TOLCHESTER'S BREEZY SHORE.

MELODY, "DOWN ON THE FARM."
By Sol Smith.

If you want to have some fun,
Take the boat and make a run,
Across the bay at old Tolchester's breezy Shore;
There kind treatment you will meet,
There those famous meals you eat,
There your constitutions all restore,
Amusements great and small,
Provided there for all,
From youngest child, to persons of three score;
Its name is well kept up
There's no intoxicating cup
Across the bay at old Tolchester's breezy shore.

That palace boat Louise,
Guarantees us all a breeze,
No matter how the sun's hot rays may still the air;
The trees have large growth made,
So there's ne'er a lack of shade,
While fragrant flowers bloom in beauty here and there.
It makes you sleep at night,
It gives an appetite,
There stout men eat, and smoke, and sleep, and snore;
The children eat and play,
And fat women eat all day,
Across the bay at old Tolchester's breezy shore.

What a monument of praise,
Friend Eliason did raise,
In building for his guests so well arranged hotel;
And deny it no one can,
That Ned Noland is the man,
To manage men and feed the crowd, and piesse them well,
Friend Potts is not so slow,
As all the people know,
For he has "been there" several times before.
He knows a thing or two,
Every year has something new,
Across the bay at old Tolchester's breezy shore.

The Kent and Queen Anne's Fair,
Every summer is held there,
And has become a feature of this grand old place.
The cycler there is found,
In dead earnest spinning round,
Trying hard to beat his shadow in the race.
Don't miss that midget train,
You may ne'er have chance again,
And see the Sultan's palace of Johore.
You'll the girls of fashion find
With their skirts held tight behind
Across the bay at old Tolchester's breezy shore.

CONUNDRUMS.

What is the longest word in the language? "Smiles," because there is a mile between the first and last letters.

When is a school-boy like a postage-stamp? When he is licked and put in a corner to make him stick to his letters.

Why was Goliath surprised when David struck him with a stone? Because such a thing never entered his head before.

What is the characteristic of a watch? Modesty; as it keeps its hands before its face and runs down its own works.

Why are ladies' eyes like persons remote from one another? Because although they correspond, they never meet.

Why are potatoes and corn like certain sinners of old? Because having eyes they see not, having ears they hear not.

Why were the brokers in the panic of 1876 like Pharoah's daughter? They saved a little prophet from the rushes on the bank.

What is the difference between an engine-driver and a schoolmaster? One minds the train and the other trains the mind.

Why did Lady Wellesley do a very unlady-like act when she married the late Lord Regland? Because she turned a "Somerset."

What is the difference between a light in a cave and a dance in an inn? One is a taper in a cavern, the other a caper in a tavern.

Why is Buckingham Palace the cheapest piece of property in England? Because it was bought for a crown and kept up for a sovereign.

What is the difference between a man going up stairs and one looking up? One is stepping up the stairs, the other staring up the steps.

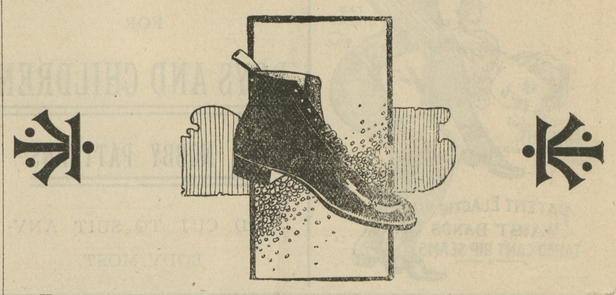
HOW ABOUT SHOES?



Have you an extra pair to give relief to the feet by changing off?

OUR PRICES FOR SHOES are so low that you can be the possessor of many pairs—not of shopworn or out of date footwear, but of stylish, well-made, handsome shoes. My line of spring and summer footwear is now very complete, consisting of Men's Ladies' and Children's Shoes and Oxford Ties, in all the new shapes and kinds of stock. Russia Calf, Pat Leather, Vici Kid and an inspection of them will convince you that you can do as well to buy your Shoes of me as in the city, both as to quality and price, and in doing so you will encourage home industry. We sell nothing but Standard makes. No auction goods sold from this store, but good goods at a small margin of profit is our motto. Come in and take a look before you buy and be convinced. What we want is a large volume of business with small profits rather than a small business at large profits. This is the way we have done the business in the past and hope to do it in the future.

Ladies' Shoes and Oxford Ties from - .50 to $3.50

TO THE TRADE.

After an experience of over 28 years and dilligent study in our business, coupled with the best mechanical devices that could be procured, we now offer you our

Well Known Brands of Fertilizers

and have much pleasure in calling the attention of the intelligent farmer to our unprecedented facilities for supplying the trade this Fall. Never did the agriculturist need more for the money than he does now and notwithstanding the fact that materials have advanced, with our Baltimore connection enabling us to obtain materials at rock bottom prices, we have determined to give you the advantage of it. But the greatest of all is the quality, for we have never heard better results from our goods than this year.

One customer from Dorchester claims to have gotten 53 bushels per acre from our Bone Super.

Another gentleman in Queen Anne's, who bought 104 tons last fall says on one farm he got a fraction over 40 bushels.

Another in Kent 34 bushels or 9 bushels more than from a cheaper goods, he used our Bone Super.

Mr. I. R. Leaverton, a gentleman who used to use Rock Goods says he has found that high grade goods pay him and has placed his order for 45 tons of high grade goods.

Messrs. Wright, McKenney & Lowe, of Centreville, say their men claim for mechanical condition, for action on crops, for a fertilizer that alright in every particular, Hubbard's is the goods and they buy again.

Mr. J. T. Anthony says it has always done well for him and that is why he buys again.

Another party who used 40 tons bulk of it, Hubbard's Bone, says that anybody could tell the difference and so we could g[illegible] for want of space. We therefore say that when you are read[illegible] we would be glad to quote you prices.
