owners' use. That's why Studebaker *sales for the past six years have increased progressively each year* and sales for the first six months of 1923 of 81,880 cars broke all six months' records.

Studebaker never cheapens quality to meet competition. The name Studebaker stands for satisfaction and service.
