HIGHLY IMPORTANT.

Hair Restorative and Preservative.

Vegetable Cerate.

THE important discovery of a vegetable substance, capable of restoring and preserving the Hair, was accidentally made by an individual who has neither the capacity nor the disposition to practise deception or fraud.

The fullest reliance may be placed on the efficacy and power of the *Vegetable Cerate*, not only in restoring and preventing the falling off the Hair, but in producing the greatest lustre and liveliness of it imaginable; and the public may rest assured that its effects will be clearly manifested in the course of a short time, by the renewal of a vigorous growth of hair and by effectually preventing its coming out or falling off The Vegetable Cerate tends to resuscitate and excite the energies of the capillary vessels which constitute those organs that secrete the matter forming the hair; these like many other organs of the animal body, which have been in the state of dormancy or disease, may be restored to their healthy action, and perform all those functions assigned by nature.

The proprietor being aware of the numerous specifics palmed on the public, and desirous that the present article may not suffer from false impressions, rests its merits on the effects it has produced on various persons who have used it, and all that it asked, as it relates to the verity of its effects, is a fair trial.

Elderly people, with bald heads, may rest assured, that by applying a few boxes of the above Cerate, their hair will be restored with all its beauty and life.

To prevent imposition, the sale of the Vegetable Cerate will be confined to Dr. JAMES HART, *New-York*, corner of Broadway and Chamber streets, three doors from Washington, where it will be sold at $1 75.

A liberal deduction will be made to country dealers.

The proprietor of the above valuable discovery intends appointing Agents through the United States for the sale of it, and also in Europe. ☞ A few boxes of the above valuable article is just arrived from New-York, and for sale by Dr. JOHN LOVE, at his old established Drug and Patent Medicine Store, No. 22.—Centre Market Space, Baltimore, who is appointed by the proprietor *Sole Agent* for the State of Maryland.

In consequence of the power vested in me, I have therefore appointed Mr. Thomas Webb, of Washington; Mr. Otho M. Linthicum, of Georgetown; Messrs Shaw & Gambrill, of Annapolis; Mr. Fisher, of Fredericktown; Messrs. Fred'k. Miller & Son, Druggists, Hagerstown; *Thomas H. Dawson, Easton; Thomas Burcheneal, Greensborough*, and *Scott & Co. Cambridge*, sole Agents for the above places, who will be constantly supplied with the said Cerate by me.

FACTS ARE STUBBORN THINGS.

I have now in my possession a certificate from a gentleman to whom reference will be given to those who wish positive proof of the powerful effect of the Hair Cerate. In this case a large space on the head was perfectly bald; but now, wonderful to behold, it is covered with a beautiful, strong, thick crop of hair; and this rapid vegetation came to perfection in about two months by the use of not quite two boxes of the Vegetable Hair Cerate bought at my shop. I therefore, in full confidence recommend it to the public, that by attending to the method prescribed for using it, they will not be disappointed in their expectations.

JOHN LOVE.
Sole Agent for the state of Maryland

More proof of the wonderful effects of the Vegetable Hair Restorative Cerate, which I have just received in the following certificates from New-York, &c.

Northampton county, Penn. Jan. 22, 1824.

Having observed in the Baltimore and Philadelphia papers the wonderful effects the Vegetable Cerate has produced on numbers of persons, and having the misfortune to lose my hair about two years ago, I purchased some of the article and made use of it according to the directions, and in about four months I had an elegant coat of hair, and I can safely say it is one of the greatest discoveries ever made as it respects restoring the hair.

JAMES WOOD.
Long Island, March 25, 1824.

I saw in the New-York Patriot a remedy for the hair, called the vegetable Cerate, and being bald on the top of my head, I purchased a box, and after using about three quarters of it, I perceived my hair coming out; I shaved it off according to the directions, still using the Cerate, and in about three months I had a fine head of hair; I have therefore, no hesitation in recommending it to the public.

J GARDNER.
New-York, March 21, 1824.

As I had heard from numbers of persons the great benefit they had received from the use of the Vegetable Cerate, and having lost nearly all my hair, and tried every thing to restore it without effect, I purchased some of the Cerate, of Dr. James H. Hart, and continued its use about three or four months, and found it answered the most salutary effects. To those who are desirous of preserving and restoring their hair, I therefore cheerfully recommend it to the public in general in the highest terms. WILLIAM PATTEN.

North Moore street, March 1, 1824.

With the greatest satisfaction, I do recommend the Vegetable Cerate. Having lost almost all my hair, by its falling off, I made use of the Vegetable Cerate and found the greatest benefit, it has cured my hair entirely; not only that, it softens the hair, and gives it a most elegant glossy appearance.

Dr. James H. Hart of New-York, is well acquainted with me, and can testify to the above
ELIZABETH HUGHES.

TO THE PUBLIC.

In Justice to the discoverer of the celebrated *Hair Restorative and Preservative Vegetable Cerate*, [which is advertised in this paper,] as well as for the benefit of such as may be afflicted with the loss of hair, I feel it my duty to give publicity to the following facts:—About four years ago my hair all came out, and left my head entirely bald, I used a great variety of means, among which were all the imported oils that are generally used for restoring the hair, to restore it again, without effect. Having seen the Vegetable Cerate last summer, I procured some of it, and, after using it about four months, night and morning, my head is now covered with a beautiful and vigorous growth of hair—It has had the desired effect with me, and I earnestly recommend it to those who have unfortunately lost their hair, as being the only effectual restorative now in use.

WILLIAM SMITH.
Of Burlington county, N. J.
Newark, March 12.

TO THE LADIES.

New-York, Varick-st Feb. 20, 1824.

As it respects the Vegetable Cerate that has been published in our New-York paper for this some time past, and the many benefits it has produced on various persons, I therefore purchased some of the article to try its effect, and I can safely say, it is the only thing that has ever been of benefit to me, it not only prevents the hair from falling off, but gives the most stubborn hair a most beautiful natural curl, and I highly recommend it to all the ladies in the highest terms.
