bled in the saloon of the Law Buildings, corner of Lexington and St. Paul streets, to center upon the present condition of the national difficulties, and to take steps looking to an address to Gov. Hicks, to convene the legislature, to be followed by a convention, to express the views of Maryland on the difficulties which now distract the country, and adopt such measures as the exigencies of the time require. The meeting was quite large and the following resolutions were presented by committee, appointed to prepare business, which were adopted.

Resolved, as the opinion of this conference, that Maryland is this day, as she ever has been, true to the American Union; that she will exert all her influence for its peaceful preservation, and that in her efforts to that end she will rely upon the wisdom and patriotism of her tried and faithful sons, and upon and all-wise and overruling Providence.

Resolved, That the people of Maryland are deeply impressed with the dangers which are threatening the Union, have an abiding confidence that there is nothing in the grave questions at issue which is not susceptible of adjustment by fair constitutional compromise; and it is the opinion of this meeting that the people of Maryland will accept the proposed constitutional and legislative guarantees known as the Crittenden compromise, as a fair and proper settlement of the fatal controversy which is now distracting the republic.

Resolved, That a committee of six be appointed by the president of this conference to solicit the Governor, in the name of this meeting, to issue his proclamation inviting the people of the State to assemble on the last Monday of January instant, at their usual places of voting, and during the usual voting hours, and determing by their votes whether they desire or do not desire that a State convention shall be called; and in case a majority of the people shall determine in favor of calling the same, that the Governor shall then by proclamation appoint the second Monday of February next for the election of delegates to such convention, to assemble at the seat of government at the earliest practicable period thereafter.

Elias Griswold, Esq., of Dorchester, said that though he did not agree to all the resolutions contained, yet for the sake of unanimity he had consented to vote for them, that something might be presented which would be acceptable to the great body of the conference.

The chair named Hon. R. B. Carmichael, of Queen Anne's; Hon. Wm. T. Goldsborough, of Dorchester; Ross Winans, of Baltimore city; Jno. Contee, of Prince George's; A. B. Hagner, of Anne Arundel, and A. Bowie Davis, of Montgomery, as the committee to wait on the Governor, and bear to him the action of the meeting.

SANDS' SARSAPARILLA.—This truly valuable preparation is extracted from selected roots by a powerful apparatus which obtains the medicinal principle in a highly concentrated form; by scientifically combining other vegetable products in the process a compound extract is obtained infinitely superior to any other for purifying the blood, and cure of scrofula, salt rheum, ulcers, fever sores, pimples, biles, cutaneous eruptions, liver complaint, bronchitis, consumption, female irregularities, loss of appetite anu general debility.

Prepared and sold by A. B. & D. Sands, Druggists, 100 Fulton street, New York.

Sold also by Dr. J. Flint, Cambridge, Md.

Sold also by Druggists generally.

HEALTH IS WEALTH.—Gout, Rheumatism, &c. Disease is indiscriminate in the selection of its victim—the king possesses no more immunity from the twinges of gout or neuralgia in his weather-proof palace, than the beggar from the attacks of rheumatism in his time-battered hovel. Wealth of itself can neither cure sickness nor preserve health—else it would be a monopoly of the rich—on the contrary, the gouty or rheumatic millionaire would willingly exchange half his possessions for the robust constitution of the daily laborer. To the millions whose subsistence depends on toil, health is truly wealth, and the loss of it entails on them the misery and sufferings which are the bane of poverty; but the cheapness of Holloway's Pills and Ointment obviate this evil by placing them within the reach of all who are exposed to the direful effects of the weather.

TO CONSUMPTIVES and those afflicted with DYSPEPSIA, NERVOUS DEBILITY, HEART DISEASE, FEVER and AGUE, or CONSTIPATION.—The undersigned, now seventy-five years old, has for years devoted his time to curing his Parishioners and the poor in New York of these dreadful complaints, which carry thousands and thousands to an untimely grave; he has seldom failed to cure all who have applied to him for relief, and believing it to be a Christian's duty to relieve those abroad, as well as at home, he will send to those requiring it, a Copy of Prescriptions used, (Free of Charge,) with directions for preparing and using the same.—Also rules on Diet, Bathing, Ventilation and Exercise for the Sick, they will find these remedies a sure cure for Consumption, and all diseases of the Throat and Lungs, Fever and Ague, Constipation, Heart Disease, Dyspepsia, Nervous Debility, and Female Complaints, and he hopes every one afflicted will send for a copy, as it will cost nothing, and those suffering should apply before it is too late. These Prescriptions are used by the most eminent Physicians in London, Paris and New York. Those wishing them will please address

The Crisis of the Union!!

Shall White Men Rule America?

The NEWSPAPER for the TIMES!

THE WEEKLY DAY-BOOK FOR 1861.

THE DAY-BOOK holds that this is a government of WHITE MEN, and that *inferiority* of social and political position for the negro race, and *superiority* for the white race, is the natural order of American Society. All who want to refute the arguments of the anti-slaveryites, and understand the negro question should read it. Democrats, Constitutional men, must see to it that sound papers are circulated AMONG THE PEOPLE, or Black Republican principles will never be put down.

THE WEEKLY DAY-BOOK for 1861 will be greatly improved and several new features added, making it the best family paper published. It will have one-third more reading matter, Letters on Education, able Agricultural Articles, Sketches of Living American Authors, Sketches on Cooks and Cookery, and full reports of Cattle and other Markets.

It will also commence, on the 1st of January, a New and Original Story, by Prof. Peck, of Ga., entitled

Virginia Glencaire.

A Tale of the Early Settlement of Georgia. A Thrilling Story of Pioneer Life, the Creek Wars, &c. These features, together with special European Correspondence, a full digest of news, foreign and domestic, make it a BUSINESS, FAMILY AND LITERARY NEWSPAPER, all combined into one, and at a cheaper rate than any any other paper published.

This offer, however, only applies to *one club of five, at each office*, and hence, the first who sends will be entitled to the copy gratis. After a club of five is formed, or where a club is already formed, additions can always be made to it at *one dollar each subscriber*, be they one or many.

STILL BETTER.—*To all new subscribers*, who send on their yearly subscriptions before the 1st of January, we will send their paper gratis from the time we receive their subscriptions up to January 1st, that is, make the date of their subscriptions to commence with the new year.

Miscellaneous.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ARDLY REALIZED.

H'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard?" says 'e.—"Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

☞Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symtomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases.—In its nervous form it is sympathetic of disease of the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaved her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it. Here's the quarther and giv me the Pills and don't be all day about it aither.

CONSTIPATION OR COSTIVENESS.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits, it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Dyspepsia, Diarrhœa, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

Cephalic Pills
CURE
Sick Headache.
CURE
Nervous Headache
CURE
All kinds of
Headache.

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness*.

For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, give *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach*.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

Holloway's Pills.

NERVOUS DISORDERS.

WHAT is more fearful than the breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can, take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions and the Ointment should be well rubbed into the small of the back at bed time.—This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm,—in fact they never fail in curing all disorders of the liver and Stomach.
