RYDALE'S TONIC

A New Scientific Discovery for the

BLOOD and NERVES.

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infest the blood. It builds up the blood by reconstructing and multiplying the red corpuscles, making the blood rich and red. It restores and stimulates the nerves, causing a full free flow of nerve force throughout the entire nerve system. It speedily cures unstrung nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALE'S TONIC is sold under a positive guarantee.

James Washington, Grace Bowser, Isaac Bowser, Martha Washington, Carrie Thomas, Emery Thomas, Fannie Johnson and Amos Johnson
versus
George Washington and Irene Washington.

In The Circuit Court For Kent County In Equity. No. 1546.

THE object of this bill is to procure a decree for partition of the Real Estate of Henry Washington, colored deceased, among his heirs at law, or if partition cannot be made without loss and injury to the parties entitled that the said Real Estate be sold and the proceeds thereof be devided among the heirs at law.

The bill states that Henry Washington colored deceased, was in his lifetime seized and possessed of certain Real estate situated in Broad Neck in the 7th District, of Kent county, containing six acres of land more or less, improved with a dwelling house.

And the said Henry Washington being so possesed of said Real Estate departed this life sometime in February in the year 1905 intestate—leaving surviving him following heirs viz:—James Washington, Grace Bowser, Martha Washington, Carrie Thomas, Fannie Johnson, George Washington and Irene Washington, whom your orators are advised are his only heirs at law, each being entitled to an individual one seventh part thereof.

And that the said Grace Washington intermarried with a certain Isaac Bowser and the said Carrie Washington intermarried with a certain Emery Thomas, and that Fannie Washington intermarried with a certain Amos Johnson, and that the said George Washington and Irene Washington are infants under the age of 21 years of age.

And the bill states that the said Irene Washington is a non resident of this state and resides in Philadelphia, Penn., and the bill further states that the said George Washington and Irene Washington being infants under the age of 21 years your orators cannot have a valid sale of the said Real Estate without the intervention of this Honorable Court.

And the bill further states that the said Real Estate is not susceptible of division among the heirs at law, without loss and injury to them.

To the end therefore that then a decree may be passed for a partition of the aforesaid Real Estate among the parties entitled, or in case partition cannot be had without loss and injury to them, then that the same may be decreed to be sold and the proceeds thereof destributed to the respective heirs at law.

It is thereupon this 8th day of March 1905, ordered by the Circuit Court for Kent county as a court of Equity that the plaintiffs by causing a copy of this order to be inserted in some newspaper printed and published in Kent county once a week for four successive weeks before the tenth day of April giving notice to the said non resident defendent, Irene Washington, of the ooject and substance of this bill and warning her to appear in person or by solicitor on or before the 28 day of April next, to show cause if any she has why a decree should not be passed as prayed.

The Toilers in Our Factories.

No workmen in the world can do *so much* or use the same intelligence that our own American work-men and women are capable of. That is why America is now beating the world in manufactures; all due to the brain and muscle of our Yankee men and women.

Unfortunately where there is smoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. It is in the factory, the workshop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such disease germs enter into the blood in two ways, either through the lungs or stomach.

After years of experience in an active practice, Dr. R. V. Pierce, of Buffalo, N. Y., discovered a remedy that is a blood-maker and tissue-builder, at the same time alleviates a cough. He called it Dr. Pierce's Golden Medical Discovery—an alterative extract that assists in the digestion and assimilation of the food—so that the blood gets its elements from the products of digestion, the liver at the same time is started into activity and there is perfect elimination of waste matter. The germs of grip, malaria, catarrh or consumption find a fertile field if the body is not kept in perfect order and the blood pure.

Because the stomach is diseased there is a diminution of the red corpuscles of the blood. This is why one is sleepless, languid, nervous and irritable. Sensitive stomachs groan aloud at the irritating cod liver oils, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing else "just as good."

Dr. Pierce's Pleasant Pellets, the best laxative for old and young people. They cure constipation and biliousness.

TOULSON'S HARD LUCK

Massey, Md., Man Robbed And Then Sent To The Workhouse As A Witness.

The experience which has befallen John L. Toulson, a resident of Massey, Md., who came to Wilmington on Monday to take in the sights has proved neither profitable or conductive to a second visit. After arriving there on Monday, Toulson was held up by Geo. Bramble and Howard Meharty and robbed. Before being held up Toulson had over $10 in his posession, but when the highwaymen got through with him all that was left was a return ticket and a few stray nickles. The highwaymen were duly apprehended and held in $1,000 bail each for court. Toulson being a non-resident was held under $50 bail, and being a stranger there and unable to procure bail, he was sent to the county workhouse Tuesday afternoon along with the two highwaymen.

There was a thoughtful expression on Toulson's face before being sent to the workhouse, and on being questioned he said he was trying to figure out why a man had to go to jail for being robbed. He says the next time he comes to Wilmington he will leave his money home.

Going To Oklahoma.—Early in April Mr. John E. Wilson and Mr. James T. Earle, members of the Centreville bar, will leave for Oklahoma, where they will form a corpartnership for the practice of their profession. Mr. Wilson is the only member of the Queen Anne's bar who is a Republican. He came to Centreville from Cecil county and soon became prominently identified with local Republican politics. At one time he was chairman of the Republican State Central Committee and for four years was postmaster of Centreville. In this position he was succeeded by W. Cookman Orrell. Mr. Wilson married Miss Anna Turpin, daughter of ex-Senator William T. P. Turpin, now State Immigration Commissioner.

Mr. James T. Earle is the son of the late James T. Earle, State Senator from Queen Anne's. He is a cousin of Dr. Samuel T. Earle, of Baltimore. He is president of the library company in Centreville and has been an earnest worker, in conjunction with Mr. De Courcy W. Thom, for the establishment and success of that enterprise.

Friction Between Growers and Canners.—Farmers in the tomato growing counties of the Eastern Shore and in Harford where tomatoes are extensively grown are kicking at the prices offered for tomatoes the coming season. Packers are offering from $6.00 to $6.50 a ton as against from $7.00 to $8.00 a ton last year. Farmers say it is impossible to grow tomatoes at a profit at these prices. Messrs. Langrall & Bro, who run the two packing houses at Centreville is contracting with farmers in the neighborhood of Centreville for $7 a ton or 11 cents a basket. This is the largest price yet offered for tomatoes. The packers claim that one-half of last years' pack is on hand and is offered on the market at 60 and 62½ cents a dozen about the cost of putting the fruit in the cans. Packers also state that they are offering futures, that is this years pack for 62½ and 65 cents a dozen, with few purchasers. Caroline packers, it is reported, are offering only $6 a ton for tomatoes. The largest pack ever made in Maryland was in 1902, when 4,000,000 cans of tomatoes, peaches, pears, corn and beans were packed. Harford county stood first and Caroline second on the list in the packing industry. Caroline packed 335,000 cases of vegetables and fruit that year. Canned sweet potatoes is growing annually in popularity and many farmers in the lower counties of the Peninsula will grow sweet potatoes exclusively for the packers.

A PREACHER in Iowa has been unfrocked for sharp practices in horse-trading, one in Delaware has been suspended for gambling, and one in New Jersey is in jail for eloping. It would be quite as rash, however, to infer from these three instances that the hundred and fifty thousand or more ministers in the country are all degenerating morally, as it would be for the clergymen to draw the same deduction about the nation from what they read in the newspapers of crime, intemperance and divorce. But that it was a good many of them are prone to do.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing **Dr. Kilmer & Co., Binghamton, N. Y.**

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

THE people of Cecilton were grieved by the death of two aged citizens: Mrs. Margaret Amanda Price, wife of J. Hyland Price, passed away on Tuesday morning at 2.20 o'clock, aged 73 years. Services were held at the home at 1.30 on Friday interment in Forest cemetery.

Mrs. Catharine Smith whose death occured at 2.50 on Tuesday morning was aged 81 years. Services were held in the M. E. Church on Thursday afternoon at 2 o'clock; interment in Cecilton Cemetery. To add to the general grief, news was received of the untimely death of one of our young men William Shelton, aged 22, of pneumonia, in a hospital in Philadelphia. Funeral services were held at the home of his parents, Mr. and Mrs. William Shelton on Friday afternoon; interment was made in Cecilton Cemetery.

Bad Luck For a Stranger.—A Mr. Ebenhart, wife and eight children reached Centreville a day or two ago from Nebraska for the purpose of locating permanently in that county. Arrangements had been made by the Nebraskan with a real estate dealer there to rent certain property at given figure, but when he arrived he found the deal off and no place to shelter his wife and little ones. He also brought with him his household goods, one horse, three cows and about 200 chickens. Mr. Jas. A. Slaughter kindly loaned him the use of a house, took care of his stock and children and finally secured a place for him in Queenstown.
