here with Wheat & flour — But not one has been to be had, since the Rest of yr Letter — However Some may arrive shortly, If any does, I believe I shall put that measure in Execution. —

I have wrote to Mr Gough agreeable to Mr Rowland Williams Request abt the purchase of the Estate in Glos=tershire, but have not Recd an Answer yet, when I do, I'll acquaint you —

The mate that came out with Capt Delatour left him here the day, he began to take in his Cargo, and as he was Alleged tod isch=arge his second Mate before, [illegible] was necessary to be got, altho' a high price by the Rus, was obliged to be given — the former Mate, upon my giving orders to the Captain not to deliver him his Cloaths or Instruments, this day Submissively begg'd to be per=mitted to go home in the Vessel before the Mast — I say thus much at the Captain's Request, to obviate any thing the other might say to the contrary — From the Ch=ter the Iscampfain — I think him worth less & Drunken — — be kind enough to for=ward the Inclosed Letters for Mr Carmichael & Mr McCall ... please direct the same for Mr McCall To Messrs Stevenson Ran=dolph & Cheston Bristol — Dear Sir Yrs &c.
