BY YESTERDAY'S STEAMER.

Later from Fort Scott--Movement of U. S. Troops.

ST. LOUIS, May 10th.—A telegraphic dispatch from Independence announces the arrival there of Mr. Mason, who left Camp Scott on the 3d of March. Gen. Johnson was anxiously waiting for the arrival of Capt. Marcy. The health of the army was remarkably good. Provisions were becoming scarce, but supplies weae expected from Fort Laramie. Mr. Mason was detained seventeen days on account of snow storms. He met Col. Hoffman's command 140 miles beyond Fort Kearney.

Twelve hundred troops have arrived here within three days a great portion of whom proceed immediately to Leavenworth.

The Republican states that Capt. Marcy would not be detained more than ten days waiting for reinforcements, and he would then be in a condition to march on Camp Scott in 40 days.

The supply trains were losing a number of animals from cold. All the streams were high on the plains.

Congressional Nomination--General Smith and Staff.

ST. LOUIS, May 10.—The Democratic convention of the 4th congressional district have unanimously nominated Hon. Jas. Craig for re-election to Congress.

Major-General Smith and staff will leave here to-day for Leavenworth. Gen. S.'s health is much impaired.

The New York News learns that Mrs. Cunningham has received from its mother and takes full charge of the celebrated "bogus baby."

BALTIMORE MARKET.

BALTIMORE, May 10, 1858.

GRAIN.—Receipts of most descriptions were fair this morning, those of Wheat amounting to 9,600 bushels white and 900 bushels red; of white Corn 12,000 bushels and yellow 7,121 bushels; and of Oats 11,325 bushels. Most of the red Wheat sold at 1 05a$1 06 for good grades, and $1 08 for prime. Very little prime white Wheat offered—sales ranged at 98 cents for inferior, 1 05a$1 10 for fair, 1 20a$1 25 for good to prime, and $1 32 per bushel for a choice lot. Of Corn, there were sales to a good extent, and prices improved 1c per bushel all round—white sold at 63a65 cts; 5,100 bushels yellow at 68a70 cts., and mixed at 57a61 cts. per bushel. Of Oats, about half the offerings were taken at 30a35 cts. for fair to prime Maryland and Virginia, and at 38 cts. per bushel for good Pennsylvania. No Rye offered nor sold—we quote Pennsylvania at 70a71 cts, and Maryland and Virginia at 65a67 per bushel.

NEW HOTEL IN WASHINGTON.—It is stated that a new family hotel is projected in Washington by Mr. Corcoran and other wealthy citizens, to be erected on the corner of Pennsylvania avenue and Lafayette square. The land will cost $170,000, and the house and furniture about $200,000 more. Mr. Stetson, of the Astor House, it is said, will take a lease of this house when completed. The location is nearly opposite the President's house, and in the heart of the fashionable quarter of the city.

A SPUNKY GOVERNOR.—The Governor of Wisconsin now gets a yearly income of $1,200. A proposition having been recently introduced in the Legislature to increase the salary to $2,000, Gov. Randall notified the members of that body that, if adopted, he would veto the measure, whereupon the proposition was dropped.

A MORMON'S BOAST.—Orson Hyde, one of the Mormon apostles, boasts that if he lives ten years and thrives as he has been thriving, he will have "sons enough to make a regiment by themselves."

The Kansas land sales, by order of the President, have been postponed from July to October. The postponement was asked by the people of Kansas.

THE SEIZURE OF AN AMERICAN VESSEL.—Col. Blythe, the United States consul at Havana, has investigated the facts connected with the recent seizure of the American schooner Cortes by a British gunboat, and finds, it is said, that it was a high-handed and daring perversion of the right of search. A portion of the crew who would not swear the vessel was a slaver were put on shore, and the property taken is valued, all told, at $66,500.

EMIGRATION OF FLORIDA INDIANS. At the latest accounts from Fort Myers, Fla., Billy Bowlegs and suite, 33 warriors and 84 women and children, were there, ready to emigrate. These, added to others in custody, will make 206, all of whom would be sent west in a few days. Sam Jones and his 33 warriors have, probably, ere this, surrendered, so that there is a prospect that the "Florida war" will soon be over.

DEATH OF GENERAL MERCER.—The venerable Gen. Charles Fenton Mercer, so well and favorably known throughout the United States, died near Alexandria, Va., on the 5th instant, in the 80th year of his age.—Many years ago he was a distinguished member of Congress, and filled other offices of responsibility with signal ability.

DISEASE OF THE LIVER.

By this disease we understand an inflammation either in the membrane or substance of the liver, known by dull pains in the right side, the stomach always disordered, the yellow tinge of the skin, dry cough, tongue coated, costiveness, high-colored urine, and of a thick nature; severe weakness and severe pains in the head.

The quantity of corrupted humors in the region of the liver, causes a defective secretion of the bile. The liver when healthy, serves as a filter to the blood, to separate all impurity from it, or to refine it. When diseased, it cannot purify the blood, which, when sent to the lungs, brains, and other parts in a morbid condition, may cause Jaundice, Consumption, Insanity, &c., and withholding the natural stimulus to the intestines, causes Dyspepsia, Piles, and other complaints, as you perceive the direct way to unravel and tear the whole system to pieces.

A patient, suffering from this complaint, should resort to speedy relief. Yet there are very few medicines worth a cent in curing diseases. What then shall be done? We say, use Dr. Morse's Indian Root Pills, as they are composed of plants and roots; they will be found a sure cure for this painful disease, because they purge from the body those corrupt and stagnant humors, and so cleanse and renew the blood, which is the cause not only of the disease of the liver, and the inflammation of the kidney and the bladder, but of every description of disease. From 3 to 4 of the above pills, taken every night on going to bed, will in a few days, entirely relieve the body of everything that is opposed to health.

☞Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

MAGISTRATES BLANKS FOR SALE AT THIS OFFICE.

ABOVE we present you with a likeness of Dr. MORSE, the inventor of *MORSE'S INDIAN ROOT PILLS*. This philanthropist has spent the greater part of his life in traveling, having visited Europe, Asia and Africa, as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased, thus causing pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become chocked and cease to act, and thus our light of life will forever be blown out. How important, then, that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. More's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

For the year 1858, that beautiful situation in Cambridge, the late residence of Mrs Ann Muir. Apply to

Sept. 23, 1857. BENJ. G. KEENE.

Baltimore Lock Hospital,

DR. JOHNSTON,

THE founder of this celebrated Institution; the only regularly Educated Physician Advertising—offers the most certain, speedy and only effectual remedy in the world for

SECRET DISEASES.

Gleets, Strictures, Seminal Weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness in the Back and Limbs, Affections of the Kidneys and Bladder, Nervous Debility, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Gidiness, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion of Solitary Habits of Youth; those Dreadful and destructive Practices which produce Constitutional Debility, render Marriage impossible, and destroy both body and mind.

YOUNG MEN,

Especially who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave, thousands of young men, of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or young men comtemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. J., and be restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman and confidently rely upon his skill as a physician.

OFFICE, No. 7, South Frederick street, Baltimore, Md., seven doors from Baltimore street, East side, up the steps. ☞Be particular in observing the name and number, for Ignorant and Lying Impostors, Cunning and Trifling Quacks, *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers*, etc., styling themselves regularly Educated Phisicians, attracted by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that ever were known; many troubled with ringing in the head and ears when asleep; great nervousness, being alarmed at sudden sound, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone and arms, blotches on the head, face and extremities, progressing on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a melancholly fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgencies and solitary habits which ruin both body and mind, unfitting them for either Business, Study, Society or marriage.

These are some of the sad and melancholy effects procured by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irribility, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTELLY.—The fearful effects on the mind are much to be dreaded; loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, weakness of the organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved.

All impediments to Marriage, Physical or Mental Disqualifications, Nervous Irritability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

IMPOTENCE—WEAKNESS OF THE GENITAL ORGANS.

Loss of virile power is the penalty most frequently paid by those who give a loose rein or license to their passions. Young persons are too apt to commit excess from not being aware of the dreadful effects that may ensue! Although impotency occurs from stricture, deposites in the urine, gravel, and from numerous other causes, yet the abuse of the sexual organs, by excessive venery or self-pollution; particularly the latter is the more frequent cause of it. Now who that understands the subject will pretend to deny that the power of procreating the species is lost sooner by those who practice the *solitary vice* than by the prudent? Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The System becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Debility, Dyspepsia, Palpitation of Heart, Indigestion, a Wasting of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the common results of the above mentioned *secret habit*, but a very brief description, for many reasons, can be given here. The complaint comes on gradually. It begins by a too hasty discharge of semen in copulative and passionate dreams. Such emissions being too hasty, have no power, while the erections are feeble, imperfect and soon over. As the disorder grows worse, the discharges or emissions become more easily excited and frequent, often brought on by lascivious ideas, or by merely touching the part in this deplorable case, the emissions take place without any pleasure and without erection, and in this debilitated and sensitvie state of the organs the direful effects of pollution so ruinous to health, take place day and night. Pale, emaciated and weak, the unhappy victim of artificial gratification complains of pain in the head and back, has a languid look, dimness of sight, flushing of the face when spoken to, lowness of spirits, and a vague dread of something, often starting with terror at a sudden sight or sound. He also loaths society, from an innate sense of shame, and feels a dislike to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution within the last sixteen years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers and many other persons, notices of which, have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he does so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned Impostors, with innumerable false names or combined Quack shops, swarming these large cities, and copying Dr. Johnston's advertisements. *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers, &c., Poltry and Contemptible Imitators*, whose lives, instead of at the Noble Science of Medicine, have been spent in the most *menial capacity*, now styling themselves "Regularly Educated Physicians," illiterate, shallow-brained fellows, too lazy to work at their original trade, with scarce two ideas beyond a brute, who for the purpose of enticing and deceiving, carrying on five or six offices, under as many different false names, so that the afflicted strangers, escaping one, is sure to tumble headlong into the other. Ignorant Quacks with enormous lying certificates of great and astonishing cures from persons not to be found, who keep you taking large bottles of Licorice Water, and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the smallest fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

Persons doubting these remarks can try these impostors, be ruined in health, and be convinced.

Dr. Johnston wants no Patients, but those fully capable of appreciating and distinguishing the services of a regular thorough-bred Physician from the paltry, designing and unlearned Quack.

ONLY PHYSICIAN ADVERTISING.

Dr. Johnston is the only Physician advertising to cure Secret Disease. His Credentials or Diplomas always hang in his office.

His remedies and treatment are entirely unknown to all others. Prepared from a life spent in the great hospitals of Europe and the first in this country, and a more extensive practice than any other Physician in the world.

HE ALONE CAN RESTORE YOU.

A CARD.

I ADOPT this mode, as a means of reaching all my friends, to urge upon them the prompt settlement of their accounts. I have heavy engagements to meet this Spring, which is near at hand, and *they* have my funds. I therefore respectfully but earnestly say to them, I want my money—I need my money—I cannot carry on my business without my money. I have been and still am disposed to be indulgent, but the revulsion which has swept over the country has embarrassed me, and I must of necessity collect in my funds—"peaceably if I can, forcibly if I must."

I hope my friends will respond promptly and demonstrate that "a friend in need is a friend in *deed*."
