NUMSEN SPEAKS

Before the Chestertown Club Tuesday Evening—Capt. Atkinson Makes His Debut.

Odd Fellows Hall was again crowded Tuesday evening with sturdy Democrats who were sent away enthused by the elegant speeches heard. City Register Numsen, of Baltimore, made the address of the evening. Mr. Numsen is the manager of the packing house in Chestertown and is well-known here as a business man of sound judgment and experience, so that every word he uttered was heartily received. To give a part of his speech would be an injustice. It was a plain, sensible, convincing address, argumentative and practical. He illustrated his remarks with amusing incidents and was often interrupted by hearty applause. He tore the arguments of the Republicans into shreds, his special topics being the Protective Tarriff, National Honor, Labor and Prosperity. Mr. Numsen is all right and will receive a more hearty welcome, if possible, when he comes again.

Capt. Cecil R. Atkinson, an admirer of Bryan, and earnest worker for his success, addressed the club for about twenty minutes dwelling especially upon the coal trust and its injustice toward the miners.

The club named the following committee to act with the county executive committee for the big mass meeting Tuesday: L. W. Wickes, Esq, Thos. D. France, Thos. S. Bordley, Wm. H. Ford, Eben F. Perkins, Jr.

Mr. Albertsen left for his home in Illinois on Wednesday.

BRYAN AND ROOSEVELT MEET.

Joke Each Other Just a Little at Alton, Ill.

[Special Dispatch to the Baltimore Sun.]

EAST ST. LOUIS, ILL., Oct. 8.—Messrs. Bryan and Roosevelt shook hands across the political chasm tonight at Alton. Their private cars came alongside in the yards. Each stepped upon the platform and recognized the other at once.

"Hello," said Roosevelt, thrusting forth his hand.

"Hello," quoth Bryan, grasping the extended hand. "How is your voice?"

"It's rough as the Populist platform. How is yours, Colonol Bryan?" laughed Roosevelt.

"Mine is as broken as Republican promises," retorted the Nebraskan, laughing, too.

Then everybody laughed and cheered, the Democrats with Bryan shouting "Hurrah" for him, and Roosevelt followers yelling for McKinley. The meeting wholly by chance was as cheerfull as it was picturesque.

The Bryan special train stood on a sidetrack to let the Roosevelt special pass. As the trains came alongside each other a stop of several minutes was made.

BECK, WALKER & BROWN,

Fertilizer Manufacturers,

offer to the farmers of Kent county their well-known brands of WHEAT FERTILIZERS. During the past eight years nearly one-fourth of the toal wheat raised in Kent county was grown with the following brands of Fertilizers. A number of the largest crops and best wheat yields have been from these goods. These facts should be a sufficient recommendation of their reliability.

TRUSTWORTHY—

An absolutely Pure Bone Phosphate. Any one wishing to use an absolutely Pure Bone Goods, cannot do better than to use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR—

A Pure Bone and Mineral Phosphate, testing high in Ammonia, Phosphoric Acid and Potash. We have found this brand very popular with those wishing to use a High Grade complete Fertilizer, but unwilling to pay the price of pure bone goods. We can confidently recommend this brand.

TRY ME—

A COMPLETE FERTILIZER.

We introduced this brand seven years ago to meet the low price of wheat. It is a mixture of the very best Phosphates and High Grade Sulphate of Potash, tests very high in both soluble and insoluble phosphoric acid and potash. It contains sufficient ammonia to give the crop a good start, is absolutely free from anything that can sour or injure the land. It is more durable than any cheap phosphate and will not give out before the crop matures. During the past seven years more wheat has been grown with these goods in Kent county than with any brand of goods ever used here. Every one who has used these goods acknowledge that they drill better and more satisfactorily than anything they have ever tried.

We are also prepared to put up SPECIAL MIXTURES with highest grade of goods at lowest possible prices.

We do an entirely local trade, confined to Kent and Queen Aune's counties, employ no agents or traveling salesmen, but deal direct with the farmer, thereby saving considerable expense to the consumer. It is therefore as much to our interest as it is to theirs for us to give our customers first-class goods and full value for their money. Our goods are compounded on the latest scientific principles and are manufactured under the personal supervision of Mr. P. B. HOLLIS, who is well known as an experienced agricultural chemist. Their mechanical condition is as near perfect as possible, and we guarantee all our goods to be in perfect drilling order.

We sell at the lowest possible price, and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our Place of business is in the KENT NEWS BUILDING, where we will be pleased to see any who may call.
