$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay $500 in cash for any case of these diseases which he cannot cure.

It STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressingly common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of $500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, *insist* on having Dr. Pierce's Favorite Prescription and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is backed by those willing to forfeit $500 if they cannot cure you.

In cases attended by a leucorrheal drain a solution of Dr. Pierce's Lotion Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to any address, on receipt of 25 cents in stamps. Send 31 cents in stamps for Dr. Pierce's Common Sense Medical Adviser. Address WORLD'S DISPENSARY, Buffalo, N. Y.

Weak and sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pellets cure biliousness.

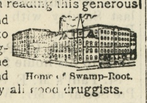
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1902.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent. better.
S. P. BROCKINGTON.

WALL PAPER HINTS.

BE SURE you get the best workmen to do your Papering. We are not here for only one season, but intend to serve the public in the future as we have in the past. If you desire first-class work and honest prices, we will be glad to add you to our long list of customers. Remember, there is nothing in the Wall Paper line but what we furnish. Call at the store of W. H. WADDELL, UPTOWN, and look at our stock, get prices and leave orders.

W. W. NEEDLES,
PAPER-HANGER.

HAMAN OYSTER BILL

The Haman Oyster Bill was introduced in the Senate by Mr. Robinson, and from present indications the bill has a fair chance to pass both houses this session. The bill has been talked of and printed so often that its main provisions—that of the state leasing the oyster beds for sums of money to the oystermen—is pretty generally known in all parts of the state. The Haman Road Bill, which is almost a part of the Oyster Bill—that of the state applying the money from the leases and the shells to the road of the state—has also been introduced. Mr. B. Howard Haman, of Baltimore, the father of the bills, was in Annapolis.

Disfranchising Bill.

Attorney General Bryan's bill providing for a constitutional amendment on the line of the elective franchise has been introduced by Mr. Gill in the Senate. This bill, like the Wilson bill, contains the grandfather clause, but its other features are different, namely, a person before being entitled to vote shall be able to read and write correctly on dictation any section of the Constitution of Maryland, or he shall have paid for the proceeding years, state and county or city taxes amounting to at least $1 for each year. Provided that any person who was entitled to vote in one of the states in the United States on January 1, 1868, or at sometime prior thereto, or until the year 1916, any person who is a legitimate lineal descendant of some person who was entitled to vote in one of the states of the United States on January 1, 1868, or at sometime prior thereto, shall be entitled to vote, whether he possesses the above prescribed property or educational qualifications or not. No property or educational qualifications shall be required of persons entitled to vote in one of the states of the United States prior to Jan. 1, 1868, or before the year 1916, of any lineal descendants of such persons.

This bill does not leave it to the discretion of the judges of registration as to whether a man can properly read any part of the Constitution as does the Wilson bill.

Another important bill introduced in the Senate was that to amend the General Election Law, the general features of which provide for squares opposite the name of the candidate sufficiently large for a voter to make an X without going beyond the lines of the square. Another feature is that where two candidates for the same office are voted for on a single ballot shall not be thrown out, but merely the marks opposite the two such candidates shall not be counted, and the balance of the ticket, if proper, will be counted. The judges, whenever possible, are to consider the intention of the voter in marking his ballot, is another provision in the bill.

The judges of election are also to reject any ballots which are deceitfully folded together or which it is apparent from their appearance were intentionally marked for the purpose of identification.

These amendments are in line with the suggestions advocated by Governor Warfield and Attorney General Bryan while stumping the state last fall.

The main design of the amendments is to enable judges of election to take into consideration the intention of the voter in marking his ballot.

DEMAND FOR TOMATOES.

City canned goods brokers say that the outlook for the coming season for tomatoes is excellent, and that there promises to be a big demand for all sorts of stock in the next two years. This is attributed to the threatening war clouds in the far East, and the increased demands for canned stock in Uncle Sam's new possessions and in Cuba.

In Baltimore prices were quoted at the close at 60 cents net cash to 62½ cents regular. The spot market, however, is dull, and it is believed that 60-cent buyers would take hold of goods were they the full standard quality.

Speaking of the market to an American reporter, a canned goods broker said:

The situation, from the point of view of the packer and grower, is less encouraging. Both these interests have made little profit this season, and this fact is bound to have its influence on the future. The growers are very much discouraged, and predictions are freely made that the acreage this coming season will be considerably smaller than last year. From my knowlege of the situation in Maryland and Virginia, I feel safe in forecasting a one-third smaller acreage than was planted last season. Growers are also claiming that they cannot afford to grow tomatoes at less than $7 per ton, and I understand that many of them have declined to make contracts at less than $8 per ton, delivered at the factory. On the basis of $7 per ton delivered at the factory the actual cost to the packer for the canned product is 65c per dozen three-pound cans. This price is actually 2½ cents per dozen above the present market at factory points.

The New Jersey growers are holding out for $10 per ton, which means that packers will have to open prices at 90 cents or more per dozen on standard 3s if they expect to get out even. On the terms mentioned there is little contracting between packers and growers, the former preferring to take their chances in the open market during the packing season.

Stewart & Jarrell, Hillsboro, are now contracting with growers of corn and tomatoes for this season's delivery. They are offering $9 per ton for corn and $7 for tomatoes.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

CASTORIA

for Infants and Children.

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance.
