MARYLAND RUSSELL

No 9751.

16-HAND BAY STALLION.
TROTTING TRIAL 2.40.

Will make the season beginning March 20. Maryland Russell is the best bred big horse in this section. His colts are good sized, good looking and good disposed, and his sire, Mambrino Russell, is one of the greatest trotting progenitors, and was the son of Miss Russell, dam of Maud S., 2 08¾, and six others in 2.30.

His dam, Marina, is the dam of Ollie, 2 24; Muggins, 2 25½; and grandam of Cavatina, 2.13¾, and Baron de Shay, 2.08¾, which goes to show that Maryland Russell not only has speed but inherits the ability to transmit it.

TERMS.—$15 00 to insure; $10.00 season; $5.00 single service.

THE LADIES favor painting their churches, and therefore we urge every Minister to remember we give a liberal quantity of the Longman & Martinez Paint toward the painting.

Wears and covers like gold.

Don't pay $1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it.

8 & 6 makes 14, therefore when you want fourteen gallons of paint, buy only eight of L. & M., and mix six gallons pure Linseed Oil with it, and thus get paint at less than $1.20 per gallon.

Many houses are well painted with four gallons of L & M. and three gallons of linseed oil mixed therewith.

These Celebrated Paints are sold by F. H. Harper & Son, Still Pond; J. W. Ivens, Worton, Md., and Smith & Graham, Chestertown, Md.

TOUR TO THE PACIFIC COAST AND GRAND CANYON.

Rate, $105.

Via Pennsylvania Railroad, Account General Conference, Methodist Episcopal Church.

On account of the General Conference of the Methodist Episcopal Church, to be held at Los Angeles, Cal., beginning May 3, the Pennsylvania Railroad Company will run a personally-conducted tour to Los Angeles, visiting the Grand Canyon of Arizona en route, at unusually low rates. A special train of the highest grade Pullman equipment will leave New York, Philadelphia, and Pittsburg on Wednesday, April 27, running via Chicago and the Santa Fe Route to the Grand Canyon. Sunday will be spent at this wonderful place, and Los Angeles will be reached on the evening of May 2. Round-trip tickets, including transportation, one double berth, and meals on special train going; and transportation only returning on regular trains via direct routes or via San Francisco, will be sold at rate of $105 from New York, $105 from Philadelphia, Baltimore, and Washington, and $100 from Pittsburg. Tickets will be good to return at any time before June 30. Tourists returning via St. Louis may stop off for ten days to visit the World's Fair, by depositing ticket and paying $1 00 fee. A descriptive itinerary will be sent on application to Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia, Pa.

Local Notes.

Sample Road.—A. N. Brown, for committee on permanent highways, reported that he had arranged for a meeting with both the Levy Court of Kent co., Del., and Del. Highway Commission this week. The petition of this grange to the Levy Court and the Highway Commission is for the building of the road leading from Wyoming to Odd Fellows' cemetery a distance of 1 1-4 miles more or less, the road to be built of crushed stone, not less than 12 feet wide and at a cost not to exceed $3,000 per mile. The object sought for is to have this initial road constructed at a cost within the reach of the people of Delaware. It is known that the people of lower Delaware are just as anxious for improved roads as are the people of Northern Delaware, but roads costing from $7,000 to $9,000 per mile is beyond their ability, and they, therefore want a sample road built at the lowest cost possible and its utility tested before entering upon the general improvement of the public roads. Doubtless the citizens of Delaware will watch this effort with very great interest.

Eggs Explode and Kill Hens.—A most remarkable story, vouched for by respectable people, comes from New Kent county, Virginia. W. P. Tunstall, who conducts a large hennery, found several of his fowls dead with their bodies badly multilated. While investigating the cause he heard a muffled explosion and saw a hen fall from her nest torn and bleeding. Looking into the matter further, he ascertained that the explosion was due to the fowls setting on frozen eggs, which when they became warm, exploded with deadly effect. According to Mr. Tunstall, the bodies of the dead fowls had pieces of eggshell all through them where they were blown by the force of the explosions.

High Priced Potatoes—United States Consul C. N. Daniels, at Sheffield, England, has reported to the Department of Commerce and Labor upon some remarkably high-priced varieties of potatoes. He says that there seems to be a fairly good price for potatoes of any sort, and the other day one pound of Eldorado potatoes brought $487. Even this price was eclipsed at the Smithfield show, when a firm of York potato merchants sold four pounds of Eldorados at the rate of $728 per pound. This is reckoned to be $1,035,144 per ton, or about thrice their weight in gold.

LEFT FOR JERUSALEM.

Rev. F. H. Mullineaux, pastor of the Methodist Protestant Church, on Kent Island, left for Jerusalem on Tuesday of last week as a delegate to the world's fourth Sunday school convention from the Maryland Sunday School Union, Concerning his coming trip Mr. Mullineaux said: "Ever since the year of my ordination to elder's orders—1876—in the city of Lynchburg, at which time I received the handsome premium offered to the most successful contestant in a competitive examination on the physical, political, geographical and typographical history of the lands of the Bible, with map drawing, I have had a longing desire to visit those lands made sacred by the walks and works of the blessed Jesus and His apostles. As the years have gone by the desire to go to the holy land has increased, and I look forward to my coming trip with the keenest pleasure." During Mr. Mullineaux's absence his charge will be looked after by Rev. Dr. F. T. Tagg, editor of the Methodist Protestant. Either Dr. Tagg or Mr. E. Linwood Thomas, the conference delegate from Kent Island charge, will present Mr. Mullineaux's report to that body, for he will be absent during the meeting of the conference. He expects to reach home by May 18th.

Interesting Sequel to the Wickes Case.—On Monday of last week argument was heard before the Circuit Court at Elkton, Maryland, in regard to two interesting points.

Mr. Charles J. Bonaparte, of Baltimore city, who represented Miss Willie Wickes in her litigation, which the lower Court of Appeals decided adversely to her, argued that a fee for him should be paid out of the whole estate so that all the heirs should compensate him for the work done for Miss Willie Wickes. His point was held under advisement.

Mr. Frederick W. Story, in behalf of Mr. James W. Stevens, purchaser, argued that the purchaser should not pay interests claiming that the farm had been involved in litigation all the while, although the fact appeared that Mr. Stevens had received rent for the farm during part of the year of 1902 and had possession during the entire year of 1903. The Court reserved its decision on this point.

Mr. James P. Gorter resisted the claims made by Mr. Bonaparte and Mr. Story, Mr. Gorter appearing for Robert Wickes and the other heirs who opposed the litigations instituted by Miss Willie Wickes.

TRADE MARK

THE leading farmers and canners through Pennsylvania, New Jersey, Delaware and Maryland speak in their praise, declaring them to be positively the *cheapest*, the *safest*, the *best*, to use. Once a trial, always a patron. Wouldn't it be a good idea for you to try them?

FOR HAY—

Top dress your grass this month. We have a goods that works wonders for this purpose. Try it and the cost per acre will cost less than you imagine.

ASPARAGUS—

Are you going to do anything to it this spring? If so, we have the goods. It has Nitrate of Soda and Fish as the source of ammonia, and runs high in Potash and Phosphoric Acid. Some of the finest asparagus grown in the county is with this goods. Ask Mr. James Bell, Mr. Klinefelter and Mr. Crew what it did for them.

PEACH TREES—

It looks now as though we were going to have a crop of fruit, and as many orchards have been dug up don't you think it would be a good idea to feed your trees with our Fruit Grower, as it has given such universal satisfaction? Then, too, it will only cost you about two cents per tree to dress them with this goods. We have scores of testimonials concerning it.

POTATOES—

Mr. John C. Turner, of Millington, writes voluntarily under date of Dec. 1, 1903: "On July 16th I planted some late potatoes, using your potato manure, one bushel on a piece of ground 624 feet long and 14 feet wide, about one-sixth of an acre. The vines grew vigorously, were dark green, and at first thought they were going to vine; but soon found the potatoes were making, and I dug 60½ bushels off that patch of ground, or about 400 bus. per acre. I also used it on my early ones, and they were the finest I ever raised. Brought 5 cents more per basket than any sold in our market. I shall certainly want more this spring."

FOR CORN—

You fertilize your wheat, why not your corn? It will pay. We have many customers who use it year after year. Such gentlemen as I. R. Leaverton use it annually, and farmers like Ham L. Crew have used it for 10 or 12 years, and J. Alfred Bramble says it pays him handsomely. And where will you find better or more successful farmers than these gentlemen?

We have one man in Delaware already ordered 70 tons. We have two more in Maryland who have their orders booked now for 20 tons each, and so on we could give them to you by the score.

FOR TOMATOES—

Well, you have heard about our Peerless. Mr. Jacob Shriley says it is the best goods he ever saw for tomatoes. Mr. Stewart Graham writes where Peerless went alongside another goods; one looked like manured and the other as if it had none, and that Peerless yielded over one-third more tomatoes.

Mr. B. H. Moore writes: "I used Peerless on 2 acres, sold 27½ tons at 12 cts. per basket; netted me $198.40" D. F. Loose says one ton netted him $96.00 more than another ton of $18.00 goods alongside. C R. Dashiel says he would have it if it cost $50.00 per ton. Smith, Rouse & Webster, the great canners, say they never heard of goods spoken of more highly. We can furnish hundreds of testimonials. Many have told us their yield from it was four and five tons more per acre.

☞Now, if you want to sow OATS or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK, or want anything in the FERTILIZER line, please call on or correspond with us before making your purchases.

Very truly yours,

WILBUR W. HUBBARD,

LA GRIPPE—PNEUMONIA

So many people who have apparently recovered from an attack of *La Grippe* are stricken with *Pneumonia.* This is due to the fact that the Bronchial Tubes and Lungs are left weakened and unable to resist disease.

FOLEY'S HONEY AND TAR

not only cures *La Grippe Coughs,* and prevents *Pneumonia,* but strengthens the Lungs so they will not be susceptible to the development of serious lung troubles. Do not take chances with some unknown preparation that may contain some harmful drug when FOLEY'S HONEY AND TAR costs you no more and is safe and sure. Contains no opiates.

I had a bad case of La Grippe about ten years ago which left my Lungs so weak that I have been troubled more or less every winter since until I used FOLEY'S HONEY AND TAR, which cured me completely and my Lungs no longer trouble me.—J. H. BROWNING, D.D.S., Orrick, Mo.

G. VACHER, 157 Osgood St., Chicago, says: "My wife had a very severe case of La Grippe, and it left her with a very bad cough. She tried a bottle of FOLEY'S HONEY AND TAR and it gave immediate relief."

The 50c bottles contain two and one-half times as much as the small size and the $1.00 bottles almost six times as much.
