'NOT FOR A DAY, BUT FOR ALL TIME!'

STANTON'S EXTERNAL REMEDY,

CALLED HUNT'S LINIMENT,

Has now given abundant evidence of its healing powers, and proved itself the most extraordinary and wonderful medicine in the world. Its wonderful cures have astonished the Medical Faculty, who now universally concede its great value. They speak of it in the highest terms, and commend its use.

It is condemned by none. On the contrary, ITS PRAISE IS UNIVERSAL. The cases of cures are so numerous that it would take volumes to recount them; and it is a fixed fact, and it is not disputed, that AS A PAIN EXTRACTOR, IT HAS NO EQUAL. For the many astonishing cures, see the pamphlet, to be had of each agent. If you suffer with either of the diseases for which it is recommended, resort at once to its use and be cured. For the following diseases it is an INFALLIBLE REMEDY: Spinal Affections, Rheumatism, Paralysis and all Nervous Affections, Contractions of the Muscles, Sore Throat and Quincy, Issues, Old Ulcers, Pains in the Back and Chest, Agne in the Breast and Face, Tooth-ache, Sprains, Bruises, Salt Rheum, Burns, Croup, Frosted Feet, Corns, Bunyons, Fresh Wounds, Swellings and Bruises, Scrofulous Affections, Musquito Bites and Poisons.

A case of PARALYSIS, completely cured, and the patient restored to perfect health and strength, by the use of that truly great remedy, HUNT'S LINIMENT.

BETHLEHEM TOWNSHIP,
Hunterdon Co. N. J. August 22, 1843.

George E. Stanton, Esq.—Sir: Having been restored to perfect health from a Paralytic Attack, by the use of your Hunt's Liniment, I feel it a duty incumbent upon me to inform you of this fact. I was attacked with the Erysipelas and took a very severe cold and confined to my bed for three weeks, perfectly helpless. I was not able to move my limbs the slightest, not even my finger. The Physician gave me up a hopeless case, and one for which they could do nothing. As a last resort my friends procured your Liniment, and the first application restored animation at once, and by the use of three bottles I am enjoying my health and strength. I believe that Hunt's Liniment saved my life and am very desirous that every one should know the value of this wonderful Medicine. My whole neighborhood will attest to the truth of the statement. Yours,

ELIZABETH MILLIGAN.

The price is only 25 CENTS a bottle, which places it within the reach of every individual.

CHECKED PESPIRATION.—In other words "catching cold." The skin then, and not the internal organs, is out of order. And we assert that unless the skin is brought into healthy activity, and made to eliminate the *Insensible Perspiration* freely and fully, not all the medicines in the world will save the consumptive from the grave. To make our words true, let us quote from a celebrated southern doctor, who wrote a labored treatise on *Pulmonary Consumption*. He says: "But let us return to the consideration of the indication of a cure; it is simply this: the restoration of the INSENSIBLE PERSPIRATION. In other words, to excite a natural healthy action in the skin. This is all that is required for the cure of 999 cases out of a thousand." Here, then, is another case where the true principle of physiology is understood, and the result to be produced in sickness and disease, and yet not knowing any other agent than inward medicines to effect it. Physicians begin to see this, acknowledge it in their writings, declare it with much feeling, but know of no prescription that will apply to the human cuticle to restore it to healthy activity, and hence their necessity of still administering inward remedies, instead of

McALLISTER'S ALL HEALING OINTMENT.

Bronchitis, Quincy, Sore Throat and Influenza, are NEVER caused but by checking the INSENSIBLE PERSPIRATION.—Ague in the Face, Headache, Earache, and frequently Toothache, are produced in the same way, viz: "taking cold."

Fevers, also, and nearly every case of Inflamation of the Bowels, or of the Stomach or Lungs, is the direct result of checked perspiration. Besides these, we may name diseases of the Spine and of the Nerves, Rheumatism, Fever Sores, diseases of the Chest, such as Asthma, Tightness of Breast, Pains, Weakness, Dyspepsia, also Constipation of the Bowels, Croup, Cutaneous Eruptions, and all diseases of the Skin; in short, nine-tenths of the diseases in our country are produced by this one thing—checked perspiration. [Sold at 25 cents a box.

Also, McALLISTER'S HAIR OIL, extracted from and possessing the same medical properties as the Ointment.

The genuine Ointment (put up in pink paper and the name of JAMES McALLISTER written on the wrapper) is sold by most of the City Druggists, and at the General Agency, 106 BALTIMORE STREET, near Holliday, by G. H. HARRIS.

THE *NIAGARA SHOWER-BATH*

An entire new article for SHOWER BATHING, With Cold or Warm Water.

☞ *This Bath took the Premium at the Fair of the Franklin Institute Philadelphia Oct. 1848, the only Bath that ever took a premium at that Institute. And also took the first Premium at the Fair of the Maryland Institute, Baltimore Nov. 1847.*

A great and important improvement is made in this Shower Bath over all others, by throwing the water immediately on the body without wetting the head, unless at the will or pleasure of the bather; but a greater point is gained by being enabled to bathe with warm water, which no other Shower Bath is adapted to—and most important of all, the Bath can be medicated without injury to the hair.

Many persons cannot take a cold bath—their case is met in this, as they can regulate the temperature of the water to suit their wish and commence bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order.—The Bath can be adjusted to suit any heigth, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several medical gentlemen—others are requested to call and examine them.

REMOVAL.

LABORATORY OF THOMSONIAN BOTANIC MEDICINES.

EPHM. LARRABEE, No. 20 South Calvert street, Baltimore, has removed his Laboratory to his new building No. 24, and has always on hand the largest and most complete assortment of pure Botanic remedies in the United States, prepared under his special care at his Laboratory—being the first erected in the United States for the special purpose of preparing THOMSONIAN BOTANIC MEDICINES. All of the pulverized and compounded articles are put up in quarter and half pound packages, and neatly labelled, with directions suitable for retailing, and upon better terms than the same article can be had for in the U. S. Every article in his line is warranted genuine—the public can rely upon this.

A liberal discount made to country merchants, who are particularly requested to call and examine quality, &c. before purchasing.

The various Treatises, embracing the most reputed authors, upon the Thomsonian or Botanic System of Medicine, may also be had at his establishment, by the quantity or single copy. aug. 30, 1848—1y

The Grand Purgative.

CLICKNER'S SUGAR COATED
Vegetable Purgative Pill's
FOR THE CURE OF

Headache, Giddiness, Rheumatism, Piles, Dyspepsia, Scurvy, Small Pox, Jaundice, Pains in the Back, Inward weakness, Palpitation of the heart, Rising in the throat, Dropsy, Asthma, Fevers of all kinds, Female complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera Complaints, also a variety of other diseases arising from impurities of the Blood, and obstructions in the organs of digestion.

Experience has proved that nearly every Disease to which the human frame is subject, originates from Impurities of the Blood or Derangements of the Digestive Organs; and, to secure Health, we must remove those Obstructions or restore the blood to its natural state. Therefore, when the slighest derangement of the system is indicated by Costiveness, or any othersign, it admonishes us that superfluities are gathering in the System, which should at once be got rid of. This fact, as stated, is universally known; but people formerly had such an aversion to medicine, that unless the case was urgent, they preferred the disease to the cure. Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for

CLICKENER'S VEGETABLE PURGATIVE PILLS

BEING COMPLETELY ENVELOPED WITH A *COATING OF PURE WHITE SUGAR*

(which is as distinct from the internal ingredients as a nut shell from the kernel) *HAVE NO TASTE OF MEDICINE.* But are as easily swallowed as bits of candy. Moreover they *neither nauseate nor gripe* in the slightest degree. They operate equally on all the diseased parts of the System, instead of confining themselves to, and racking any particular region. Thus, for example, if the Liver be affected, one ingredient will operate on that particular organ, and, by cleansing it of that Excess of Bile it is constantly discharging into the stomach, restore it to itsnatural state. Another will operate on the Blood, and remove those impurities which have already entered into its circulation; while a third will effectually expel from the system whatever impurities may have been discharged into the stomach. This long desired attribute, peculiarly their own, is the result of their being composed exclusively of such ingredients as Nature intended should operate on the impurities of the Human System; and hence they

STRIKE AT THE ROOT OF DISEASE,

Remove all impure Humours from the body; open the pores externally and internally; promote the Insensible Perspiration, obviate Flatulency, headache, &c.,—separate all foreign and obnoxious particles from the chyle, secure a free and healthy action to the Heart, Lungs, and Liver; and thereby

RESTORE HEALTH EVEN WHEN ALL OTHER MEANS HAVE FAILED.

The entire truth of the above can be ascertained by the trial of a single bottle; and their virtues are so positive and certain in restoring Health, that the proprietor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

Retail Price, 25 cents per Bottle.

☞ Remember that Dr. C. V. Clickener is the inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.

DR. MARTIN'S

COMPOUND SYRUP OF

Wild Cherry.

THIS Compound is one of the best remedies ever offered the public in *Coughs*, whether arising from *Colds*, or the *Whooping Cough*, or that dreadful malady, *Consumption*. Few remedies, in the short time it has been before the public, have effected so many cures. The proprietors are every day receiving orders for it at a distance, and in this city, in which they have been highly gratified to learn its good effects. The Bishop of the Protestant Episcopal Church of Maryland, (the Right Rev'd W. B. Whittingham,) has authorised us to say he has used it in his own person with decided benefit, and our Medical friends do not scruple to recommend it as one of the best remedies in Consumption, Bronchitas, Asthma, &c., which they have ever met with.—The following is from a highly respectable Physician on Kent Island, whom we made acquainted with the preparation:

Kent Island (Md.) June 22, 1847.

Dr. Martin—Dear Sir: Since my return home, I prescribed your SYRUP OF WILD CHERRY in several cases; one in particular, a case of *Asthma* of long standing, (about 21 years,) a neighbor and patient of mine. Her disease has never been benefitted by any Medicine which she has taken, and for the last year or two she has been confined entirely to the house. I do not know that she has had a good night's rest for a long time, but since she commenced taking your Medicine, (and she has only taken one bottle,) she is enabled to go to bed and sleep well all night. I think the Medicine will make make a perfect cure of her, and she is determined to give it a fair trial. Her husband, Mr. Rhoderick Earcikson, is a merchant here, and says if you will send him some of it, he will act as your agent.

MARTIN AND WHITELEY'S NATIONAL TONIC.

A CERTAIN CURE FOR THE FEVER & AGUE.

In our Summer and Fall months many sections of our country are prostrated by this disease. It has been our particular study to find out some remedy to stop this truly dreadful scourge, and think by this scientific compound we have effected this great desideratum. Read the following certificate

Beaver-Dams, Queen Ann's co.,
October 3d, 1847.

Dr. Geo. T. Martin. Respected Sir—In justice to you and to the Public, I take this method of making known (should you think it worthy of publishing,) the remarkable cure your National Tonic has wrought in my particular case. I had been laboring under an intermitting fever for 15 months, I had tried different eminent Physicians, but without success;—'tis true, the quinine would stop the chills a day or two but they would return with double violence until I became weak and emaciated. My stomach swollen and hard, my spirits broken, and had but little hope of again becoming a sound man; last winter I accidentally saw this invaluable *Tonic*, & acting as a drowning man would catch at straws, so I caught at a bottle of your Medicine—commenced taking it, and before I used a *half* bottle my chills left me, my appetite gradually returned, and my spirits also, and by the time I had finished the one bottle I was, as it were, a new man. Nearly a year has elapsed and I have not had a single chill. Your Pills are the most popular pills among us.

Yours with respect
JOHN NELSON.

POWHATTEN FACTORY, NEAR BALTIMORE,
April 6th, 1848.

Messrs. Martin & Whiteley:

Gentlemen—It is with sincere pleasure I am able to give my evidence in favor of your valuable "*National Tonic.*" Having been troubled for nearly four years with the Ague and Fever, I tried almost everything I heard of, but nothing seemed to give me any permanent relief, until a few months ago I purchased from one of your agents (Messrs. Jos. Shane & co.,) a bottle of your *Tonic*, and after giving it a fair trial, I am to my great satisfaction certainly cured, and have no hesitation in recommending it to all persons afflicted with Ague and Fever, as the best remedy known.

MARTIN'S UNIVERSAL PURGATIVE PILLS.

In offering these Pills to the Public we know there cannot be a better, or a more safe, easy or agreeable Purgative. They speedily remove all irritating matters retained in the bowels, or 'when the habitual alvine discharges are too tardy or insufficient for health, by their specific virtues they restore the secretions to a healthy action, and the blood, to its natural purity.—Read capt. Eaton's certificate—

'This is to certify, that I was in Martin & Whiteley's Drug store on the 26th of September, 1846, and observed to Dr. Martin I felt very sick and feared I should be ill with bilious fever; in fact I had taken medicine before, but still continued to linger.—He advised me to take his PURGATIVE PILLS, and to take them according to directions. I procured a box of them and took but two doses, and I never was so speedily relieved. My wife, who is an exceedingly delicate woman, was sick on my return home, after a good deal of persuasion she took only two of the pills, they operated finely and relieved her. Also one of the hands on board of my vessel was taken very sick; I gave him a dose of the pills, the result was speedy relief. When I left my house in Queen Ann's co., my little boy was sick. I requested Mrs. Eaton to give him two of the pills, and such is my confidence in them I feel satisfied they have relieved him.

SORES CAN BE CURED!

All kinds of Inflamed Sores can be cured, viz.—Burns, Scalds, Cuts, Bruises, Swellings, Chilblains, Chafes, Chapped Hands, Sore Lips, Scald-head, Salt Rheum, Erysipelas, Inflamed Eyelids, Pimples on the Face, Eruptions of the Skin, Inflammatory Rheumatism, Bites of Insects, of Reptiles, of Animals, and the local Cutaneous Diseases of warmclimates. In short, *all kinds of Sores* and *outward Casualties* & Inflammations, can be cured by

TOUSEY'S UNIVERSAL OINTMENT,
OR *MASTER OF PAIN.*

Description of this Ointment, and a brief statement of its properties and powers:

It will cure any sore or disease, either external or internal, that can be cured by any Ointment or Liniment, or other *EXTERNAL APPLICATION.* It is the most perfect *REMOVER OF PAIN* ever applied to the human body.

It can always be depended on for the removal or allaying all External Inflamations. Its healing properties are completely perfect. It is a *Scientific Compound*, the basis of it emanating from one of the *first Chemists in America.* All Physicians, acquainted with its ingredients, universally prescribe it. The most intelligent men the community keep it in their families as a *STANDARD* and *RELIABLE REMEDY* for all kinds of Sores and External Diseases. It is the Cheapest Ointment before the public. It is made in the most careful manner, great pains being taken in the selection of ingredients and the utmost caution in compounding it.

The idea of promoting Insensibible perspiration by filling up the pores of the skin with a greasy compound is perfectly ridiculous. Internal disease can never be cured in this way. All that Ointment can do is to cure the diseases on the surface of the body. *TOUSEY'S OINTMENT* or *MASTER OF PAIN*, is the most safe, complete and *perfect Remedy* ever prepared in the form of Ointment, or Salve. It will cure any and every kind of sore, or external injury, that can be cured by an outward application. To allay the dreadful pain of the most extensive Burn or Scald, it is unapproachable. To remove the sufferings caused by Salt Rheum, Erysipelas, Scald-Head, Quinsy, Swelled Face, Broken Breasts, Chapped hands, Sore Lips, Inflamed Eyelids, Chilblains, &c. it cannot be equalled. It is as near Infalibility as any human compound can be.

To cure speedily, easily, & effectually Bruises, Sprains, Inflamation, Old Sores, Cuts, Stiff Joints, Pimples and Blotches on the Face, Eruptions of the Skin, Bites of Insects, of Reptiles, of Animals, Scratches, &c. it NEVER FAILS. For the miserable feelings caused by extensive Sun-Burns in the hot season, it is a *Perfect Remedy.*—All residents of warm climates should keep it on hand. In short, it is a Sovereign, never-failing remedy for any and all sorts of Sores or Diseases to which such an article can be applied. ☞ Remember the name, '*TOUSEY'S UNIVERSAL OINTMENT*, or *MASTER OF PAIN.*

Thousands have tried and thousands praise it.—It is working its way into public favor with a rapidity heretofore unknown in the history of medicines.

ALL WHO USE, RECOMMEND IT.

No family should be without it. The agents will furnish the public GRATIS with books describing this Ointment.——

☞ Each box of the genuine Tousey's Universal Ointment, or Master of Pain, has the signature of S. TOUSEY, *written on the outside label*, in black ink. Never purchase a box unless this signature can be seen.—Price 25 cents per Box, or five Boxes for $1. Prepared by S. TOUSEY, Druggist, 106 Nassau street, N.
