PUBLISHERS AND EDITORS.

SATURDAY, MARCH 26, 1910.

"CHRIST is risen from the dead." Let every sad heart today look up unto the hills from whence cometh our help and see in the risen Lord the hope of the resurrection of our loved one.

READER, next Sunday will be Easter. Attend some divine service and show in this manner at least your appreciation of the hope and redemption brought to the world through a risen Saviour! Beautiful and comfortable temples of worship, masterly discourses, fine singing and a cordial welcome. Is there more to be desired?

IN the first election of a member of Congress in Massachusetts since the passage of the Payne-Aldrich tariff bill the Democrats Tuesday carried the Fourteenth District, which has never before chosen a Democrat. Eugene N. Foss, formerly a Republican, received 14,980 votes on the Democratic ticket, as against 9,340 for W. R. Buchanon, Republican. The contest was for the seat of the late William Lovering, who carried the district in 1908 by a plurality of 14,250.

THE NORWICH Board of Control has set apart April 11, 12 and 13 as cleaning up days for the city. Every householder is on those days expected to clean house and yard and put the refuse into the streets that it might be carted away. One day was set aside for cleaning up last spring, but the time proved to be far too short. This is certainly a good idea and may be well imitated by the Kent towns.

As noted elsewhere Joe Cannon has met his waterloo. Why? Because he was a boss in himself not caring for public opinion and riding rough shod over the people. It is indeed a sign of awakened interest of the people in what concerns them. As long as a Boss does what the people desire all goes along smoothly but when public opinion is set aside down comes the Boss. This applies as forcibly to Kent county politics as to national affairs.

IN another column will be found a statement from Hon. Wm. M. Slay giving strong and sufficient reasons why the road engineer for Kent county should not be appointed by the county commissioners. The NEWS is in favor of the plan to remove the roads from politics as far as it is feasible and an engineer named by the Commissioners would not do this. Governor Crothers has had considerable experience with engineers, knows our needs and the object of having him name the engineer, and we feel confident would give Kent county the very best man that can be secured for the salary named. This man would work in harmony with the local authorities and Kent county would witness a marked change in road management and road work.

As to the suggestion that the Court name the official we think is unwise. If for no other reason the fact that in Robey vs. Prince George's Co. 92 Md. 150 and in Beasley vs. Ridout 94 Md. 658, it was shown that the title of an engineer appointed by the Court to his office and to the emoluments might be imperiled. There are other reasons also but this is sufficient. Pass the bill and the matter of appointment of road engineer will be a small matter which the Governor can settle in a short time. Then everybody give their hearty cooperation.

STOPS REBATING PRACTICE

Senators from the counties can score one more point in their favor. Behind their agreement to defeat the traders' license bill, which went to its resting-place on Friday, and which would have been a heavy burden to Baltimore merchants was another agreement that Baltimore merchants should stop the rebating practice inaugurated last fall, by which they refunded railroad fares to shoppers from the country towns, farms and villages. Mr. Price, the Democratic leader in the Senate, and Wm. B. Hurst, president of the Merchants and Manufacturers' Asseciation, of Baltimore, were instrumental in bringing about the agreement.

PUBLIC SALE OF A LARGE

Valuable Farm

THE undersigned will sell at the Middletown Hotel in Middletown, Delaware, on

Thursday, April 14, '10

AT 2 O'CLOCK P. M.,

the farm known as the "DRUMMOND FARM," situated on the Bohemia River, in "Middle Neck," Cecil county, Maryland, containing

400 Acres

more or less, 30 acres of which is set in good Chestnut Timber.

The large 11-room house and outbuildings are all in excellent condition, and the farm is well fenced; there are also two good tenant houses.

This is unquestionably one of the best producing Farms on the Peninsula, is well located and in a high state of cultivation. All farmers living within a radius of ten miles of Middletown will vouch for the truthfulness of the above statement; in fact it would be hard to find a farm containing better soil or producing larger crops, and if you are looking for a good investment you cannot find a better proposition. This farm will average 25 bushels wheat and 60 bushels corn per acre, and the soil has a good clay bottom and will hold any and all improvements put on it. The six large fields have a good natural drainage and there is not a foot of low or springy land on the farm. The corn tillage for this season will be 80 acres.

Will furnish free conveyance from Middletown station to all prospective purchasers any time previous to day of sale. If given due notice. The present tenant, Mr. John W. Redgrave, will show any one over the farm and give all information desired.

Terms of Sale.

Ten (10) per cent. of purchase price to be paid on day of sale; the remainder can be paid any time within 30 days from that day. Cost of conveyance to be paid by the purchaser.

Bred by C. W. Williams, Galesburg, Ill. Foaled 1901. A model in every way. His size, 15.2 hands, weight close to 1050 pounds, and color mahogany bay, are ideal. His disposition and manners are perfect. His breeding, the highest of fashion—a son of the greatest sire of his age, living or dead, Allerton 2.09¼, the sire of Picknell he has 202 in the list, world's champion trotting stallion to high wheels, from one of the greatest producing daughters of Baron Wilkes 2.18, the famous Futurity sire, which has 131 in the list. Jay Bird 2.31¾, the sire of Allerton has 131 in list. A race horse himself, never having worn hobbles nor other false rigging; started green in the late summer of 1906 in six races, winning two of them, and was well up into the money the other four, he has, (though prominent horsemen have pronounced him capable of a record of 2.05 or better) been retired to the stud, sound, clean, superbly handsome, with vigor and vitality unimpaired, saving for his offspring what a mere racing-machine wears out on the track.
