There is no common jail in land, where felon or outlaw, an nvicted, is fenced in from family ends and counsel, as the unhappy otives at Fort La Fayette. There not a warden of a prison, in any city the Union, who denies to the mean , creature in his custody the righ see his wife and children, if it be t through the bars. No such offi r would be permitted to retain his ice, if he were to assume to read ery letter written to and from his isoners, and to dictate what they ould contain or should not contain there a thief or a burglar in the Tombs," who is not permitted to cite his mind with a newspaper, if wishes? And yet it is to uses base, as to be shameful and forbid en in the keeper of a jail, that offi rs of the army of the United States e lowered, by the orders of the eneral commanding them. Time as when any Colonel in that army ould have flung his commission in e face of a Secretary who attempt d to force such offices upon him. nd it is not upon felons or outlaws, cused or convicted, but upon good tizens and honorable men, whose nly sins are their supposed opinions, at these outrages are visited. Shame! shame! shame! Every relic of manhood has clean one from the land, if its people are nean enough or cowardly enough ot to feel that they are bound, every nan of them to resent, as a personal utrage and indignity, a wrong inicted on the humblest citizen who reads their soil. But a few years go the whole nation arose and shout d as one man, to welcome and honor he gallant officer who, in a distant and, had rescued Martin Kosta—a alf-naturalized foreigner—from the grasp of Austrian power. The citi ens imprisoned at Fort La Fayette re American citizens, and the power which confines them is not Austrian! Where is the spirit which was then alive? Where are the men who boasted it? Again and again we cry and the civilized world, with us will cry again and again—Shame! Shame! Shame!

MISSOURI.

Proclamation of Gen. McCullough.

SPRINGFIELD, MO., Aug. 15.—The following proclamation has been issued by Ben. McCullough:

TO THE PEOPLE OF MISSOURI.

Having been called upon by the Governor of your State to assist in driving the Federal forces out of the State, and in restoring the people their just rights, I have come among you simply with the view of making war upon our Northern foes, and driving them back. I give the oppressed of your State an opportunity of standing up as freemen, and

tering their true sentiments.
You have been overrun and tram-
ted upon by the mercenary hordes
the North. Your beautiful State
s been nearly subjugated. But
ose true sons of Missouri who have
ntinued in arms, together with my
rde, came back upon the enemy
d gained over them a great and
gnal victory. Their general-in-chief
slain and many of their other gen-
al officers wounded. Their army
in full flight.
One and all of the true men of
Missouri will rise up and rally around
their standard. The State will be
redeemed. I do not come among
ou to make war upon any of your
people, whether Union or otherwise.
The Union people will all be protect-
d in their rights and property, and
is earnestly recommended to them
to return to their homes. The pris-
oners of the Union party, who have
been arrested by the army, will be
released and allowed to return to
their friends. Missouri must be al-
owed to choose her own destiny.—
No oaths binding upon your consci-
ences will be administered.
I have driven the enemy from
commong you. The time has now ar-
rived for the people of the State to
act. You cannot longer procrasti-
nate. Missouri must now take her
position by the North or the South.
BEN. McCULLOUGH,
Brigadier General Commanding.

The following "general order" has also been promulgated:

HEADQUARTERS OF THE WESTERN ARMY,
Camp near Springfield, Mo., Aug. 12.

The General Commanding takes great pleasure in announcing to the army under his command the signal victory it has just gained.

Soldiers of Louisiana, of Arkansas, of Missouri and of Texas, nobly have you sustained yourselves.—Shoulder to shoulder you have met the enemy and driven him before you. Your first battle has been glorious and your General is proud of you.

The opposing force, composed nearly of the old regular army of the North, have thrown themselves upon you, confident of victory; but by great gallantry and determined courage you have utterly routed it with great slaughter. Several pieces of artillery and many prisoners are now in your hands. The commander-in-chief of the enemy is slain, and many of the general officers wounded. The flag of the Confederacy now floats over Springfield—the stronghold of the enemy. The friends of our cause who have been imprisoned there are released.

While announcing to the army this great victory, the General hopes that the laurels you have gained will not be tarnished by a single outrage.—The private property of citizens of either party must be respected. Soldiers who fought as you did yesterday cannot rob or plunder! By order of BEN. McCULLOUGH.

Gov. Gamble, the provisional Governor has issued a proclamation, declaring the civil authorities of the State insufficient to protect the lives and property of the State and calling out 42,000 men of the militia of the State, 10,000 cavalry and 32,000 infantry. If this number should not be raised, a draft will be resorted to.

On Saturday last there was considerable excitement in Wilmington, Del., owing to the office of the Gazette, a secession journal, being threatened, owing to its frequent and long continued strictures on the First Delaware regiment, and opposition to the course pursued by the Government in maintenance of the Union. The Mayor and police were on the ground.

RELIGIOUS NOTICE.—The second Quarterly Meeting for Airey's Circuit, Philadelphia Conference, will be held at Airey's Chapel on Sunday and Monday the 1st and 2d of September.

HOLLOWAY'S PILLS.

Much Truth in a small compass.—Derangement of the stomach and bowels.—Few people are conversant with the manner in which the blood is created, or the stomach with the gastric juices, the secretions of the liver and the action of the lungs are the chief agents for converting the food we eat into blood, hence the great necessity for preserving the stomach in a sound and healthy condition. Nothing has yet been discovered more effectual for this than Holloway's famous Pills, which act directly on the stomach, liver, bowels and circulation. In bilious disorders, indigestion, costiveness and all consequent complaints, headache, piles, and debility there is no medicine in the use which insures such certain and beneficial results.

TO CONSUMPTIVES and those afflicted with DYSPEPSIA, NERVOUS DEBILITY, HEART DISEASE, FEVER and AGUE, or CONSTIPATION.—The undersigned, now seventy-five years old, has for years devoted his time to curing his Parishoners and the poor in New York of these dreadful complaints, which carry thousands and thousands to an untimely grave; he has seldom failed to cure all who have applied to him for relief, and believing it to be a Christian's duty to relieve those abroad, as well as at home, he will send to those requiring it, a Copy of Prescriptions used, (Free of Charge,) with directions for preparing and using the same.—Also rules on Diet, Bathing, Ventilation and Exercise for the Sick, they will find these remedies a sure cure for Consumption, and all diseases of the Throat and Lungs, Fever and Ague, Constipation, Heart Disease, Dyspepsia, Nervous Debility, and Female Complaints, and he hopes every one afflicted will send for a copy, as it will cost nothing, and those suffering should apply before it is too late. These Prescriptions are used by the most eminent Physicians in London, Paris and New York. Those wishing them will please address
REV. DR. CHAMBERLAIN,
Williamsburgh, New York.

SANDS' SALT RHEUM REMEDY great success of this medicine in curing Diseases of the Skin, such as Salt Rheum, Ring worm, Itch, Scald Head, Eczema, Psoriasis, &c. is without a parallel in the annals of medicine. Sands' Sarsaparilla is recommended to be used to throw out the unhealthy humors from the sytsem, when by applying the Salt Rheum Remedy externally, reliance may be placed upon a speedy and permanent cure.
Prepared and sold by A. B. & D. Sands, Druggists, 100 Fulton street, New York.
Sold also by Dr. J. Flint, Cambridge, Md.
Sold also by Druggists generally.

GREAT DISCOVERY!!!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. DeGrath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain. But the people taemselves are rendering their verdict in a manner both unmistakeable and satisfactory. More than 20,000 bottles have been sold in a very short time, a great proportion to those who heard others recommend it, who had tried it. That it's a splendid discovery is everywhere acknowledged, and nothing like it was ever before prepared.

The only genuine Electric Oil is Prof. DeGrath's which is to be had at all the respectable Druggists in the land, and at wholesale and retail, at the proprietors prices of the agent. jy10-4m

Wilcox & Gibbs'
SEWING MACHINES,
Price with Hemmer & Feller,
$35 00.
THIS MACHINE HAS POINTS OF SURIORITY PECULIARLY ITS OWN.
Stitching, Hemming and Felling with a Single Thread.

IT forms a flat, even and elastic seam, which is WARRANTED not to rip up in wear, even if the seam is cut at frequent intervals, and also under all circumstancas to "survive the wash-tub."

A Patented device of great utility, to learners, prevents the possibility of the machine being run in the wrong direction, or the balance-wheel wearing a lady's dress.

Another feature which deserves particular attention is ☞The Wilcox Patent Needle cannot be set wrong.

Two thousand Stitches or two yards of work can be done in one minute without dropping a stitch.

These Machines so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without basting, and hem the finest muslin without puckering.

Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time.

"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it."—Philadelphia Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines"—Pennsylvanian.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability and doing all work, the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in justice, express our confidence in the merits of the Wilcox & Gibbs sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 27, '60.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried"—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them, as the best adapted to the wants of his family, and as the least liable to require repair.
OLIVER CRANE.

Boston, July 3, 1860.

The undersigned, during eighteen months, has had in almost constant use, in his family, a Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is, in all respects, well appointed, efficient and durable.

ROMAN EYE BALSAM,
FOR INFLAMED EYELIDS.
Commonly Called Sore Eyes.

This Balsam was used for many years in the private practice of a celebroted Oculist, with the greater success.

In cases where the eyelids are inflamed, or the ball of the eye thickly covered with blood, it acts almost like magic, and removes all appearances or inflammation after to two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, such as Miners, Mechanics, and other operatives in metals, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this Balsam.

Read the following evidence;
BINGHAMTON, Jan. 7, 1854.
Messrs. A. B. & D. Sands:—Gentlemen—Your Roman Eye Balsam, which I was recommended to use for my daughter's eyes, has acted on them like a charm. Her eyes, which had for several months been very much swollen and inflamed, after a few week's use of the Balsam, were perfectly cured and well as ever.
Yours truly, M. FOLEY.

Price 25 cents per Jar—Will be sent free per Mail to any part of the Unted States upon receipt of 30 cents in postage stamps.

Health and its Pleasures,
OR
DISEASE WITH ITS AGONIES.

Holloway's Pills.

NERVOUS DISORDERS.

WHAT is more fearful than the breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can, take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions and the Ointment should be well rubbed into the small of the back at bed time.—This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm,—in fact they never fail in curing all disorders of the liver and Stomach.
