MRS. COFFMAN ILL SEVEN YEARS

Saved from an Operation by Lydia E. Pinkham's Vegetable Compound

Sidell, Ill.—"I was a nervous wreck. I was suffering from a pain in my left side, which was almost unbearable, and I could not even let the bed clothing rest on my body at night. I had been sick for seven years, but not so bad until the last eighteen months, and had become so run-down that I cared for nobody, and would rather have died than live. I couldn't do my work without help, and the doctors told me that an operation was all there was left. I would not consent to that, so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house, and when my two little girls reach womanhood I intend to teach them to take it. I am never too busy to tell some suffering sister of my help, and you can use my name and letter to spread the good news of Lydia E. Pinkham's medicines."

TELEPHONE "STARS."

Telephone employees in all parts of Maryland are proudly wearing gold service emblems, awarded by the Chesapeake & Potomac Telephone Company as significent of their years of service in the Bell family.

More than 100 designs for emblems were submitted by employees and from them 12 were selected as the best. An expert designer picked the best qualities of these 12 and and designed a button which has in the center an eagle, the official emblem of the United States. The eagle is holding the Bell which all over the country represents Bell system, and it is standing upon the cross-arm of a toll line, a representation of nation-wide service. The name of the Chesapeake & Potomac Telephone Company appears on the circular edge of the button.

Every man and woman in the company with five or more years of service received one. The general design is the same for all but they have distinctive marks denoting years of service. A button having one star at the bottom denotes from five to nine years; two stars, from 10 to 14 years; three stars, 15 to 19 years, and four stars, 20 to 24 years. A button having a ruby setting in place of the stars denotes that the wearer has had from 25 to 34 years of service and a diamond button represents 35 or more years of service. Of the 3474 employees in the State of Maryland, 1405 received a button. A total of 35 ruby buttons and 11 diamond buttons were presented to employees. Augustus Clark of the Baltimore Plant Department has the longest record of any employee in the C & P territory with 44 years of service and it is believed the longest of any employee in the Bell System.

In computing eligibility for medals, the employee's record of service in other Bell System companies, if any, is counted, provided that the service has been continuous. An emblem is given to each employee as he or she becomes eligible. Every employee wearing one of these emblems does, by reason of the design which it contains, give testimony to his or her service and loyalty to the Company and the public which it serves.

Among the local employes who have received the above recognition are Superintendent Robert Harris 2; George Chairs 3; E. M. Sellick 1; Miss Ella Hicks 1; Miss Helen P. Collins 1.

A PLEA FOR THE FARMER AND MERCHANT

Messrs. Editors Kent News:

We are glad to know the time is coming that the farmer will have something to say about what he shall pay and receive for his crops, poultry and eggs. The Farm Bureau is a good thing and will prove a blessing to many. Our merchants have been complaining of hard times and are just keeping their heads above water and they are just beginning to realize the cause. What business they do is with the modestly well to do, the laboring and poor class of people. But those who are able to buy and pay for any thing they want can keep an expensive car and motor to t store 10 or 12 miles and spend their money with a firm who are perfect strangers and care for nothing but to get their money. And this is done to save just a few pennies and by old friends of these merchants. How can they enjoy the friendsship of the home folks after acting in this way. we are sure they are not happy in so doing. Some of them have earned a good sum. Many have a good business and nice homes but have lost respect for their home town and are among the first to run the town down. Is this what Jesus would do or have they never learned the golden rule, how much happier they would be to do their part at home and not carry a load of neighbors from their home town to spend their money with strangers. Would you like the stores to fail? What would the town be without them.

A KENT COUNTY WOMAN.

TWILIGHT

I know the world will never feel
Disposed to question why
We would our cares too oft conceal,
From those who pass us by.

I realize how few there are
True sympathy extend;
Who could the gates of love unbar
To solace with a friend.

Since Time will cleave the tender ties
Where true affections blend,
I would mine eyes reach to the skies,
And thus to comprehend..

Should I sometime divine the might
Wherein is this command,—
When I'm ordained to see aright,
Perhaps—I'll understand.

Wheat needs a quick start

Liberal use of Royster's Fertilizer insures the quick start that winter wheat needs. It makes the wheat sturdy and vigorous to resist the rigors of winter. It increases the yield and ripens the crop early. Feed your wheat this plant food and learn the difference between fertilizer made to be rich in plant food and fertilizer made from cheap materials to sell at a price without regard to quality.

We are proud of the Royster reputation for successful crops, and anxious that farmers should always use it correctly. Take pains to use the analysis best adapted to your land, and for the protection of your fertilizer investment, insist that it be made by Royster. For advice, or help, write Farm Service Department, F. S. Royster Guano Company, Baltimore, Md.
