could be taken onboard in 24 hours, Mr Thompson hopes as he has not heard from You, since Tuesday, another Craft has been procured, & you have not suffered any Inconvenience, But should it be otherwise, & the Circumstances his Skipper told him turn out false, he will send immediately off for the wheat. The damaged Pots of Tob.o shall be sent ye first opportunity —

The action under Mr Chalmers Care stands thus; The defendant taken & Bail given last Court —

The Suit ag.t John Hammond Dorsey after 3 d Non Est. appears to have gone off the Docket Nov.r 1772, the writ not being renewed, nor an Attachment taken out — Capt. Nicholson going away so suddenly leaves me no Time to get the Rates of Storage. You shall have them ye next opportunity. I am D.r Sir Your very Obl.d Serv.t

Dear Sir

Baltimore 23 December 1773

Not hearing from You since I wrote you last week from Annapolis, I have hired a Boat to bring over what Goods you had in the Isabella, & also 61 Bags Salt, which I suppose will contain at the Quantity of Bushels you wanted; be pleased to sort them, measure them & give me C.t for the Quantity, The price will be 2/3, that's what it would sell for very readily here.

I agreed with the Boatsmen for £4,10 Freight, out of which you must deduct 4 dollars for the four Servants that come over in the Boat, 2 of which belong to Mr Carmichael & he has hired & the other 2 for Mr Bradshaw; his Assignment you have inclosed & the price is £2,10, with which I charge you — The Parcels marked T S are for Mr Smyth and ought to pay some Freight — I find I shall not be able to procure a Load of Tobacco for the Isabella & therefore have resolved to charter her — You may give the Skipper of the Boat an order on me for the passage of three of the men, the fourth Mr Bradsha must pay for. I am Dear Sir Your Hum.e Serv.t
