ay & be done away. There has been two or three persons
sent off from Baltimore since the peace, but they were
particularly obnoxious from having joined the British
at New York & been some how or other active in their
favor. I have no apprehension the same would be
your fate, were you here at this time, as Yr. Friend
Mackie made it his Business to mention your
wish of returning to several of the leading whigs
in Baltimore, who said they should all be very glad
to see you, except Parson Allison who seemed appre-
hensive you had delayed it ~~too~~ rather too late.
Added to all this, I believe it is the real wish of
all the persons in power & indeed the best men of all
sides that all kinds of violence should be discouraged
and the treaty of peace observed in its fullest extent.
I shall observe every circumstance that may hap-
pen either among the people at large or in the le-
gislative body, that may affect you and advise you
of it, instantaneously. But should you not hear from
me again on the subject, you may conclude Nothing has
taken place, which has occasioned a change in my
sentiments. and If you Shd. still wish to settle one more

in general is what is complained of. Not an
ounce of good Bark is to be had & many people
have lost their lives for want of it. a good

excellent. I must add, If you should pay us a visit,
you will find a much greater Number of yr. Profession
in Baltimore than when you left it. Every body in
Baltimore mad & the Doctors among the rest, seem
to have thought it the first place in this part of
the world, from the Numbers that have fixed their
residence there. —

I saw Doct. Grey about a Month ago - he is very
well & has his hands full in Calvert County. He
will be very glad to see you. Indeed you will find
all your acquaintances in the same sentiments
of which I hope you will do me the Justice to
believe there is Not one, that has them in a greater
degree than Dr. Sir

Dr. Sir

Maryland Novr. 12. 1783 —

I am now to acknowledge Yr. favor of the
16. July covering Mr. Hughs Note to you & the copy of
the commission of Bankruptcy ag. William Stevenson
Your other Letter of the 14. & to which you refer me
in Your's of the 16. unfortunately miscarried, nor
can I hear any thing of it, altho' I have caused
enquiry to be made in Philadelphia of the Capt.
of the Vessel that brought in the other — This has
chagrined me not a little, as, from what I could
gather both from Yr. of the 16. of Mr Hughs Note,
