of over 20 years' standing:

T. HELMBOLD—*Dear Sir:* I have been
bled with an affliction of the Bladder and
eys for over twenty years. I have tried
cians in vain, and at last concluded to
your genuine Preparation a trial, as I had
it highly spoken of. It afforded me
diate relief. I have used three bottles,
have obtained more relief from its effects

A THOUSAND DOLLAR PIANO."

e paid a visit, the other day, to the music
of Horace Waters, 333 Broadway, on
ose to see a specimen of his pianos, just
ufactured at his up-town establishment, of
h we had heard a good deal of boasting-
ay not be generally known that Mr. Wa-
has been established in this city but a little
e, having set up in a small way some six
rs ago as agent for a Boston firm, and gone
y dint of industry and enterprise, till he
become one of the most prominent music
lishers and dealers in the country. His
ical instruments are well known for their
erior qualities, though they scarcely surpass
chness, volume of tone and delicacy of
h some instruments of more obscure ma-
which we have seen; yet, even in these
e respects, Waters's best pianos and me-
ons challenge comparison with the finest
e anywhere in the country—though those
Chickering, Gilbert and others are more fa-
s.
he particular piano we went to see, though,
ertainly a superb affair. It is characterized
great fullness and sofiness of tone, and re-
kable *expressive* power; while its externals
equally noteworthy: it has a rosewood case,
antly inlaid with mother-of-pearl, and
ed in various cabinet designs; altogether
up with every care of finish. Other pianos
heard in the same room, of equally fine
—the same class of instruments, in fact,
pt the case—offered for a fraction of the
of this very elegant one. Persons wish-
for instruments of this kind, whether at the
economical or extravagant price, will be
ly to be suited at the ware-room of Horace

DIED.

In this town, on the 8th instant, WILLIAM,
ungest son of S. R. and H. A. Vinton,
ed 36 days.

In this county, on the 13th inst., EUGENE,
ly child of Solomon A. and Mary Frazier,
ed 2 years and 3 weeks.

In Baltimore, on the 10th inst., THOMAS R.,
ungest son of Capt. Solomon Sanders, aged
out 2 years.

OBITUARY.

Died, after a brief illness, at his residence
Tobaccostick, in this county, about 3 o'-
ock on Saturday, the 15th inst., LEVIN W.
EWART, in the 43rd year of his age.

This sad and unexpected event has occasion-
the deepest and most painful regret to his
latives and friends and thrown a most mel-
choly gloom over the entire neighborhood.
is funeral took place on Monday, the 17th
st., and was attended by a throng of his
ighbors and friends, to testify their respect
d attachment to one of their most distin-
hished citizens, who was undoubtedly the
ost remarkable man in his line of life that
d ever marked the history of the neighbor-
od. His decease has occasioned a vacancy
at probably will never be better filled. He
as one of the most scientific, and at the same
me practical farmers in the county; with a
ind well stored with general information,
uch was his discriminating judgment, and
tense devotion to the cultivation of the soil,
d the application of the best fertilizers and
e most useful appliances, that he had be-
me a successful planter, and his reputation
s such has extended far beyond his immediate
cinity; and his opinions and the results of
is experiments, commanded the highest re-
pect. He had lived sufficiently long to col-
ct a vast stock of the most useful informa-
n, and had by untiring industry and appli-
tion to his pursuits acquired ample means.
his sudden death may be regarded as a public
lamity. Plain and unpretending in his man-
ers and style of living, he had, by the even
enor of his way, established for himself a high
eputation for honesty and integrity of char-
cter, and won the warm esteem and affection
f his neighbors—with excellent, social quali-
es and easy conversational powers; from his
ass of philosophical and practical informa-
on—his company was eagerly sought, in leis-
re moments, to gather lessons of instruction
pon all subjects which he thought proper to
alk upon, and long will his death be deplored.
The neighborhood has lost one of its most use-
ul members and the community a very valu-
ble, intelligent and enterprising citizen. In
the tide of human life rarely does such an ori-
inal character develop itself, and his sudden
eath, beside the melancholy loss to his friends
rom his noble character and endearing quali-
ies, the community has been deprived of the
dvantages of an intelligent, useful, practical
nd most excellent citizen.

July 22d 1857. BYRN & REA.

TRUSTEES' SALE.

BY virtue of a decree of the Circuit Court for Dorchester county, sitting as a Court of Equity, the undersigned, as Trustees, will offer at PUBLIC SALE, at the Court House door, in the town of Cambridge,

On Monday, Sept. 14th, 1857,

between the hours of 12 o'clock, M., and 3 o'clock, P. M., the REAL ESTATE of which James Lecompte, of S., died, seized.

This property consists of a VALUABLE FARM, situated on a branch of the Chicamicomico river, near the Draw-Bridge, in Dorchester county, called

'HUDSON'S SEAT,'

CONTAINING

264 Acres of Land,

MORE OR LESS.

About one-third of the tract is

HEAVILY TIMBERED

with large White Oak and other Timber suitable for Ship-building. The ARABLE LAND is of fine quality, and has been considerably improved in the course of a few years past.

The DWELLING HOUSE is commodious and nearly new. The OUT-BUILDINGS are only in tolerable repair.

This Farm lies between the lands of John T. Houston, Esq., and Dr. Henry W. Houston, in an improving neighborhood.

The terms of sale are one hundred and fifty dollars cash on the day of sale, and the balance in two equal instalments in one and two years, bearing interest, and secured by bond with security approved by the Trustees.

HELMBOLD'S

GENUINE PREPARATION OF HIGHLY CONCENTRATED

Compound Fluid Extract Buchu,

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weaknesses, Obstructions, Secret Diseases, Female Complaints, and all diseases of the Sexual Organs;

ARISING from Excesses and Imprudencies in life, and removing all Improper Discharges from the Bladder, Kidneys or Sexual Organs, whether existing in

MALE OR FEMALE,

from whatever cause they may have originated, AND NO MATTER OF HOW LONG STANDING, giving health and vigor to the frame, and bloom to the pallid cheek.

JOY TO THE AFFLICTED!!!

It cures Nervous and Debilitated Sufferers, and removes all the Symptoms, among which will be found

Indisposition to Exertion, Loss of Power and Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Langor, Universal Lassitude of the Muscular System, Often Enormous Appetite, with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently black spots flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such Patients than Solitude, and nothing they more dread for fear of themselves; no repose of manner, no carnestness, no speculation, but a hurried transition from one word to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity and Epileptic Fits—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases, Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur, it is rarely articulate,

"With woeful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves, thus blasting the ambition of many noble youths. It can be cured by the use of this

INFALLIBLE REMEDY.

If you are suffering with any of the above distressing ailments, the FLUID EXTRACT BUCHU will cure you. Try it and be convinced of its efficacy.

BEWARE OF QUACK NOSTRUMS AND QUACK DOCTORS,

who falsely boast of abilities and references. Citizens, know and avoid them, and save Long Suffering, Money and Exposure, by sending or calling for a bottle of this Popular and Specific Remedy.

It allays all pain and inflammation, is perfectly pleasant in its taste and odor, but immediate in its action.

HELMBOLD'S EXTRACT BUCHU

is prepared directly according to the rules of Pharmacy and Chemistry, with the greatest accuracy and Chemical knowledge and care devoted to its combination. See Prof. Dewees' valuable works on the Practice of Physic, and most of the late Standard Works of Medicine.

ONE HUNDRED DOLLARS

will be paid to any Physician who can prove that the Medicine ever injured a Patient; and the testimony of thousands can be produced to prove that it does great good. Cases of from one week to thirteen years' standing have been effected. The mass of voluntary testimony in possession of the Proprietor, vouching its virtues and curative powers, is immense, embracing names well known to Science and Fame. 100,000 BOTTLES HAVE BEEN SOLD, and not a single instance of a failure has been reported!

LAND FOR SALE.

THE subscriber offers to sell ONE HUNDRED ACRES or more of

WOOD LAND,

being a part of what has been known as PINEY NECK FARM, now BONNY BROOK. This land is contiguous to the Choptank School House, and lies immediately on the road leading from Cambridge to New Market, and is bounded on the East and West by the Airey and Cord Town roads. It is well covered with

PINE AND OAK,

a portion of which is suitable for SHIP TIMBER, STAVES, PLANK, &c., and the remainder would afford an immense quantity of CORD WOOD, which, being near the water, could be shipped at small cost.

The subscriber would also sell from

25 to 50 Acres of Arable Land,

immediately adjoining the above, should it be desired, which is now in Clover, and in good condition for Wheat this Fall, or Corn in the Spring. This, with the Wood Land, which has an excellent soil, would make a most desirable Farm for any one wishing to reside upon the most public road in the County, and near the Choptank river. For other information inquire of the subscriber on the premises.

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that ever were known; many troubled with ringing in the head and ears when asleep; great nervousness, being alarmed at sudden sound, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone and arms, blotches on the head, face and extremities, progressing on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a melancholly fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgencies and solitary habits which ruin both body and mind, unfitting them for either Business, Study, Society or marriage.

These are some of the sad and melancholy effects procured by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irribility, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTELLY.—The fearful effects on the mind are much to be dreaded; loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, weakness of the organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved.

All impediments to Marriage, Physical or Mental Disqualifications, Nervous Irritability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

IMPOTENCE—WEAKNESS OF THE GENITAL ORGANS.

Loss of virile power is the penalty most frequently paid by those who give a loose rein or license to their passions. Young persons are too apt to commit excess from not being aware of the dreadful effects that may ensue! Although impotency occurs from stricture, deposites in the urine, gravel, and from numerous other causes, yet the abuse of the sexual organs, by excessive venery or self-pollution; particularly the latter is the more frequent cause of it. Now who that understands the subject will pretend to deny that the power of procreating the species is lost sooner by those who practice the *solitary vice* than by the prudent? Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The System becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Debility, Dyspepsia, Palpitation of Heart, Indigestion, a Wasting of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the common results of the above mentioned *secret habit*, but a very brief description, for many reasons, can be given here. The complaint comes on gradually. It begins by a too hasty discharge of semen in copulative and passionate dreams. Such emissions being too hasty, have no power, while the erections are feeble, imperfect and soon over. As the disorder grows worse, the discharges or emissions become more easily excited and frequent, often brought on by lascivious ideas, or by merely touching the part in this deplorable case, the emissions take place without any pleasure and without erection, thus in this debilitated and sensitive state of the system the direful effects of pollution so ruinous to health, take place day and night. Pale, emaciated and weak, the unhappy victim of artificial gratification complains of pain in the head and back, has a languid look, dimness of sight, flushing of the face when spoken to, slowness of spirits, and a vague dread of something, often starting with terror at a sudden sight or sound. He also loathes society, from an innate sense of shame, and feels a dislike to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution within the last sixteen years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers and many other persons, notices of which, have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he does so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned Impostors, with innumerable false names or combined Quack shops, swarming these large cities, and copying Dr. Johnston's advertisements. *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers, &c., Paltry and Contemptible Imitators*, whose lives, instead of at the Noble Science of Medicine, have been spent in the most *menial capacity*, now styling themselves "Regularly Educated Physicians, illiterate, shallow-brained fellows, too lazy to work at their original trade, with scarce two ideas beyond a brute, who for the purpose of enticing and deceiving, carrying on five or six offices, under as many different false names, so that the afflicted strangers, escaping one, is sure to tumble headlong into the other. Ignorant Quacks with enormous lying certificates of great and astonishing cures from persons not to be found, who keep you taking large bottles of Licorice Water, and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the smallest fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

Persons doubting these remarks can try these impostors, be ruined in health, and be convinced.

Dr. Johnston wants no Patients, but those fully capable of appreciating and distinguishing the services of a regular thorough-bred Physician from the paltry, designing and unlearned Quack.

ONLY PHYSICIAN ADVERTISING.

Dr. Johnston is the only Physician advertising to cure Secret Disease. His Credentials or Diplomas always hang in his office.

His remedies and treatment are entirely unknown to all others. Prepared from a life spent in the great hospitals of Europe and the first in this country, and a more extensive practice than any other Physician in the world.

A RESISTLESS REMEDY.

HOLLOWAY'S OINTMENT.

CIRCULAR TO THE SICK.

The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; Governments sanction its use in their naval and military services, and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

SALT RHEUM, FEVER SORES, STIFF JOINTS.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A WORD TO MOTHERS.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

SIGNIFICANT FACTS.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions, Burns, Chapped Hands, Chilblains, Fistula, Gout, Lumbago, Mercurial Eruptions, Piles, Rheumatism, Ringworm, Salt Rheum, Scalds, Skin Diseases, Swelled Glands, Sore Legs, Sore Breasts, Sore Heads, Sore Throats, Sores of all kinds, Sprains, Stiff Joints, Tetter, Ulcers, Veneral Sores and Wounds of all kinds.

*Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 62½ cents and $1 each.

☞There is a considerable saving by taking the larger sizes.
