WASHINGTON, Jan. 19th.

Our Difficulties with Paraguay—The African Slave Trade and the French and English Governments—The Fishing Bounties—Senator Rusk's Death.

The correspondence relative to pending difficulties with the government of Paraguay, which were referred to in the President's message, has appeared. The facts, as they appear, fully justify the President in recommending to Congress some provision of means to enable him to obtain redress from that government for injuries to our citizens, and also for the unwarrantable and dastardly attack upon the United States steamer Water Witch, in the river Parana. The United States government undertook, at the urgent solicitation of the Argentine Republic, and for the benefit of the commercial world, to ascertain how far the La Plata and its tributary streams are navigable. The river Parana is the boundary between Paraguay and Corientes, a State of the Argentine Confederation. A Paraguain fort fired into the Water Witch, killing one man and doing other damage. The fire was returned, but under great disadvantages. The survey was of course, discontinued. That is a matter that ought not to be allowed.

The Senate, on motion of Mr. Seward, has called upon the President for any information he may have received from officers of our navy, or from the British or French governments, or any other source, relative to the revival of the African slave trade. The trade is carried on at this time with more activity than ever; and it appears to have lost much of its odium in the eyes of the world. The government of France is a party to the traffic. The British government is supposed to favor it. In a discussion in the Senate last week, this subject was incidentally noticed, and it was remarked by Mr. Seward that Great Britain had changed her position as to this trade. Mr. Seward admitted that the British government favored the traffic, but not the British people. The American Colonization Society, which holds its annual meeting tonight, will turn their attention to this subject.

Mr. Clay, of Alabama, has reported back his bill to abolish the fishery bounties. The bounties paid in 1856 amounted to the sum of $390,000.

The death of the late and eminently esteemed Senator Rusk was announced to-day by General Houston, who gave an interesting sketch of his late colleague's history. The eulogiums from Mr. Collamer and Mr. Seward were appropriate. The eulogy delivered in the House by Mr. Keitt was exceedingly eloquent and impressive. ION.

Baltimore Lock Hospital,

DR. JOHNSTON,

THE founder of this celebrated Institution; the only regularly Educated Physician Advertising—offers the most certain, speedy and only effectual remedy in the world for

SECRET DISEASES.

Gleets, Strictures, Seminal Weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness in the Back and Limbs, Affections of the Kidneys and Bladder, Nervous Debility, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Gidiness, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion of Solitary Habits of Youth; those Dreadful and destructive Practices which produce Constitutional Debility, render Marriage impossible, and destroy both body and mind.

YOUNG MEN,

Especially who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave, thousands of young men, of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c, should immediately consult Dr. J., and be restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman and confidently rely upon his skill as a physician.

OFFICE, No. 7, South Frederick street, Baltimore, Md., seven doors from Baltimore street, East side, up the steps. ☞Be particular in observing the name and number, for Ignorant and Lying Impostors, Cunning and Trifling Quacks, *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers*, etc., styling themselves regularly Educated Phisicians, attracted by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that ever were known; many troubled with ringing in the head and ears when asleep; great nervousness, being alarmed at sudden sound, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone and arms, blotches on the head, face and extremities, progressing on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a melancholly fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgencies and solitary habits which ruin both body and mind, unfitting them for either Business, Study, Society or marriage.

These are some of the sad and melancholy effects procured by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irribility, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTELLY.—The fearful effects on the mind are much to be dreaded; loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, weakness of the organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved.

All impediments to Marriage, Physical or Mental Disqualifications, Nervous Irritability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

IMPOTENCE—WEAKNESS OF THE GENITAL ORGANS.

Loss of virile power is the penalty most frequently paid by those who give a loose rein or license to their passions. Young persons are too apt to commit excess from not being aware of the dreadful effects that may ensue! Although impotency occurs from stricture, deposites in the urine, gravel, and from numerous other causes, yet the abuse of the sexual organs, by excessive venery or self-pollution; particularly the latter is the more frequent cause of it. Now who that understands the subject will pretend to deny that the power of procreating the species is lost sooner by those who practice the *solitary vice* than by the prudent? Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The System becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Debility, Dyspepsia, Palpitation of Heart, Indigestion, a Wasting of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the common results of the above mentioned *secret habit*, but a very brief description, for many reasons, can be given here. The complaint comes on gradually. It begins by a too hasty discharge of semen in copulative and passionate dreams. Such emissions being too hasty, have no power, while the erections are feeble, imperfect and soon over. As the disorder grows worse, the discharges or emissions become more easily excited and frequent, often brought on by lascivious ideas, or by merely touching the part in this deplorable case, the emissions take place without any pleasure and without erection, and in this debilitated and sensitvie state of the organs the direful effects of pollution so ruinous to health, take place day and night. Pale, emaciated and weak, the unhappy victim of artificial gratification complains of pain in the head and back, has a languid look, dimness of sight, flushing of the face when spoken to, lowness of spirits, and a vague dread of something, often starting with terror at a sudden sight or sound. He also loaths society, from an innate sense of shame, and feels a dislike to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution within the last sixteen years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers and many other persons, notices of which, have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he does so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned Impostors, with innumerable false names or combined Quack shops, swarming these large cities, and copying Dr. Johnston's advertisements. *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers, &c., Paltry and Contemptible Imitators*, whose lives, instead of at the Noble Science of Medicine, have been spent in the most *menial capacity*, now styling themselves "Regularly Educated Physicians," illiterate, shallow-brained fellows, too lazy to work at their original trade, with scarce two ideas beyond a brute, who for the purpose of enticing and deceiving, carrying on five or six offices, under as many different false names, so that the afflicted strangers, escaping one, is sure to tumble headlong into the other. Ignorant Quacks with enormous lying certificates of great and astonishing cures from persons not to be found, who keep you taking large bottles of Licorice Water, and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the smallest fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

Persons doubting these remarks can try these impostors, be ruined in health, and be convinced.

Dr. Johnston wants no Patients, but those fully capable of appreciating and distinguishing the services of a regular thorough-bred Physician from the paltry, designing and unlearned Quack.

ONLY PHYSICIAN ADVERTISING.

Dr. Johnston is the only Physician advertising to cure Secret Disease. His Credentials or Diplomas always hang in his office.

His remedies and treatment are entirely unknown to all others. Prepared from a life spent in the great hospitals of Europe and the first in this country, and a more extensive practice than any other Physician in the world.
