THE UNDERSIGNED, the officer appointed by the Governor to provide the Marks and Stamps, under an act of the General Assembly of Maryland passed at December session, 1844, entitled "an act imposing duties on Promissory Notes, Bills of Exchange, Specialities, and other instruments of writing, to aid in paying the debts of the State"—and to distribute the paper parchment, vellum or other material when stamped, mentioned in the said act, as is therein provided—hereby as required by the second section of the said act, specifies the said several stamps and marks as follows:

1. The ten cent stamp is an impression 11-16ths of an inch in diameter having in the centre the letters and figures '10 cents,' surrounded by a wreath between which and the edge of the words 'State of Maryland Stamp.' The edge of the impression is raissd with the inner side indented.

All the other stamps are of the same design, varying only in size and denomination of the stamp.

2. The fifteen cent is 12-16ths of an inch in diameter with the letters and figures "15 cents" in the centre.

3. The twenty-five cent stamp is 25-32nd of an inch in diameter, with the letters and figures '25 cent' in the centre.

4. The fifty cent stamps is 13-16ths of an inch in diameter with the letters and figures '50 cents' in the centre.

5. The seventy-five cent stamp is 27-32nds of an inch in diameter with the letters and figures '75 cents,' in the centre.

6. The dollar stamp is 14-16ths of an inch in dameter with the letters 'one dol.' in the centre.

7. The dollar and an half stamp is 15-16ths of an inch in diameter, with the words "one dol. & half" in the centre.

8. The two dollar stamp is one inch in diameter, with the words 'two dol's' in the centre.

9. The two dollars and half stamp is 1.1-32nd inch in diameter with the words 'two dollars & half' in the centre.

10. The three dollars and a half stamp is 1.1-16ths in diameter, with the words 'three dollars & half' in the centre.

11. The four dollar stamp is 1.2-16ths of an inch in diameter, with the words 'four dollars' in the centre.

12. The five dollars and half stamp is 1.4 16ths of an inch in diameter, with the words 'five dollars & half' in the centre.

13. The six dollar stamp is 1.4-16ths inch diameter, with the words 'six dollars' in the centre.

The section of the law above mentioned, under which the above stamps are required, is as follows:—

AN ACT imposing duties on Promissory Notes, Bills of Exchange, Specialities and other Instruments of Writing, to aid in paying the debts of the State.

Section 1. *Be it enacted by the General Assembly of Maryland*, That from and after the tenth day of May next, there shall be levied, collected and paid in this State, the several stamp duties following; for every skin or piece of vellum or parchment, or sheet or piece of paper or other material, upon which shall be printed or written any or either of the instruments of writing to wit: on any bond, obligation, single bill or promissory note or notes, made or executed in this State above one hundred dollars, and notes made or issued by any incorporated Bank of this State, and on any foreign or inland bill of Exchange or other evidence of debt above one hundred dollars, whether endorsed or otherwise and whether made or issued by any incorporated institution, individual or firm, according to the following scale, that is to say—If not exceeding two hundred dollars, ten cents; if above two hundred dollars and not exceeding three hundred dollars, fifteen cents; if above three hundred dollars and not exceeding five hundred dollars, twenty-five cents; if above five hundred dollars and not exceeding one thousand dollars, fifty cents; if above one thousand dollars and not exceeding fifteen hundred dollars, seventy five cents; if above fifteen hundred dollars and not exceeding two thousand dollars, one dollar; if above two thousand dollars and not exceeding three thousand dollars, one dollar and fifty cents; if above three thousand dollars and not exceeding four thousand dollars, two dollars; if above four thousand dollars and not exceeding five thousand dollars, two dollars and fifty cents; if above five thousand and not exceeding seven thousand dollars, three dollars and fifty cents; if above seven thousand dollars and not exceeding eight thousand dollars, four dollars; if above eight thousand dollars and not exceeding ten thousand dollars, five dollars and fifty cents; and if above ten thousand dollars, six dollars; Provided that nothing herein contained shall be construed to charge with a duty, or to require to be stamped any Bond of this State, or certificate of debt issued by this State, in pursuance of any law of this State, or any certificate or other evidence of the debt of the city of Baltimore, or of any other of the incorporated towns or cities in this State, or the certificates of the stock of the Banks, or other incorporated institutions of this State, or to any check payable at sight, upon any Bank, Company or Banker in this State, or to charge with a duty, any second or other copy of a Bill of Exchange. Truth akin to nature.

HAVE YOU PAIN? Be thankful. It is a vigorous effort of Nature to throw off morbific matter. From what may the morbific matter arise? From a bruise, or unwholesome air which has become mixed with the blood, nor incorporated in it, but which is liable to taint the whole mass if not speedily removed. Or the pain may arise from bile which has become bad, rancid, putrid, in consequence of the want of power in the proper organs to discharge it. *This pain which so frightens people* is only the symptoms of the efforts of Nature, (for the vital principle of the blood,) to *expel* the *pecant* or *impure* matter, which would otherwise destroy the human fabric. All diseases are of the solids or fluids, or both. When we have pain in our head, or in our foot, in our throat, or in our back or bowels, let us but be satisfied that it is produced by the efforts of our blood to throw off morbid matter, and if this be so, if we can but believe and understand this, our cure will be easy and generally sure. For our course will then be to help Nature to throw off the morbid matter, not to take away the blood. For the blood, *every drop we have is required to insure ultimate health* to the body. We must not *lose a drop*; neither must we use any medicines internally which are not perfectly harmless, if applied externally to the body. So we must not use any of the preparations of mercury, *neither must we use any* vegetable medicine of *corrosive power*.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of *experience*. To what does experience direct? To the *free use of Dr. Brandreth's Pills* in all cases of bodily suffering. As this advice is followed, *so will the health of the body be*. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints let the Pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. *Remember*, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever-and-ague, or bilious fever; cramp or whooping cough or measles; whether it be scarlet fever or small pox: that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug Stores for your restoration to health, and what is more, will surely do you no harm.

Trust to Brandreth's Pills, take them so as to produce a brisk effect, and your sickness will be the affair of a day or two, while those who are too wise to follow this common-sense advice, will be sick for months. Let the sick enquire of the agents for Brandreth's Pills whether these things are so or not. Let them enquire among their friends and ask the same question. Verily if EVIDENCE is wanted it shall be procured. To the sick, let me say, use the BRANDRETH PILLS is the best advice mortal man can give you.

HEALTH & HAPPINESS.

DOCTOR W. WORSDELL, the inventor of the *celebrated Family Medicine*, WORSDELL'S VEGETABLE RESTORATIVE PILLS, has used no other medicine in his family during the past 15 years, and has twelve children living in the enjoyment of health. It has been his invariable practice whenever any of his family take cold, or feel unwell, to administer a dose of Pills, and repeat the same daily as often as the violence of the attack required to subdue it, which he always found to be attended with happy results. If parents were sufficiently impressed with the necessity of purging, and occasionally administering pure opening medicines to their children, general good health would be the consequence.

THE FOLLOWING TESTIMONIES *are further confirmation of their surprising efficacy.*—Mr. Henry Coburn, Easton, says that Worsdell's Pills are daily gaining a repution, as an *excellent Family Medicine*. All those who have tried them bear testimony to their extraordinary virtues. A gentleman stated to him a few days ago, that one of his children was taken with the chills and fever, and he administered Worsdell's Pills with success; the chills did not return, and the child got well.

BILIOUS FEVER.—Mrs. Burns, who resides at Potts's mill, near Easton, was taken with a severe attack of Bilious Fever, she had recourse to Worsdell's Pills, and after taking several brisk doses was completely cured.

Doct. DUNBAR, Georgetown X Roads, Kent co. says that Worsdell's Pills are superior to any other for regulating the stomach and bowels, and their effects are not followed by constipation; he has witnessed their beneficial effects in several cases of disease. They were first introduced to his notice by a friend of his who was cured of the Ague and Fever by using *only three does*.

DYSPEPSIA.—Mrs. Baker, near Chestertown, had been afflicted with Dyspepsia a long time, and she states that she has derived more benefit from *Worsdell's* Pills than any other medicine.

Rheumatism.—A young woman in Cecilton, Cecil co. has been so seriously afflicted with the Rheumatism, that she was unable to walk for 12 months, and after taking several boxes of Worsdell's Pills, she is now so far recovered that she can walk with ease.

Messrs. T. A. & J. E. D. Turner, Merchants, Greensboro', Caroline co. in writing for an extra supply state that "Worsdell's Pills surpass *all others* in this section of the country, and the great demand for them is unprecedented."

The office of Worsdell's Pills is to go at once to the root of the disease, by purifying that vital principle of life,—*the Blood*. They preserve and improve the health and digestion, relieve the lungs; remove those obstructions in the bowels which so frequently produce headache, dissiness and dimness of sight; remove bile from the stomach, and dangerous oppression from the brain; produce serenity of mind, and, in short, give tone, energy, strength and elasticity to all the physical functions.

They do *not contain an atom of Mercury, Calomel, or any other deleterious drug*—may be taken without any regard to diet or confinement, and have been found so beneficial in almost all cases of disease which the human system is liable to, that they may justly be considered unequalled as an *universal Family Medicine*; being *purely vegetable*, the most delicate females find the occasional use of them materially beneficial to their general health.

Price 25 cts. a Box—containing 50 Pills.

HEMSLEY'S

WORM-DESTROYING SYRUP

PREPARED BY

R. F. HEMSLEY, Chemist and Pharmaceutist,—Easton, Md.

WHEN we consider the [illegible] number of children who die annually in our country by worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "Worm-Destroying Syrup." It is not my wish, nor is it my design, to throw around this preparation the unmeaning and extravagant eulogiums with which such medicines are usually ushered into notice. I only desire for it a fair and judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous and respectable families. The presence of worms may generally with readiness be detected by the following

SYMPTOMS:

Variable appetite, foul tongue, fetid breath, full, hard and tense belly; dull heavy expression of the countenance; a bluish streak under the eye; itching at the nose, puffiness of the upper lip; disordered and irregular bowels; starting and screaming in sleep; grinding of teeth; pain in the bowels, and frequently drowsiness or convulsions attended by slow fever.

RECOMMENDATIONS.

Being conversant with the general and successful employment of Mr. R. F. HEMSLEY'S "*Worm-Destroying Syrup*," I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

TRIST THOMAS, M. D.

Easton, March 20th, 1844.

I concur in the above.

Easton, March 20. J. A. MUSE, M. D.

I have for the last two years used with complete success Mr. R. F. Hemsley's "*Worm-Destroying Syrup*." Indeed I look upon it as a specific in those cases, and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H. THOMAS, M. D.

Easton, March 25th, 1844.

Having examined Mr. R. F. Hemsley's "*Worm-Destroying Syrup*," and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal. CHRIS. C. COX, M. D.

Easton, March 7th 1844.

There is no anthelmintic preparation from the use of which I have seen better results than from Mr. R. F. Hemsley's *Worm Destroying Syrup*. Having been made acquainted with its composition I can confidently recommend it, not only as a vermifuge, but also as a gentle tonic, suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M. WHITE, M. D

Easton, March 26, 1844.

From DR. W. HEMSLEY.

Having prescribed the "Worm-Destroying Syrup" with success in my neighborhood, I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms Mr. R. F. Hemsley's "*Worm-Destroying Syrup*," and it proved immediately efficacious. This case had baffled the skill of physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favor of this valuable medicine.

UNION HOTEL

EASTON, MD.

THE subscriber respectfully informs his friends and the public generally, that he has taken the above well known establishment (formerly conducted by E. Roszell) and is fully prepared for the reception and entertainment of either citizens or transient visiters, whose comfort and convenience he would be pleased to "minister unto" at all times.

The TABLE will be well supplied with the choice of the market, which will be served up in the best style, and in a manner calculated to please the *taste* and satisfy the appetites of the "lovers of good living."—Active and attentive waiters will be in attendance to serve all who 'sup at his board,' and strict attention will be paid to the respective wishes of both citizens and strangers.

The private apartments

will be kept clean and comfortable, and every exertion made to render them pleasant and agreeable, and where all may feel "at home." This being an essential particular in tavern keeping, the duty will be attended to by those of his household who are best calculated to appreciate, and most willing to promote comfort and render satisfaction.

THE STABLE

will be well supplied with provender of all kinds, and care will be taken that horses are both well fed and attended to, and the stable kept in a cleanly and proper condition.

☞HACKS will be in attendance at the steamboat to convey passengers to any part of the peninsula at a reasonable price.

CLICKENER'S

SUGAR-COATED VEGETABLE EXTRACT

PILLS.

A Medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, *COATED with SUGAR*, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of the blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for

Clickener's Sugar-coated Vegetable Extract Pills

have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from he system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25cts.

CAUTION.—The public should remember that C. V. Clickener is the inventor of the Sugar-coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar-coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found deafing in such a nefarious traffic as palming off counterfeit for genuine medicines. feb 4

Negroes Wanted.

HAVING returned from New Orleans, I will now pay the highest cash prices for all likely Negroes that are slaves for life and good titles. All communications will be promptly attended to. HOPE H. SLATTER.
