Methodist Ministers Refuse to Attend Camp Meetings.—The managers of most of the camp meetings within the bounds of the Wilmington Conference are not at all pleased with the success they have had in securing ministers to attend and take part in the meetings, during summer just passed. A large number of the ministers who heretofore took a very active part at camp meetings were absent this year. This was especially noticeable at Wye. Ministers that have attended the session of this camp for a number of years past refrained from visiting the banks of the Golden Run this year, because the public is admitted to the grounds on Sunday. The Wilmington Conference, on March 22d last, at its session in Chestertown, adopted the following, which was part of the report presented by the committee on Sabbath observance: "Regarding the Sunday camp meeting, which no longer, in these days of many churches, is necessary to give the gospel to the people, but which, on the contrary, seriously decimates and demoralizes the congregations of the churches, and is certainly the scene and occasion of much Sabbath desecration—of traffic, of mere pleasure-seeking and of dreadful and blighting worldliness—we believe the time has come when it is imperative that we should declare our unqualified disapproval and should urge upon camp meeting managers one of three important reforms: First, an entire elimination of the sabbath as one of the days of the camp meeting; second, the holding of services for that day purely for the benefit of the tentholders, but discouraging the attendance of visitors, the ministers setting the example by being in the pulpits of their respective charges, the minister in charge of the camp meeting supplying that pulpit; third, the building of an enclosure about every camp ground, with gates tightly shut, like Jerusalem under Nehemiah's rule, from Saturday night till Monday morning, and disallowing in every instance traffic of any sort for that day. To this end we pledge ourselves that we will not give our presence and services to any camp meeting on the Sabbath that refuse to adopt this needed reform." The above was adopted after a spirited discussion. The Rev. W. L. S. Murray, D. D., and the Rev. S. R. Maxwell protested against its adoption, and declared that they would not pledge themselves not to give their presence and services to a camp meeting that refused to adopt the reform. Furthermore committees were appointed to memorialize the Legislature of the States embraced by the conference to modify the laws which authorize traffic on Sunday at camp meetings. These preachers would not attend the camp because the camp managers refused to adopt the reform recommended by the conference. They think their attendance would be equivalent to countenancing an evil against which the conference has put itself on record.

The subject will no doubt come up again in some form at the next meeting of the Wilmington Conference.

A FEW weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make the first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—*The Banner of Liberty*, Libertytown, Maryland.
