The preparation made by Mr. Hemsley, Apothecary, Easton, Md., and known as "*Hemsley's Vegetable Tonic*," is in my opinion the best article ever offered to the public for the radical cure of that distressing affection, Intermittent Fever. This composition forms a pleasant bitters, and furnishes a most desirable tonic in cases of constitutional debility resulting from natural infirmity or the ravages of disease. I have recommended this medicine extensively in my practice and have always found it to answer the desired purpose.

Mr. R. F. Hemsley, Sir:—This is to certifily that for a long time I labored under the debilitating influence of that dreadful disease, *Ague & Fever*, and had recourse to many remedies recommended to me by Physicians and others, all of which proved unavailing. I heard of your celebrated '*Vegetable Tonic*,' of which I procured two bottles, and before I had taken it all I was entirely restored, and have not since felt any symptoms of its return. It has accomplished more in my case than all other remedies put together, and I most cheerfully recommend it to all those persons who may be laboring under this most wretched disease.

Citizens of the United States,

Let it be remembered that *Brandreth's Vegetable Universal Pills* have now been before the citizens of the United States for nearly six years, and used by hundreds of thousands! They are so well known that it need scarcely be mentioned that they are a "Purgative Medicine," so "justly balanced" that the "experience of a century" has proved that they may be taken in any dose, *according to Nature's requirements*,—and this rule refers to both sexes and all ages. They have been used in every variety of derangements of the human body, and yet, when properly used, never failed to restore to health, except in those cases where nature was exhausted before the pills were commenced with.

Experience has taught that Brandreth's Vegetable Universal Pills remove all corrupt humors from the body, in an easy, safe and effectual manner; producing no effect but what will finally conduce to the perfect purification of the Blood, and thereby cure the disease, (whatever name it may be called,) and give perfect health to the whole system.

Remember, Druggists are not permitted to sell my Pills—if you purchase of them you will obtain a counterfeit.

STAINBURN'S VEGETABLE EXTRACT PILLS.

THIS MOST POPULAR OF ALL MEDICINES has truly gained the confidence of the many thousands of sufferers who have used it, in many forms of disease, with UNFAILING SUCCESS.

The following complaints have always been cured when the Stainburn Pills have been taken according to the directions which accompany each:—

Dyspepsia,	Coughs and Colds,
Costiveness,	Rheumatism
Bilious complaints,	Fever and Ague,
Liver complaints,	Scrofula, Worms,
Cholic, Biles,	Measles, Small Pox,
	Eruptions in the Skin.

A vast number of communications have been received by the proprietor, each proving a cure of some of the above diseases, and which might here be introduced, would space permit, but it is hoped the following will be sufficient to place beyond all doubt *their curative virtue:*

From DR. REED, of Virginia.

Norfolk, June 12, 1844.

Dr. Stainburn:—Sir: Since I last wrote you, I have seen several persons who have been using the Vegetable Extract Pills, and in every case they have proved themselves worthy the name they bear. A young man by the name of John Forsythe, had been wasting away in a seated consumption for several years, and by using the Extract Pills for about two weeks, his cough, pains, &c., left him entirely, and he is now so well as to be about his ordinary business. Indeed sir, from the rapidity of the sales, the value of your pills may be safely discerned. I am entirely out, have daily calls for them, and wish you would forward me more as soon as possible. Yours, &c. THOS. S. REED.

[From Massachusetts.]

Worcester, June 17, 1844.

[illegible] pressing cough, raised a great quantity of phlegm, and who was afflicted with palpitation of the heart, had taken a box of your Vegetable Extract Pills, and is now quite well. Others bear testimony to their good effects. Yours respectfully,

JOHN STRIKER, Jr.

[From Pennsylvania.]

EASTON, July 1, 1844.

Dr. Stainburn. I have considerable matter to tell you concerning the Extract Pills, where they have performed cures, when those who have bought them had scarcely any faith in their effects. There is a lady here, now able to attend to her domestic concerns, who was, at the time she commenced taking them, confined to her chamber, and prostrated on her bed. I will tell you more when I see you: please credit my account with the enclosed twenty dollars, and send me by the bearer another gross of pills.

Respectfully, &c. GEO. S. SMITH.

[From Connecticut.]

New Haven, June 27, 1844.

Dr. Stainburg:—Your Vegetable Extract Pills have had wonderful effects in several cases in this town; I sold a box to a man who had been sick with consumption and rheumatic complaints for four or five years, and who was unable to dress himself without any trouble, and think he has wholly recovered. I am quite out of the pills; will you send me a lot by the first opportunity?

Yours in haste, R. W. SMALLEY.

The Pills are sold Wholesale and Retail at Dr. Stainburn's office, No. 7 Ann Street, and by most of the respectable Druggists in New York. Also, by one agent in each village in the United States.

CAUTION TO AGENTS.

The immense demand for the Stainburn Pills has induced some unprincipled rascals to make a counterfeit, and hawk it about the country; but let agents be aware of these persons, and remember that he who sells a counterfeit medicine, or encourages such vile traffic, is as much to be shunned as the poisonous adder—let him not be housed or fed, drive him from your houses and from your villages, as you would drive away a dangerous pestilence; for be assured the creature who could sell to you a counterfeit pill, to rob you of your health, is base enough to carry the assassin's knife and take away your lives.

My travellers are each furnished with a power of attorney, signed Jas. W. Stainburn, and proved before a Notary Public of the United States, and also by the Clerk of the city of New York; they also bear the Notarial Seals of the United States and the City of New York. You will therefore please to preserve this advertisement, and should any person offer you my medicine without such power of attorney, do not deal with him for your own credit's sake, but point to it, and say, "Thou art the man to be despised and shunned."

N. B.—Agents who may desire supplies of my pills before my travellers call upon them, will please forward their orders per mail to No. 7 Ann Street, and oblige their obedient servant,

JAS. W. STAINBURN.

CLICKENER'S

SUGAR-COATED VEGETABLE EXTRACT

PILLS.

A Medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, *COATED with SUGAR*, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skilfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of the blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for

Clickener's Sugar-coated Vegetable Extract Pills

have no taste whatever of medicine, produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from he system cannot be excelled [illegible]

CAUTION.—The public should remember that C. V. Clickener is the inventor of the Sugar-coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar-coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic as palming off counterfeit for genuine medicines. feb 4
