L. MILLER'S

HAIR INVIGORATOR.

AN EFFECTIVE, SAFE AND ECONOMICAL compound,

FOR RESTORING GRAY HAIR to its original color, without dying, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEATTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous disaases*, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it give strength and vigor to the roots, and restore the growth to those parts which have become bald, caused it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning grey* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fregrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY FIVE CENTS

per bottle, to be had at all respectable druggists' and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

THE GLOBE:

The Official Paper of Congress.

I PUBLISH now my annual Prospectus of The Daily Globe, and The Congressional Globe and Appendix, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall resume publishing the above named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matter they will contain.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters, equal, at least, to any corps of short-hand writers in this, or in any other country. A majority of them will, each, be able to report, *verbatim*, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty-five columns, they will appear in The Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number containing sixteen pages. The whole will make, it is believed, at least 2,000 pages. This is acknowledged to be the cheapest work ever sold in any country, whether a reprint or printed from manuscript copy, taking for *data* the average number of words it contains.

The coming session will, without doubt, be an unusually interesting one, because the debates will, in a great measure, be upon the policy of the President elect, and The Globe will be, as it has been for many years past, the only source from which full debates of Congress can be obtained.

The Congressional Globe and Appendix pass free through the mails of the United States, as will be seen by reading the following Joint Resolution passed by Congress the 6th of August, 1852:

Joint Resolution providing for the distribution of the Laws of Congress and the Debates thereon.

With a view to the cheap circulation of the laws of Congress and the debates contributing to the true interpretation thereof, and to make free the communication between the representative and constituent bodies:

Be it resolved by the Senate and House of Representatives of the United States of America assembled, That from and after the present session of congress, the Congressional Globe and Appendix, which contain the laws and debates thereon, shall pass free through the mails so long as the same shall be published by order of Congress: Provided, That nothing herein shall be construed to authorize the circulation of the Daily Globe free of postage.

Approved, August 6, 1852.

TERMS:

For a copy of The Daily Globe, for four months, ... $3 00
For 1 copy of The Coagressional Globe and Appendix, during the session, 3 00
For 2 copies ditto, when ordered at the same time, ... 5 00

No attention will be paid to any order unless the money accompany it.

Bank notes, current in the section of the country where a subscriber resides, will be received at par. The whole or any part of a subscription may be remitted in postage stamps, which is preferable to any currency, except gold or silver. JOHN C. RIVES.

The enterprising proprietor of CHESTNUT GROVE WHISKEY, (the purest Medicinal Agent ever known,) has furnished the community a stimulant, Pure, Healthful and Invigorating, at the same time a mild, delicious beverage. It is calculated to do away with the vile drugged stuff that is palmed off on the community, and which is injurious to body and mind.
