It was a wise foresight which de-
nded, as a measure of protection
our agricultural and commercial
terests, that the tariff regulations,
intimately connected with the
osperity of our business classes,
ould be shared in by a representa-
n fully commensurate with the
l which has been asked at the
nds of the State. In the midst of
ents daily transpiring in the oper-
ions of the great works of inter-
l improvement throughout the
untry, it is evident that this pow-
can never be safely parted with.
he people have a vested claim to a
ir participation, on the part of the
tate, in the management of all those
orks for the completion and sup-
ort of which they have been sub-
cted to so heavy a weight of re-
onsibility.

The appointing power, limited and
rcumscribed as it has been, is, nev-
rtheless, one of the most delicate
ith which the executive is charged.
regard it as a sacred trust, to be
xercised with the sole view of ad-
ancing the interest and happiness
f the commonwealth. It shall be
ny effort to elevate the standard of
fficial employment, by selecting for
place under executive appointment
ndividuals fitted for the posts to
which they are assigned, by their
known properly represented integri-
y, efficiency and virtues. That
mistakes will occur is to be expected;
and unfortunate selections may be
made, notwithstanding the greatest
care. In such cases the right to re-
move will be unhesitatingly exercis-
ed; and neglect of duty, malfeasance
or unfitness in office will not be tol-
erated.

Finally, gentlemen, you may count
upon whatever assistance or infor-
mation may lie in my power to aid
your labors; and you may rely upon
my unceasing effort, in compliance
with the oath I have taken, to see
faithfully executed the laws you
shall pass for the prosperity and fur-
therance of the public interest. To
that work, during the short time al-
lotted to your sessions, let us address
ourselves at once and with energy,
and with a reliance upon the Supreme
Governor of all, without whose as-
sistance and blessing and continued
care, nations as well as individuals,
labor in vain.

Baltimore Lock Hospital,

DR. JOHNSTON,

THE founder of this celebrated Institution;
the only regularly Educated Physician
Advertising—offers the most certain, speedy
and only effectual remedy in the world for

SECRET DISEASES.

Gleets, Strictures, Seminal Weakness, Pains
in the Loins, Constitutional Debility, Impoten-
cy, Weakness in the Back and Limbs, Affec-
tions of the Kidneys and Bladder, Nervous
Debility, Dyspepsia, Languor, Low Spirits,
Confusion of Ideas, Palpitation of the Heart,
Timidity, Tremblings, Dimness of Sight or
Gidiness, Affections of the Head, Throat, Nose
or Skin—those terrible disorders arising from
the indiscretion of Solitary Habits of Youth;
those Dreadful and destructive Practices which
produce Constitutional Debility, render Mar-
riage impossible, and destroy both body and
mind.

YOUNG MEN,

Especially who have become the victims of
Solitary Vice, that dreadful and destructive
habit, which annually sweeps to an untimely
grave, thousands of young men, of the most
exalted talent and brilliant intellect, who might
otherwise have entranced listening Senates
with the thunders of eloquence, or waked to
ecstacy the living lyre, may call with full con-
fidence.

MARRIAGE.

Married Persons, or young men comtemplat-
ing marriage, being aware of physical weak-
ness, organic debility, deformities, &c , should
immediately consult Dr. J., and be restored.

He who places himself under the care of Dr.
J., may religiously confide in his honor as a
gentleman and confidently rely upon his skill
as a physician.

ticular in observing the name and number, for

Trifling Quacks, *Shoe Menders, Boot Blacks,
Sweeps, Lamp Trimmers*, etc., styling them-

by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON,

Member of the Royal College of Surgeons,
London, graduate from one of the most emi-
nent Colleges of the United States, and the
greater part of whose life has been spent in the
hospitals of London, Paris, Philadelphia and
elsewhere, has effected some of the most as-
tonishing cures that ever were known; many
troubled with ringing in the head and ears
when asleep; great nervousness, being alarmed
at sudden sound, bashfulness, with frequent
blushing, attended sometimes with derange-
ment of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary
of pleasure finds he has imbibed the seeds of
this painful disease, it too often happens that
an illtimed sense of shame, or dread of discov-
ery, deters him from applying to those who,
from education and respectability, can alone
befriend him, delaying till the constitutional
symptoms of this horrid disease make their
appearance, such as ulcerated sore throat, dis-
eased nose, nocturnal pains in the head and
limbs, dimness of sight, deafness, nodes on the
shin bone and arms, blotches on the head, face
and extremities, progressing on with frightful
rapidity, till at last the palate of the mouth or
the bones of the nose fall in, and the victim of
this awful disease becomes a horrid object of
commiseration, till death puts a period to his
dreadful sufferings, by sending him to "that
bourne from whence no traveller returns."

It is a melancholly fact that thousands fall
victims to this terrible disease owing to the
unskillfulness of ignorant pretenders, who, by
the use of that Deadly Poison, Mercury, ruin
the constitution and make the residue of life
miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured
themselves by improper indulgencies and soli-
tary habits which ruin both body and mind,
unfitting them for either Business, Study, So-
ciety or marriage.

These are some of the sad and melancho-
ly effects procured by early habits of youth,
viz: Weakness of the Back and Limbs, Pains
in the Head, Dimness of Sight, Loss of Mus-
cular Power, Palpitation of the Heart, Dyspep-
sia, Nervous Irribility, Derangement of the
Digestive Functions, General Debility, symp-
toms of Consumption, &c.

MENTELLY.—The fearful effects on the mind
are much to be dreaded; loss of Memory, Con-
fusion of Ideas, Depression of Spirits, Evil
Forebodings, Aversion of Society, Self-Dis-
trust, Love of Solitude, Timidity, &c., are
some of the evils produced.

Thousands of persons, of all ages, can now
judge what is the cause of their declining health,
losing their vigor, becoming weak, pale, ner-
vous and emaciated, having a singular appear-
ance about the eyes, cough and symptoms of
consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR
ORGANIC WEAKNESS.

By this great and important remedy, weak-
ness of the organs is speedily cured, and full
vigor restored.

Thousands of the most nervous and debilita-
ted, who had lost all hope, have been immedi-
ately relieved.

All impediments to Marriage, Physical or
Mental Disqualifications, Nervous Irritability,
Trembling and Weakness, or exhaustion of the
most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain
practice indulged in when alone—a habit fre-
quently learned from evil companions at school,
the effects of which are nightly felt, even when
asleep, and if not cured render marriage im-
possible, and destroy both mind and body,
should apply immediately.

What a pity a young man, the hope of his
country, the darling of his parents, should be
snatched from all prospects and enjoyments of
life, by the consequence of deviating from the
path of nature, and indulging in a certain se-
cret habit. Such persons must before contem-
plating MARRIAGE, reflect that a sound
mind and body are the most necessary requi-
sites to promote connubial happiness. Indeed,
without these, the journey through life becomes
a weary pilgrimage; the prospect hourly dark-
ens to the view; the mind becomes shadowed
with despair, and filled with the melancholy
reflection that the happiness of another be-
comes blighted with our own.

IMPOTENCE—WEAKNESS OF THE
GENITAL ORGANS.

Loss of virile power is the penalty most fre-
quently paid by those who give a loose rein or
license to their passions. Young persons are
too apt to commit excess from not being aware
of the dreadful effects that may ensue! Al-
though impotency occurs from stricture, depos-
ites in the urine, gravel, and from numerous
other causes, yet the abuse of the sexual or-
gans, by excessive venery or self-pollution; par-
ticularly the latter is the more frequent cause
of it. Now who that understands the subject
will pretend to deny that the power of procre-
ating the species is lost sooner by those who
practice the *solitary vice* than by the prudent?
Besides being deprived the pleasure of healthy
offspring, the most serious and destructive
symptoms to both body and mind arise.

The System becomes Deranged, the Physi-
cal and Mental Functions Weakened, Loss of
Procreative Power, Nervous Debility, Dyspep-
sia, Palpitation of Heart, Indigestion, a Waist-
ing of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the com-
mon results of the above mentioned *secret habit*,
but a very brief description, for many reasons,
can be given here. The complaint comes on
gradually. It begins by a too hasty discharge
of semen in copulative and pass onate dreams.
Such emissions being too hasty, have no power,
while the erections are feeble, imperfect and
soon over. As the disorder grows worse, the
discharges or emissions become more easily ex-
cited and frequent, often brought on by lascivi-
ous ideas, or by merely touching the part in
this deplorable case, the emissions take place
without any pleasure and without erection, and
in this debilitated and sensitvie state of the or-
gans the direful effects of pollution so ruinous
to health, take place day and night. Pale,
emaciated and weak, the unhappy victim of
artificial gratification complains of pain in
the head and back, has a languid look, dimness
of sight, flushing of the face when spoken to,
lowness of spirits, and a vague dread of some-
thing, often starting with terror at a sudden
sight or sound. He also loaths society, from
an innate sense of shame, and feels a dislike
to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution
within the last sixteen years, and the numer-
ous important Surgical Operations performed
by Dr. Johnston, witnessed by the reporters of
the papers and many other persons, notices of
which, have appeared again and again before
the public, besides his standing as a gentleman
of character and responsibility, is a sufficient
guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr.
Johnston permits his card to appear before the
public, deeming it unprofessional for a physi-
cian to advertise, but unless he does so, the af-
flicted, especially strangers, could not fail to
fall into the hands of the many impudent and
unlearned Impostors, with innumerable false
names or combined Quack shops, swarming
these large cities, and copying Dr. Johnston's
advertisements. *Shoe Menders, Boot Blacks,
Sweeps, Lamp Trimmers, &c., Paltry and Con-
temptible Imitators*, whose lives, instead of at
the Noble Science of Medicine, have been
spent in the most *menial capacity*, now styling
themselves "Regularly Educated Physicians,"
illiterate, shallow-brained fellows, too lazy to
work at their original trade, with scarce two
ideas beyond a brute, who for the purpose of
enticing and deceiving, carrying on five or six
offices, under as many different false names,
so that the afflicted strangers, escaping one, is
sure to tumble headlong into the other. Ig-
norant Quacks with enormous lying certifi-
cates of great and astonishing cures from per-
sons not to be found, who keep you taking
large bottles of Licorice Water, and other
packages of filthy and worthless compounds,
cunningly prepared to impose upon the unfor-
tunate and unsuspecting. Trifling month af-
ter month, or as long as the smallest fee can
be obtained, and, in despair, leaves you with
ruined health, to sigh over your galling disap-
pointment.

Persons doubting these remarks can try these
impostors, be ruined in health, and be con-
vinced.

Dr. Johnston wants no Patients, but those
fully capable of appreciating and distinguish-
ing the services of a regular thorough-bred
Physician from the paltry, designing and un-
learned Quack.
