THE GREAT SOUTHERN WEEKLY.
THE GREAT SOUTHERN WEEKLY.
THE GREAT SOUTHERN WEEKLY.

SOUTHERN FAMILY JOURNAL for 1861.
SOUTHERN FAMILY JOURNAL for 1861.
SOUTHERN FAMILY JOURNAL for 1861.

THE coming year inaugurates the third volume of this favorite exponent of SOUTHERN literature. It is a source of no little gratification to us that in announcing the *third* volume of the JOURNAL, we are enabled to give the best possible reproof to the discouraging predictions of Northern publishers, as well as to the goomy forebodings of even hearty well-wishers in our own section of the country.—Yes, we are proud to say that the brilliant success of the SOUTHERN FAMILY JOURNAL has proved the existance of literary talent and enterprise in the SOUTH which fears no rivals:

The friends of SOUTHERN literature have often declared that, could they get a SOUTHERN paper which, in point of intrinsic merit and in price, could compete with Northern weeklies, they would cheerfully support it.—We offer this desideratum; we ask these promises to be redeemed. We ask a comparison with other papers of its class, and are satisfied that the SOUTHERN FAMILY JOURNAL will be found equal to the best. Arrangements have been made with the

BEST WRITERS OF THE SOUTH,

and the Publishers have no hesitation in saying that the JOURNAL must become a

WELCOME GUEST IN EVERY SOUTHERN HOME.

For the ensuing year we are enabled to report a host of new and interesting features, comprising among others

BRILLIANT ADDITIONS TO OUR STAFF OF CONTRIBUTORS;

an intensely interesting series of

DETECTIVE STORIES;

important and varied additions to our justly celebrated

BIOGRAPHICAL ESSAYS.

We also trust to have it in our power to announce, early in the Spring, the commencement of a series of

SKETCHES OF EUROPEAN TRAVEL.

With this view we have entered into negotiations with a highly popular author to furnish us with a regular correspondence.

With the January number will commence a STORY of unprecedented power and beauty and thrilling interest, entitled

ARLINE ADAIR;

OR,

Who's the Captain?

A Historical Romance of Frontier Life

BY CAPTAIN R. C. KENDALL.

Besides the varied entertainment offered in the foregoing summary, the SOUTHERN FAMILY JOURNAL will present, as heretofore, an unsurpassed collection of SHORT STORIES, (complete in one number.)

ADVENTURES, (by flood and field.)
ITEMS OF NEWS, (at home and abroad.)
GOSSIP, (about men and things,)
WIT & HUMOR, and POETRY.

We may also add

ANECDOTES IN NATURAL HISTORY.

FACTS FOR THE FARMER AND HOUSEKEEPER.

NEW INVENTIONS. In a word, a varied miscellany of instructive as well as entertaining matter,

The SOUTHERN FAMILY JOURNAL is a mammoth eight paged paper, containing forty columns of closely printed reading matter. Each number is handsomely illustrated.

The Southern Family Journal is published weekly and mailed to single subscribers at $2 a year; two copies sent for $3. Terms invariably in advance. Any postmaster sending us eight subscribers at $1.50 will be entitled to one copy free.

Specimen copies sent free when requested.

All communications containing subscriptions or otherwise, should have the name of the writer plainly written, give name of post-office, county and State. Address

'SANDS' SARSAPARILLA,

THE GREAT AMERICAN REMEDY

For Purifying the Blood,

Will Be Found a Certain Cure For

Scrofula and Scrofulous Disorders.

AS AN ALTERATIVE AND RENOVATING AGENT, IT IS UNEQUALED!!!

A PLENTIFUL supply of pure blood is essential to animal life. When the proper circulation of the vital fluid is impeded, sickness is the inevitable consequence, the secretions become unhealthy, the liver becomes clogged with impure bile, which forced into the system, vitiates and inflames the blood, engendering scrofula and cutaneous and billiary disorders.

SANDS' SARSAPARILLA

will gently stimulate the functions of the stomach and bowels to a regular and healthy action, and without nausea or purging expel all deleterious accumulations, purify the blood, equalize the circulation, promote perspiration, improve the appetite, impart tone and vigor to the system, and gradually but surely extirpate the disease, causing all unsightly excrescences to disappear, and leaving the skin perfectly smooth and flexible.

Price $1 00 per bottle or 6 bottles for $5 00. *Ask for Sands' Sarsaparilla and take no other.*

Miscellaneous.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ARDLY REALIZED.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard?" says 'e.—"Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

☞Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symtomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases.—In its nervous form it is sympathetic of disease of the stomach constituting *sick headache,* of hepatic disease constituting *bilious headache,* of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache,* sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia.*

For the treatment of either class of Headache the Cephalic Pills have been found a sure and and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it. Here's the quarther and giv me the Pills and don't be at day about it aither.

CONSTIPATION OR COSTIVENESS.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits, it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Dyspepsia, Diarrhœa, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

Cephalic Pills.

CURE Sick Headache.

CURE Nervous Headache

CURE All kinds of Headache.

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness.*

For *Literary Men, Students,* Delicate Females, and all persons of *sedentary habits,* they are valuable as a *Laxative,* improving the *appetite,* give *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach.*

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to chileren.*

MARK THESE FACTS!

The Testimony of the Whole World.

Holloway's Ointment.

BAD LEGS, BAD BREASTS, SORES AND ULCERS.

ALL description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and succesful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. Then again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH—SORES AND ULCERS.

Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system and leave the patient a vigorous and healthy. It will require time with the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Gout,
Bad Breasts,	Glandular Swellings,
Burns,	Lumbago,
Bunions,	Piles,
Bite of Mosquitoes and Sand-Flees,	Rheumatism,

☞CAUTION!—None are genuine unless the words, '*Holloway, New York and London,*' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.
