re of pain. But the people taemselves are
ndering their verdict in a manner both un-
stakeable and satisfactory. More than 20,-
00 bottles have been sold in a very short time,
great proportion to those who heard others
commend it, who had tried it. That it's a

Gutta-Percha Roofing.

NO article ever before introduced to the public has equaled the LIQUID GUTTA-PERCHA for coating tin or other roofs, new or old. One gallon, costing $1 50, will thoroughly coat from 200 to 300 feet of roof, and this coating will render the roof perfectly waterproof, and will last three times as long as white lead or other paint. For covering roofs, either new or old, we repeat, it has no equal for durability and cheapness, and we offer it to the public fully confident of its intrinsic excellence, and with our warrantee that it will do all we claim for it. Sold in barrels of forty gallons each, at a liberal discount to dealers. Address all orders to

Important if True!

And every Word is True!

FOR upwards of three years past, I have been engaged in a business, which has yielded me at the rate of $3,000 per annum, but being desirous of going to Europe in the course of a few months for the purpose of there introducing the business, I am willing to teach it to any one who will send me $1. The business is no humbug, but of a highly useful and general character, adapted both to cities and villages, and one that any person of ordinary capacity, young or old, male or female, can acquire with a few hours' practice, and by which they can secure a very handsome income. Several young ladies who have received instructions from me, both in New York and Pennsylvania, are earning upwards of $20 per week by it, and there is no reason why any one else cannot do the same. Invalids, even, can do well by it, as it is no peddling affair, but a business that is perfectly respectable.—Gentlemen and ladies of leisure who would like to learn the business for their own amusement or pleasure, will find the practice of it a pleasant pastime, and one that they will take great interest in. On receipt of $1, I will send printed instructions by which any person can readily acquire the art, and these instructions will also contain every particular relative to the carrying it on so that it will be highly profitable. The purchaser of the "printed instructions" will also be authorized to teach it to others; and I have sometimes received as high as $200 for teaching it personally to a single individual. I would state further that $2 50 or $3 00 will buy everything that is necessary to commence the business with, and the articles can be got almost anywhere, in city or country, or, if preferred, I can furnish them. TREGOE'S

Cereal and Plant Food

AND

RUST PREVENTIVE,

Tested and Approved by David Stewart, M. D., Chemist Maryland State Agricultural Society.

Sold by P. MALCOM & CO., General Agents, BALTIMORE.

THIS Compound contains all the SEVEN ELEMENTS that compose CEREAL & PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and is peculiarly adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of grain.

We submit the following results of the use of the "Plant Food."

PORT PANN., Del., Sept. 7, 1861.

Messrs. TREGOE & SON, Baltimore:—The "PLANT FOOD" spread this spring, both here and at the experimental farm at St. John's College, Annapolis, doubled, and, I think, trebled, (as the weight will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the stooling of the grain, the *appearance* of DOUBLE the number of plants from the same number of seed; the earlier ripening or maturity of the crop where the Plant Food was applied; the stoutness and height of the plaat and straw, all told the same story, viz: that the Plants there had Food, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as a top dressing. Yours respectfully,

DAVID STEWART,
Professor of Agricultural Chemistry,
St. John's College.

NORTH EAST, Md., Sept 5, 1861.

Messrs. Wm. Tregoe & Son, Baltimore:—I applied the "Plant Food" at the rate of one to two hundred lbs. per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill; the corn started and has kept far ahead of that on the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or Bones—and shall so recommend it. Yours respectfully,

RUSSELL THOMAS.

The PLANT FOOD is put up in substantial bags of 150 lbs. each. sep25-3t

Health and its Pleasures,

OR

DISEASE WITH ITS AGONIES;

CHOOSE BETWEEN THEM

Holloway's Pills.

NERVOUS DISORDERS.

WHAT is more fearful than the breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can, take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions and the Ointment should be well rubbed into the small of the back at bed time.—This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm.—in fact they never fail in curing all disorders of the liver and Stomach.

Holloway's Pills are the best remedy known for the following disease.

Ague,	Inflamation,
Asthma,	Jaundice,
Billious Complaints,	Liver Complaints,
Blotches on the Skin,	Lumbago,
	Piles,

CAUTION!—None are genuine unless the words, '*Holloway, New York and London,*' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

*Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.
