A manual of guerilla warfare, with instructions to use the lance, so many of which were found, was carefully preserved.

The Independent Greys were most hospitably entertained at the houses of Messrs. Shubridge and Albert Beale, who reside on the mountain near the town.

The Hon. Henry A. Wise, Governor of Virginia, has established his quarters in the hotel at Harper's Ferry, and is extending his investigation of the insurrection in every direction. Witnesses were being hourly brought before him and the most alarming proof of a formidable plot was being gradually traced out. Parties of scouts on horseback, and accompanied by hounds, had gone to the mountains in search of others of the implicated parties, and for the purpose of recapturing any parties of slaves that might be found making their way into the free States.

The Governor is aided in his investigations by District Attorney Ould, of Washington, who has prepared the papers necessary for the commitment to jail of those of the insurgents captured.

A CURE FOR WHOOPING COUGH. ST. HYACINTHE, C. E., Aug. 21.

Messrs. Seth W. Fowle & Co. Gentlemen: Several months since a little daughter of mine, ten years of age, was taken with whooping cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great confidence in it. Yours,

P. GUITTE,

Proprietor of the Courier de St Hyacinthe.

HOLLOWAY'S PILLS, a certain Remedy for Dropsy.—Charles Hutchinson (33,), of Burlington, Vermont, was for fifteen months a sad victim to this complaint, so bad was he one part of the time, that the water actually oozed through the pores of the skin, and thrice per day change of apparel became necessary. Every time his doctor called he expected to find him dead, and in fact gave his friends no hopes of his recovery; his sister who had derived great benefit by the use of Holloway's Pills, begged him, as a favor to her, to try them; fortunately for him he did not refuse, and they soon produced a change for the better, in four weeks he was attending to business having thoroughly got rid of the disorder, and in the most excellent health and spirits. These Pills work wonders in liver and bilious complaints.

MAGISTRATE'S BLANKS FOR SALE AT THIS OFFICE.

## Herrick's Map of Maryland.

JUST PUBLISHED:

*HERRICK'S*

MAP OF MARYLAND AND DIST. OF COLUMBIA.

The undersigned having been engaged for some time in making a survey for, and in draughting and designing a correct and beautiful State Map of Maryland, with the intention of publishing a more thorough, comprehensive and accurate map than any heretofore published, would respectfully announce, to the citizens of this county, and of the State generally, that their work is engraved, published complete and ready for sale. This map is carefully drawn, executed with taste, and is calculated to be of the greatest importance for reference by the resident; as an ornament to the parlor, hall or office, and as a dictionary to the traveler.

*Description of Map.*

The map is drawn upon a large scale (1 in 400,000), representing the land boundaries, that beautiful sheet of water, the Chesapeake Bay, with its numerous tributaries, the rivers and streams throughout the counties, the public works, canals, rail roads, &c., together with the cities, post offices, many smaller villages and most of the county roads. It also embraces in the margin enlarged maps of the District of Columbia, and cities of Baltimore and Washington. The whole will be colored in counties, beautifully embellished, varnished and mounted on rollers, with cloth blacks, thus combining *beauty* with *durability*.

*Publishing Terms.*

We sell our maps by subscription *only*, at $5 per copy, payable on delivery. Regular Canvassing Agents will visit each county and receive subscriptions, which will not be binding on parties, unless the map, when delivered, is as good in every respect as the specimens shown by them. Persons are cautioned against subscribing with any who have not a certificate of agency, signed by us, and who do not exhibit a sample copy of the Map.

## Holloway's Ointment.

CONSOLATION FOR THE SUFFERING.

NEARLY fifty years continual use in every part of the habitable globe, amongst the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of salt rheum, scurvy, sore heads, scrofula or erpsipelas, can long withstand its influence.

BAD LEGS, OLD SORES AND ULCERS.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent

ERUPTIONS ON THE SKIN,

arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

PILES AND FISTULA.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolument; warm fomentations should precede its application — Its healthy qualities will be found to be thorough and invariable.

*Both the Ointment and Pills should be used in the following cases:*

| | |
|---|---|
| Bunions, | Skin Diseases, |
| Burns, | Swelled Glands, |
| Chapped Hands, | Sore Legs, |
| Chilblains, | Sore Breasts, |
| Fistula, | Sore Heads, |
| Gout, | Sore Throats, |
| Lumbago, | Sores of all kinds, |
| Mercurial Eruptions, | Sprains, |
| Piles, | Stiff Joints, |
| Rheumatism, | Tetter, |
| Ringworm, | Ulcers, |
| Salt Rheum, | Venereal Sores, |
| Scalds, | Wounds of all kinds. |

☞CAUTION!—None are genuine unless the words, '*Holloway, New York and London*,' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light*. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

## The States and Union.

THE CHEAPEST PAPER IN THE SOUTH.

*Only One Dollar per annum for the Weekly Edition.*

ON the first day of October next we will commence the publication of our paper, on new, large and legible type, under the title of THE STATES AND UNION.

"The Union" is a name that is endeared to the editor of The States by many agreeable recollections. He brought it with him to Washington from Nashville, where it was the title of the home organ of Gen. Jackson and Mr. Polk, (with which he was editorially associated) and mainly adopted, at his instance, by the lamented Mr. Ritchie, the then Nestor of the American press, as an appropriate name for the Democratic journal which they jointly established, and the first number of which was issued on Jefferson's birth-day in 1845.—It is a name that was beloved by such sterling patriots and Democrats as Gen. Jackson, Jas K. Polk, Mr. Ritchie, Gen. Armstrong, and their contemporaries, and a name graven on the hearts of the Democratic party.

When the journal which it represented found that its interests would be benefitted by casting it aside and substituting another, we then resolved that, as it had been thus repudiated, we would take it up, and place it at the head of our own columns, as soon as a suitable period arrived.

The States and Union will be conducted with an exclusive regard to the principles of the State-rights Democracy, will be independent of factions, and unbiased by partial interests. We may add that several of the ablest contributors to the "Union" during the time we were connected with it, have voluntarily promised to write for The States and Union, in behalf of the cause in which we are enlisted, as they did in by-gone years.

It will be furnished to subscribers at the low price of ONE DOLLAR per year.

This is but barely remunerative, but we have placed it thus low in order that it may be within the reach of every Democrat and others who are inclined to read it. It will contain all the leading editorials which appear in the daily editions, as well as a large amount of general intelligence, embracing much valuable information relating to the *affairs of government*, and matters of interest appertaining to Literature, Agriculture and Commerce. It will also contain all the Government Advertisements and official notices.

The events which will transpire during the next *twelve months* will make a paper published at the seat of government of more than ordinary interest.

The States and Union, during this period, will contain a perfect history of the proceedings of the NEXT CONGRESS, which will perhaps be of more interest to the nation than any previous Congress which has assembled at Washington since the formation of the government.

It will embrace the whole political canvass for the *NEXT PRESIDENCY*, up to the day on which the election takes place; in fact, it may be regarded as *the* CAMPAIGN PAPER, and the *cheapest paper* of the kind ever issued.

We see no reason why its circulation should not be extended to fifty thousand in a few months. The indications are favorable to such a result from the substantial manifestations which we receive day by day in the large number of subscribers. A remittance may be made for a single copy by carefully wrapping up a GOLD DOLLAR and enclosing it in an envelope.

## Mastodon Newspaper!

ROBERTS' ILLUMINATED QUADRUPLE CONSTELLATION!

*The largest sheet of paper ever made and printed, measuring 70x100 inches!—The greatest Typographical Achievement of the Age!*

The subscriber announces that he has made such arrangements as will enable him to keep printing a constant supply of his mastodon paper, "The Illuminated Quadruple Constellation"—and all orders from any part of the country, for one or more copies, will be immediately filled on their receipt. All newspaper dealers will keep a supply on hand ready for purchasers. We have Electrotyped the immense eight pages, and therefore can print them as fast as required.

The Press, with one accord, have pronounced The Illuminated Quadruple Constellation the greatest newspaper achievement ever accomplished. Notwithstanding its immense size, it is superbly printed on the very best and strongest white paper ever made or used for a newspaper. It contains eight mammoth pages! thirteen columns to a page—each page four feet in length! In its Imperial folds is embraced more matter than is contained in six different numbers of Harper's Monthly, or fifteen different numbers of the New York Ledger, or any other similar weekly! Four of its immense pages are largely occupied with splendid engravings, portraits of noted personages, &c., &c.

Among the prominent contents may be mentioned the re-publication complete, and without any abridgement whatever, of the celebrated MOON HOAX! as originally published in the New York Sun, in 1835—Two Splendid Novellettes, by J. H. Ingraham, author of "Pillar of Fire," "House of David," "Capt. Kyd," "Lafitte," &c.,—a splendid story by Edward Everett—and one by Sylvanus Cobb, Jr. But it is impossible in an advertisement to give a full detail of its immense contents. It is emphatically *a Sheet for the Million*—filled with every variety of useful and entertaining reading! In every sense it is the greatest wonder of the age!

Single copies 50 cents—Three copies $1.

☞Postmasters or others sending us $2 for six copies, shall receive one extra for their trouble. Postage on this paper in U. States and Canada 10 cents. By steamers to France, Germany, &c., from New York, 12 cents.

☞All newspaper agents can obtain their supplies from the wholesale dealers that supply them with their other papers, or of the subscriber. Address
