How I Removed Pimples and Blackheads from My Face

"I have been bothered for a number of years with blackheads and pimples on my face. I have tried a number of remedies from physicians, with little or no improvement. More than a year ago I thought I would try Pinkham's Blood Purifier, and after taking it for a period of two months, I found a decided improvement. My face is now free from pimples and blackheads, and I cannot thank you enough for your wonderful remedy. I would be glad to let everybody know the benefit I derived from its use."—MRS. CHARLES B. ANDERSON, Box 52, Creston, Wash.

The most common indications of impure, impoverished blood are humors and eruptions, and they are usually the fore-runner of more serious consequences which come from an unhealthy state of the blood.

All that is necessary is a good, home treatment, frequent bathing, fresh air, wholesome, nutritious, easily digested food, and the regular use of Pinkham's Blood Purifier. In this way the blood is purified and enriched. Pimples, eruptions, and blackheads disappear and the complexion will become clear and healthy.

You may be perfectly sure that Pinkham's Blood Purifier is just as reliable as Lydia E. Pinkham's Vegetable Compound. Its makers could not risk their unequalled reputation among their vast army of friends by recommending a remedy that was not honest.

NATIONAL TROPHY

R. A. James, of Charleston, Ill., is the Winner of the $1,000 Cup—Grows Best Ear of Corn in the 3,125,713,600 Bushels of Last Year's Crop.

R. A. James, of Charleston, Ill., has the proud distinction of having grown the best ear of corn in all the 3,125,713,600 bushels of last year's bumper crop. At the National Corn Show just held at Columbus, Ohio, this gentleman was awarded the W. K. Kellogg National Corn Trophy, donated in 1909 by W. K. Kellogg, president of the Kellogg

Form 1

The W. K. Kellogg National Corn Trophy

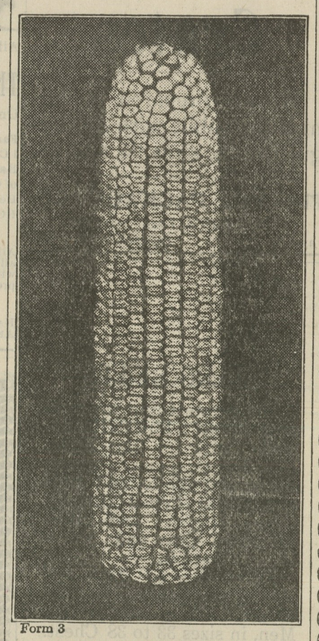
Toasted Corn Flake Company, of Battle Creek, Michigan.

Thousands of ears of corn from all parts of the country and of all varieties were entered in the competition. The selection of the grand champion Sweepstakes and the award of the Kellogg trophy were made on general points of superiority.

The ear of corn grown by Mr. James is of Reid's Yellow Dent variety. It is 10 inches long, 7¼ inches in circumference, and has 20 rows of kernels, 6 to the inch in the row, average ⅞ of an inch in depth, and 1/16 of an inch in width. It is indeed a very correct type of yellow dent corn.

Mr. James, the winner, is a vigorous farmer about 40 years of age and of pleasing personality, a man who has given careful study to corn culture, and who has achieved his success as a grand champion winner only by years of hard work and painstaking seed selection and careful breeding from season to season.

Illinois growers are especially elated over the result for the reason that this is the first time in four years that the honors have been wrested from the state of Indiana. Last year's champion ear, the first winner of the Kellog trophy, was grown by Mr. Fred C. Palin, of Newtown, Ind. It was also of Reid's



Form 3

World's Best Ear of Corn for 1910

Yellow Dent variety, crossed with Alexander Gold Standard. Last Year's prize winner is the most perfectly formed ear of the two, though it required a careful judge to distinguish the points of superiority.

The trophy awarded to Mr. James was made by Tiffany, of New York, for W. K. Kellogg, at a cost of $1,000. It is made of Sterling silver, bronze and enamels, and is a truly artistic creation. It stands 30 inches in height. Mr. Kellogg's interest in corn growing can be understood when it is stated that the Kellogg Toasted Corn Flake Co., of which he is president, has an output requiring 10,000 bushels of corn a day, raw product, for its manufacture. A peculiar feature is that while the Kellogg product is made exclusively from selected white corn, the Kellogg trophy has been won each time by a yellow corn exhibit. The trophy is offered for annual competition until won twice by the same grower.

The National Corn Show at which the award was made, was an event of tremendous magnitude. At one of the sessions President Taft was present and delivered an address.
