## CHESTERTOWN BOYS AT SAUNDERS RANGE

About thirty members of the Medical Detachment, First Infantry, Md. National Guard, left Chestertown last Saturday morning under command of Major Frank B. Hines and Lientenant Franklin, for Saunders Range. They report having a fine time.

The Chestertown boys are making a good record at camp. The whole regiment is going to Camp Meade next Tuesday to give a demonstration. The work of a medical regiment in battle will be shown and is given for the benefit of the reserve officers of the 79th Division.

The One Hundred and Fourth Regiment will leave Saunders Range on Tuesday morning and move into a position at Camp Meade, from which they will be summoned to aid a "Red Army," moving from Washington, which will meet a "Blue Army," moving from Baltimore.

The One Hundred and Fourth Medical Regiment was reviewed Thursday by Col. Frederick Vinup, commander of the regiment, and his staff.

The First Regiment, Maryland National Guard, will be reviewed Saturday by Col. D. John Markey, commander of the regiment, and his staff of which Major Frank B. Hines, of Chestertown, is a member.

All the officers are doing fine and the cook is serving wonderful meals.

Governor's day will take place next Friday when Governor Ritchie will be present.

## Crabs, Fish and Oysters

By SENATOR WM. F. RUSSELL

A large and industrious class of our fellow-citizens, at much personal risk and expense, find in our rivers and bays the means of a livelihood for themselves and their families. The people to whom I refer are engaged in crabbing, fishing and oystering. They are not only entitled to a living, but deserve the opportunity to achieve a substantial prosperity. They should not be disturbed in the proper exercise of their long-recognized and time-honored privileges. If renominated and elected I promise to safe-guard their rights and their interests.

The oyster is one of our most important natural products. Our county and State, however, do not produce the oysters that they did years ago, and something should be done to revive this languishing industry. I do not know the real causes of depletion, nor how to control them; but I am pleased to hear that a State-wide movement is on foot to preserve our oyster beds and get them back into their former prolific condition. In a word I am in favor of such legislation and regulations that our oystermen, in their experience and wisdom, may suggest and recommend.

## Fisherman's Luck on The Pennsylvania

The Hall Mark of Service

FISHING IS GOOD AND SPORT A-PLENTY AWAITS YOU AT THE NEW JERSEY COAST RESORTS

If Izaak Walton were alive, he might still love to rest by the side of the peaceful brook in quest of the sport his gentle nature loved so well, but his modern followers, seeking the thrill which only the true fisherman understands, of landing the gamey fish of the sea, find at the resorts along the Jersey Coast ideal spots and unexcelled facilities for fishing, where fish abound.

WHERE THE FISH AWAIT YOU

ATLANTIC CITY, WILDWOOD, ANGLESEA, CAPE MAY, STONE HARBOR, CORSONS INLET, BEACH HAVEN, LONG BRANCH, BARNEGAT PIER, OCEAN CITY, SOMMER'S POINT, SEASIDE PARK, SEASIDE HEIGHTS, BELMAR, ASBURY PARK, BAY HEAD

With their bays and inlets and fishing grounds, the Shrewsbury, Shark and Delaware Rivers, the great wide Barnegat Bay, Little Egg Harbor, Grassy Sound, Hereford Inlet, Townsend Inlet, the fishing banks out at sea and the many fishing piers along the coast, all combine to present a piscatorial paradise.

BURNISH UP YOUR FISHING TACKLE.

Forget your cares and worries and enjoy a day of royal sport.

THE FISH AWAIT YOU! THE JERSEY COAST INVITES YOU! SELECT YOUR BAIT! TAKE YOUR CHOICE!

WEAK FISH, FLOUNDERS, SEA BASS, KING FISH, BLUE FISH, CROAKERS, CAPE MAY GOODIES, SHEEPSHEAD

A sail on the sea, a boon companion with you, a care-free day or week-end vacation with rod and reel—what more could be desired?

GO WHERE THE FISHING IS GOOD.

Ticket agents will supply needful information as to fares and time of trains.

## HOT AND COLD

In days that are hot prepare for days that will be cold. This is not a command. It is just plain common sense. Animals do this. In summer they get ready for winter. Why shouldn't man do the same? He should. But he likes to put off until tomorrow the thing he knows he should have done yesterday.

Don't wait. Now is the time to have your heating plant put in order—gotten ready for the first cold day.

To wait will not make the cost less. Chances are a wait will make the job cost more. The first cold snap will bring a rush of orders. The rush will mean busy days, overtime, a line of waiting customers.

Don't wait. Many Fall colds are caught on chilly days while the family's waiting around for a heating plant to be fixed. Colds cost time and money—more time and more money than you will have to pay to put your heating plant in order.

Wait for the cold days if you want to. But, as sure as you're alive, you will then have to pay in money, in medicine, in suffering, in discomfort.

"Do it now" is the only way to protect your family.

## HEARN MOTOR OILS

*Are Uniform and Dependable because they are tested before they are sold*

A test to which each grade of Hearn Motor Oil is subjected before it is offered for sale is the Acid and Alkali Test. YOU can make this test if you desire, for it requires neither instruments nor technical knowledge.

A small quantity of motor oil is mixed with six times as much denatured alcohol. In applying some of this mixture to blue litmus paper, should the litmus paper turn red, the presence of acid in the oil would be indicated. If you apply the same mixture to red litmus paper, and the paper should turn blue this would indicate the presence of alkali.

Each grade of Hearn motor oil is subjected to this test to detect whether it contains any acid or alkali, for the presence of either in a motor oil interferes with its maintaining the proper film on frictional surfaces; as a result metal rubs on metal and you have scored cylinders and worn bearings. The acid or alkali corrodes the metal parts of the motor and carbon forms more quickly and in greater quantity.

There are six grades of Hearn motor oil prepared to meet all requirements. You can secure the proper grade for your car for this season of the year.

There is a Hearn filling station convenient to you. The man at that station knows, and he will see that you get the correct grade of oil for your car.

*Hearn "Y" Motor Oil* is specially prepared for use in most makes of cars all-the-year-around.

*Hearnoleum Products* The Hearn Oil Company manufactures tractor oils, greases and fuel oil.

*Hearn Gasoline is reliable* When you buy Hearn Gasoline, you get a gasoline that has been rigidly tested before it is offered for sale. It is tested for ready vaporization, power, purity, mileage, uniformity and non-carbonizing qualities.

USE HEARN GASOLINE AND MOTOR OILS and you will get maximum service from your motor.
