war which the federal government has declared upon the Confederate States of the South, and our sister and neighbor Virginia, and to announce her resolute determination to have no part or lot, directly or indirectly, in its prosecution.

Resolved, That the State of Maryland earnestly and anxiously desires the restoration of peace between the belligerent sections of the country, and the President, authorities and people of the Confederate States—Having over and over again, officially and unofficially declared that they seek only peace and self-defense, and that they are willing to throw down the sword the instant that the sword now drawn against them shall be sheathed, the Senators and Delegates of Maryland do earnestly beseech and implore the President of the U. States to accept the olive branch which is thus held out to him, and in the name of God and humanity to cease the unholy and unprofitable strife at least until the assembling of Congress at Washington shall have given time for the prevalence of cooler and better counsel.

Resolved, That the State of Maryland desires the peaceful and immediate recognition of the Confederate States, and hereby gives her cordial assent thereunto as a member of the Union, entertaining the profound conviction that the willing return of the Southern people to their former federal relations is a thing beyond hope, and that the attempt to coerce them will only add slaughter and hate to impossibility.

Resolved, That the present military occupation of Maryland being for purposes, in the opinion of this Legislature, in flagrant violation of the Constitution, the General Assembly of the State, in the name of her people, does hereby protest against the same, and against the oppressive restrictions and illegalities with which it is attended, calling upon all good citizens at the same time, in the most earnest and authoritative manner, to abstain from all violent and unlawful interference of every sort with the troops in transit through our territory or quartered among us, and patiently and peacefully to leave to time and reason the ultimate and certain re-establishment and vindication of the right.

Resolved, That under existing circumstances it is expedient to call a Sovereign Convention of the State at this time, or to take any measures for the immediate organization or arming of the militia.

Resolved, That when the Legislature adjourn it adjourn to meet at——, on the —— day of next ——.

Mr. Ford moved that the report be accepted and ten thousand copies ordered to be printed, which was adopted by ayes 49.

Nays—Messrs. Medders, Lawson, Keene, Landing, Straughn, Wilson of Harford, Bayless, McCoy, Fiery, McCleary and Gorsuch—11.

The blanks in the sixth resolution were filled with Frederick, on the 4th day of June next, at 1 o'clock P. M., when the resolutions and preamble were passed by a vote of ayes 43; nays—Messrs. Easton, Md., April 22d 1861.

To the Citizens of the 2d Division, M. M.

Our fellow citizens of Baltimore have been slaughtered on our own soil by the soldiers of the U. S. Government which claims our support whilst it wages war upon our institutions, our State has been made a separate military Department—our forts have been garrisoned and our State overrun by Northern troops in open defiance of the wishes of our citizens and of appeals from our constituted authorities.

I call upon you as your commander, to rally to the defence of your property and your homes—to enroll yourselves immediately into companies of two classes—the one to defend their homes,—the other for service in any part of the State. I hereby command all the officers of the Division to use their utmost efforts to effect these objects and to hold themselves in constant readiness to sustain the civil authorities and to protect its defenceless inhabitants.

On the first of each month the Captains of Companies will make a full report to their respective Colonels and Brigadiers, and also to the Maj. General. On the 10th of each month, the Colonels will report to the Brigadiers and Maj. Gen.; and on the 20th of each month, the Brigadiers will report to the Maj. Gen. and Adj. Gen.

Prof. CHAS. DE GRATH'S Electric Oil—The Friend of Man.

THERE is a perfect innocent, soothing and gently stimulating Medicine, that may be justly called "The Friend of Man."—It was discovered by Prof. Chas. De Grath while travelling in South America—lately been brought out by urgent solicitations—and has cured more cases of Rheumatism, Gout, Neuralgia, Lumbago, Sciatica, Spinal and Bronchial complaints, Tic Doloreux, Headache, Cramps, Croup, Piles, Felons, Sprains and Bruises, Cuts and Wounds, Swelled Glands, Stiff Joints, Scrofula, Erysipelas, Sore Nipples, Swelled Breast, Womb Disorders, Salt Rheum, Canker in the mouth and stomach, Palpitation, Eruptions, Caked Breast, Quinsy, Sore Throat, Palsy, Pleurisy, Ulcers, Lock Jaw, Heart Burn, Tooth and Ear-ache, Nervousness, Costiveness, Burns, Sore Gums of teething infants, &c., than all and every other medicine in Philadelphia.

☞It will be seen this great remedy does not claim to cure everything, but only a certain class of complaints.

☞It is an external remedy, but sometimes is taken internally (by the Doctor's advice.) It stimulates to action the absorbents and secretions, drives pains of all kinds from the body, and reduces all swellings, in an incredible short time, as all know who have used Prof. De Grath's "Electric Oil."

CERTIFICATE OF JOHN WILLIAMSON.

I, John Williamson, Attorney at Law, Huntingdon, Pa., do certify that Prof. De Grath's Electric Oil is infallible for rheumatic pains. My wife who for some time past has been greatly afflicted and unable to walk has been restored by the application of this Oil almost instantaneously and I can cheerfully recommend it to others.

JOHN WILLIAMSON.

STIFF NECK.

[Editor of Law Magazine cured instantaneously.] Girard House, Philadelphia.

Prof. Chas. DeGrath:—I freely give it as my opinion, that your Electric Oil is among the most wonderful remedy of modern times. At the earnest request of a lady, who alleged that she had been relieved of a most painful affection by its use, I was induced to try a bottle, though at the time of purchasing, I fully believed it to be a quack medicine and a catchpenny humbug. But a trial convinces me that it possesses a magic power, and its use will prove a blessing to suffering humanity.

I recently took a cold from sleeping in damp sheets, and my neck became so much swollen and painful, that I could not turn my head.

After using, without success, everything prescribed by my physician, I last evening tried your Electric Oil. This morning I am well, the relief having been as complete as it was instantaneous. Yours, very truly,

MARK THESE FACTS!
The Testimony of the Whole World.
Holloway's Ointment.

BAD LEGS, BAD BREASTS, SORES AND ULCERS.

ALL description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and succesful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. Then again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH—SORES AND ULCERS.

Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system and leave the patient a vigorous and healthy. It will require time with the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Breasts,	Glandular Swellings,
Burns,	Lumbago,
