THE CAPTURED AFRICANS.—The exact number of negroes at Key West is 1,350, eighty having died since their arrival. Three vessels will be required for their conveyance to Africa, two of which have already been engaged. Government pays for each of these vessels $10,000 or $12,000, and the Colonization Society gets $50 per head for transportation; the latter also being under obligations to supply clothing at Key West and on the African coast. The negroes will be landed at Cape Mount, in Liberia, and will be dispatched thither by the 1st of July.

The American Medical Association at its late session, adopted a series of resolutions recommending to State Legislatures a law prohibiting the sale of poisonous drugs, such as strychnine, morphine, arsenic, &c., unless ordered by physicians; that the word "poison" should be plainly written upon such articles, and that persons purchasing them should leave their names and residences with the apothecary.

Thomas Hoffman, tried for the homicide of Hugh D. O. Sullivan, on the 23d of August last, in Baltimore, was convicted in the criminal court of that city on Tuesday week, of murder in the second degree. Robt. Miller, who was tried for the same offence under the old jury law, was acquitted. So much for reform.

Alexander Gale, negro, was convicted on Tuesday in the circuit court for Baltimore county of murder in the first degree. The homicide occurred at Light street wharf in November last; in the killing of James Evans, also colored. Both belonged to Cecil county.

The Norfolk Day Book says that accounts of the wheat crop are exceedingly discouraging. We have heard from almost all sections of Virginia, and a large portion of North Carolina, and the crop will be nothing like an average one.

The census of Chestertown, Md., just taken, shows a population of 886 whites and 644 blacks—total 1,530.

It is supposed that Colonel Charles Thomas, the senior officer in the Quartermaster's department, will be promoted to the vacancy occasioned by the death of Major Gen. Jessup.

Hon. Henry M. Rector, one of the Judges of the Supreme Court, has entered the field, as independent Democratic candidate for Governor of Arkansas, against Richard M. Johnson, the regular nominee.

MANUMISSIONS.—The late Act of Assembly in regard to manumissions has been the means of causing more slaves to be manumitted in this county within less than thirty days, than before within eighteen months—the number within less than thirty days running up to 94.—*Easton Gazette.*

The Farmers' and Merchants' Bank of Greensborough, Md., is again trying to get a circulation, assisted by the quotations of some bank note reporters. We have no reliable information, and would advise the public to refuse their bills until the standing of the bank may be satisfactorily ascertained.—*Pittsburg National Bank Note Rep.*

The National Bank Note Reporter of Pittsburg, announces a new counterfeit $5 bill on the Farmers' and Mechanics' Bank at Chestertown, Md. It is thus described:—Vignead of Franklin; wood-chopper, oxen, etc., on right end; two men, woman, dog, etc., on left end.

The barque Alacrity, arrived at Boston Thursday, from Cape Town, Cape of Good Hope, has on board eighty-seven Mormon passengers, men, women and children. They are bound to the Great Mormon city of the West.

SPRINGFIELD, MO., June 15.—The overland mail of the 25th arrived last night. The Japanese Prince Regent Goltairo, who was assassinated, is not dead, and there is every hope of his recovery.

Advices by the Niagara announce that Prince Jerome Bonaparte, uncle of the Emperor, was very ill, and there was little hopes of his recovery.

Resolutions endorsing Senator Sumner's course in the U. S. Senate, have been adopted by the Massachusetts Legislature, by a vote of 86 to 44.

Hon. Daniel Clark was on Wednesday last, re-elected U. S. Senator for the next term, by the N. Hampshire Legislature, by a vote of 184 out of 194.

THE PUBLIC BLESSING which is now universally admitted to exist in MORRAT'S LIFE PILLS and PHŒNIX BITTERS, is every day demonstrated by their astonishing efficacy in the cases which they are announced to cure. All the complaints of the stomach and bowels, weakness of the digestive organs and of the system generally, bilious and liver affections, night fevers, head aches, piles, costiveness, consumption, rheumatism, scurvy, impurity of the blood, or blotched and sallow complexions, soon yield to their curative properties. A single trial invariably secures them the title of the best family medicines now before the public. For sale by the proprietor, W. B. MOFFAT, at his office, 235 Broadway, New York, and by Store-keepers and Druggists generally. jan25-1y

THE CATTLE DISEASE.—The special session of the Massachusetts Legislature has closed, after passing two bills relative to the cattle disease, increasing the State commission to five scientific investigators, and giving power to the town authorities to kill or isolate cattle, and make other regulations for the treatment and extirpation of the disease. Ten thousand dollars are appropriated for the purpose. In consequence of the disease the Connecticut State Agricultural Fair will not be held this year.

It seems to be understood that the question who shall fill the seat on the Supreme bench vacated by the recent death of Mr. Justice Daniel, rests between Judge Wm. L. Harris, of Mississippi, who is now supported by the delegation from his State, and Mr. Attorney General Black, either of whom will admirably fill the position. It seems to be thought that if Judge Harris is not selected, Judge Black will be.—*Star.*

FARM SOLD.—On Friday week last Thomas J. Clark, Esq., sold his farm near Easton, Md., containing 250 acres, together with the growing crops on the farm, to Mr. Henry Moses, a gentleman of large fortune, just arrived from Holland, Europe, for the sum of $26,000, cash; just $104 per acre. The farm has a splendid large and new house upon it, and is one of the handsomest inland situations in the county.—*Easton Star.*

LIFE OF

Gen. Samuel Houston,

THE HUNTER, WARRIOR, PATRIOT, TEXAN HERO. The only authentic memoir of him ever published. One volume, 12mo., cloth, 402 pages, with illustrations.—Price $1.00. And upon receipt of the price and 21 cents additional for Postage, a copy of the book, together with a handsome present, worth from 50 cents to $100, will be sent to any address in the United States.

"Life of Samuel Houston. G. G. Evans, Philadelphia."

"There is no campaign in modern military history which for its extent, although attended with such disastrous results, although eventually ending in the liberty of the Republic, than that conducted by Gen. Samuel Houston, during the years 1836-37 in the defence of the Americans then settled upon the frontiers of Mexico. In a brief period, with a small band of Heroes hastily raised *en masse*, and illy armed and accoutered, the brilliant defence of the Alamo, was made forever glorious by the bloody massacre, perpetrated by the Mexicans. This unfortunate event which showed valuable lessons and glorious illustrations of the valor of our citizen soldiers, and of the genius of the great chief and hero, ought not to be forgotten or hastily glanced over.

The soul desire of the author has been to do full justice to American valor and patriotism, and to present truthful and vivid pictures of that memorable war, and of the conduct of the great chief who springing from the people, a frontier warrior, without science, art or experience in military affairs, was enabled thro' the smiles of Providence, by his stout heart, his sagacious intellect, and ardent patriotism, to repel, punish and nearly destroy some of the most mercenary soldiers that were ever sent forth by any power on the earth. Ought such deeds be permitted to fade from the memories of a patriotic people? No! it is a reproach to the present generation, that there is not more spirit exercised by our government in defending the rights of our citizens and extending that protection to them which has ever been sanctioned by every true son of liberty. THE

Life of the Empress Josephine,

WIFE OF NAPOLEON I.

By CECIL B. HARTLEY,

Author of Life of "Col. David Crockett," "Col. Daniel Boone," etc.,

With a Splendid Portrait Engraved on Steel.

One Volume, 12 mo., cloth, 377 pages—Price $1.00. And upon receipt of the Price, with 21 cents additional for Postage, a copy of the Book, together with a handsome present, worth from 50 cents to $100, will be sent to any address in the United States.

FROM THE PREFACE.

The Empress Josephine was one of the most remarkable of all the extraordinary characters who rose into conspicuous public positions in consequence of the French Revolution. Wonderful were the events of her life. With the kindest and most affectionate of human hearts, she united the sternest principles of rectitude and a comprehensive genius.

In political foresight, her superiority to Napoleon is now universally recognized. Had he listened to her admonitions, his empire might have been averted. It is worthy of notice that this political foresight and ability has been inherited by her decendants—two of whom, Napoleon III. and Pedro II. respectively the present Emperors of France and of Brazil, are among the ablest sovereigns now reigning in the world.

The events of Josephine's life, and remarkable traits of character which she displayed amidst the most amazing vicissitudes of fortune, afford not only an exceedingly interesting but a highly instructive lesson to all who read her biography. In this respect her career, taken as a whole, may challenge comparrison with that of any other historical personages in history.

We have freely drawn upon various authors, who have recorded anecdotes and traits of Josephine, as related to them, with the tender regret of affection, which, too late, recognized her full value, by Napoleon himself, in his closing years, and it is hoped that the book will be found reliable as well as entertaining. Full of truth, yet it is the very Romance of Biography.

Copies of either of the above books, with a handsome Gift, worth from 50 cents to $100, will be sent to any person in the United States, upon receipt of $1.00, and 21 cents to pay postage, by addressing the publisher, who is desirous of calling your attention to his liberal method of transacting business, viz:

With Each Book that is bought at his Establishment, a present is given—worth from *Fifty Cents to One Hundred Dollars.*

The Presents are of good quality and of the best Manufacture, and comprise a large assortment of Gold and Silver Watches, Silver Plated Ware, Silk Dress Patterns, Jewelry, etc., etc., etc., too numerous to mention.

Send for a complete classified catalogue of books, which will be mailed to you free of expense, and one trial will assure you that the best place in the country to buy books, is at the large and reliable gift book establishment of GEORGE G. EVANS,

CHESTNUT GROVE WHISKEY C.W.

The enterprising proprietor of CHESTNUT GROVE WHISKEY, (the purest Medicinal Agent ever known,) has furnished the community a stimulant, Pure, Healthful and Invigorating, at the same time a mild, delicious beverage. It is calculated to do away with the vile drugged stuff that is palmed off on the community, and which is injurious to body and mind. In addition to the certificates beneath, he has received a Diplomo from the STATE AGRICULTURAL SOCIETY, and additional testimony from Dr. JACKSON, of Boston, who testifies under oath to its absolute purity.

CERTIFICATES:

PHILADELPHIA, Sept. 9, 1858.

We have carefully tested the samples of Chestnut Grove Whiskey which you sent us, and find that it contains none of the poisonous substance known as Fusil Oil, which is the characteristic and injurious ingredient of the whiskeys in general use.

BOOTH, GARRET & CAMAC, Analytical Chemists.

NEW YORK, Sept. 3, 1858.

I have analyzed a sample of Chestnut Grove Whiskey, received from Mr. Charles Wharton, Jr., of Philadelphia, and having carefully tested it, I am pleased to state that it is entirely free from poisonous or deleterious substances. It is an unusually pure and fine flavored quality of whiskey.

JAMES R. CHILTON, Analytical Chemist.

BOSTON, March 7, 1859.

I have made a chemical analysis of commercial samples of Chestnut Grove Whiskey, which proves to be free from the heavy Fusil Oils, and perfectly pure and unadulterated.—The fine flavor of this Whiskey is derived from the Grain used in manufacturing it. Respectfully, A. A. HAYES, M. D.,

Practical Experience better than Experimental Science.

Holloway's Ointment.

CONSOLATION FOR THE SUFFERING.

NEARLY fifty years continual use in every part of the habitable globe, amongst the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of salt rheum, scurvy, sore heads, scrofula or erpsipelas, can long withstand its influence.

BAD LEGS, OLD SORES AND ULCERS.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

ERUPTIONS ON THE SKIN,

arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many off the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

PILES AND FISTULA.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolument; warm fomentations should precede its application.—Its healthy qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Skin Diseases,
Burns,	Swelled Glands,
Chapped Hands,	Sore Legs,
Chilblains,	Sore Breasts,
Fistula,	Sore Heads,
Gout,	Sore Throats,
Lumbago,	Sores of all kinds,
Mercurial Eruptions,	Sprains,
Piles,	Stiff Joints,
Rheumatism,	Tetter,
Ringworm,	Ulcers,
Salt Rheum,	Venereal Sores,
Scalds,	Wounds of all kinds.

☞CAUTION!—None are genuine unless the words, '*Holloway, New York and London,*' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

☞There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box. sep7-1y
