MARYLAND LEGISLATURE.

This body met on the 4th inst.—The committee appointed to wait on Mr. Lincoln and ask for a cessation of hostilities, reported that the soil of the South had already been invaded, the war commenced, they therefore thought it useless to go to Washington. The committee appointed in connection with the above, to wait on Jefferson Davis, for the same purpose, have not yet reported.

Mr. Holland has offered a bill requiring H. C. Hicks, Esq., to give up certain cavalry arms to Geo. E. Austin, Captain of the Dorchester Dragoons.

Mr. Dennis, of Somerset, has offered a preamble and resolutions, the former of which recited at length that Maryland is yet a State in the Union, submitting peaceably to the federal government, yet nevertheless the President has raised and quartered large standing armies upon her territory; has occupied the houses of their citizens without their consent, and has made the military superior to and above the civil power; has assumed to regulate the internal policy and the government of the State; has seized upon and appropriated our railroads and telegraphs; has seized and searched our vessels; has forcibly entered houses; has deprived our people of their arms; has seized and transported our citizens to other States for trial upon charges, or pretended charges; has taken the private property of our citizens; has caused peaceable travelers to be stopped and their persons, trunks and papers to be searched; has arrested and caused to be imprisoned, without any civil process whatever, the persons of our citizens, and by the military power kept and still keeps them in confinement against and in contempt of all civil process.

The resolutions protest against these acts of the President as a gross usurpation and in utter violation of the constitution; They declare that the right of secession is not a constitutional but a revolutionary right; that the federal government has no right, under the constitution, to wage war against a State; that prudence and policy demand a recognition of the Soathern Confederacy, and denounce, with indignation, the suspension of the writ of habeas corpus in the Merryman case.

The resolutions were laid over, under the rule.

Gov. Hicks a True Southerner.

ARMS OF MARYLAND } STATE OF MARYLAND, EXECUTIVE CHAMBER, Annapolis, Nov. 9, 1860

Hon. E. H. Webster,

My Dear Sir:—I have pleasure in acknowledging receipt of your favor introducing a very clever gentleman to my acquaintance, (though a Democrat.) I regret to say that we have, at this time, no arms on hand to distribute, but assure you at the earliest possible moment your company shall have arms; they have complied with all required on their part. We have some delay in consequence of contracts with Georgia and Alabama a-head of us. We expect at an early day an additional supply, and of the first received your people shall be furnished. WILL THEY BE GOOD MEN TO SEND OUT TO KILL LINCOLN AND HIS MEN? IF NOT, SUPPOSE THE ARMS WOULD BE BETTER SENT SOUTH.

How does late election sit with you? 'Tis too bad. Harford nothing to reproach herself for.

Your obed't serv't,

THO. H. HICKS.

SANDS' REMEDY FOR SALT RHEUM. Is unquestionably the most successful and efficacious external application for salt rheum, ringworm, tetter, scald head, barber's itch, ulcers, boils and blotches ever discovered; it has in many thousands of cases accomplished the most extraordinary cures, only requires to be well rubbed in, to penetrate the pores of the skin, and absorb the virus of the disease, it speedily removes the worst symptoms, and in a brief period completes a radical cure.

Prepared and sold by A. B. & D. Sands, Druggists, 100 Fulton street, New York.
Sold also by Dr. J. Flint, Cambridge, Md.
Sold also by Druggists generally.

HOLLOWAY'S PILLS & OINTMENT.—The affidavit of the world. Ulcerated legs, old sores, &c.—Ulcers on the legs which baffled the skill of science have yielded to a short course of these matchless remedies the reason is natural, for experience teaches that local applications are totally ineffectual. Sores and ulcers are merely an effect—to cure them radically, we must seek the cause elsewhere—Holloway maintains it is in the blood and the success of his treatment in this class of diseases, in all parts of the world corroborate his system and assertions; the ointment applied to the external surface imbues the old sores and ulcers with new life, while the pills by purifying the blood extinguish their elements and expel them from it.

TO CONSUMPTIVES and those afflicted with DYSPEPSIA, NERVOUS DEBILITY, HEART DISEASE, FEVER and AGUE, or CONSTIPATION.—The undersigned, now seventy-five years old, has for years devoted his time to curing his Parishioners and the poor in New York of these dreadful complaints, which carry thousands and thousands to an untimely grave; he has seldom failed to cure all who have applied to him for relief, and believing it to be a Christian's duty to relieve those abroad, as well as at home, he will send to those requiring it, a Copy of Prescriptions used, (Free of Charge,) with directions for preparing and using the same.—Also rules on Diet, Bathing, Ventilation and Exercise for the Sick, they will find these remedies a sure cure for Consumption, and all diseases of the Throat and Lungs, Fever and Ague, Constipation, Heart Disease, Dyspepsia, Nervous Debility, and Female Complaints, and he hopes every one afflicted will send for copy, as it will cost nothing, and those suffering should apply before it is too late. These Prescriptions are used by the most eminent Physicians in London, Paris and New York. Those wishing them will please address

REV. DR. CHAMBERLAIN,
Williamsburgh, New York.

THE CURES MADE BY PROF DE GRATH with his "Electric Oil," are almost miraculous and so wonderful and instantaneous, so satisfactory, and mitigating of human ill, as to call upon public functionaries, and those having charge of public institutions for the sick and suffering, to look well into the well attested merits, the simple efficacy of this "Electric Oil." Clove Anodyne

TOOTHACHE DROPS.

Complain no more of Aching Teeth.

THESE Drops have been extensively used by thousands whose experience has proved that the Anodyne will give immediate and permanent relief after the failure of every other remedy. It is pleasant to the taste and smell, and a few applications will entirely remove the pain and soreness from a decayed tooth, so that it may be filled and rendered as useful as ever. When the pain proceeds from the face, or from the gums around a tooth apparently sound, this Anodyne will give speedy relief by rubbing a few drops on the part affected. It has only to become generally known to be as highly appreciated by the public as it by dentists.

Read the following letter from one of the most distinguished practical dentists in the city of New York:

"Messrs. Sands: Gentlemen—In the course of my practice I have extensively used your Clove Anodyne with much success for the relief of the Toothache, and as I constantly recommend it to my patients, I deem it but just to inform you of the high opinion I have of it over other remedies. M. LEVETT,
Dentist."

Price 25 cents per vial.

L. MILLER'S

HAIR INVIGORATOR.

AN EFFECTIVE, SAFE AND ECONOMICAL compound,

FOR RESTORING GRAY HAIR to its original color, without dying, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEATTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous disases,* causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it give strength and vigor to the roots, and restore the growth to those parts which have become bald, caused it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning grey* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue,* giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fregrance; and the great facilities it affords in *dressing the hair,* which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists' and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Wholesale Depot, 56 Dey St., and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

New and Improved Instantaneous LIQUID HAIR DYE,

which after years of scientific experimenting I have brought to perfection. It dyes Black or Brown instantly without injury to the Hair or Skin, warranted the best article of the kind in existence.

MARK THESE FACTS!
The Testimony of the Whole World.
Holloway's Ointment.

BAD LEGS, BAD BREASTS, SORES AND ULCERS.

ALL description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER FEVERS.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient: it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. Then again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH—SORES AND ULCERS.

Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system and leave the patient a vigorous and healthy. It will require time with the use of the Pills to ensure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Gout,
Bad Breasts,	Glandular Swellings,
Burns,	Lumbago,
