HIGH PRICES OF WOOD AND COAL IN WASHINGTON.

It is understood this morning that the Government has given orders that no freight belonging to private individuals can come over the Baltimore and Washington Railroad until all the Government stores are transported. The necessary measure has caused a sudden rise in the prices of wood and coal. A petition, numerously signed, has been sent to the Secretary of War, calling for his interference in the matter. The petitioners set forth that under pretence of the blockade of the Potomac the dealers and speculators in wood and coal have already raised the price of coal to twenty dollars per ton, and of wood to ten dollars per cord, and they notify the public that they will soon charge from fifteen to twenty dollars for the same. They recommend the same course as was pursued in April last in regard to the extortionate prices asked for flour.

If the coal monopoly is not voluntarily removed by dealers, the Provost Marshal proposes to take the matter in hand, and by authority of the Government, dispose of the contents of the wood and coal yards at Government contract prices.

ARRIVAL OF A PRISONER FROM RICHMOND ON PAROLE—AN EXCHANGE OF PRISONERS.

Lieutenant Alfred Kauize, of the steamer Flag, who has been a prisoner in the hands of the rebels since the 25th of June, arrived here on Friday. He was captured off Hatteras Inlet while in charge of a prize schooner, and is absent on his parole for the purpose of effecting an exchange of prisoners. He says that the U. S. prisoners of Richmond are suffering from the weather and an insufficiency of clothing. In case an arrangement for the exchange of prisoners cannot be effected, he is to return to his confinement in Richmond jail within fifty days.

I learn that the Consul for France at Charleston has arrived in Paris, and is using his utmost endeavors to secure the recognition of the Confederates. He does not hesitate to assert that the blockade is a sham, and that the Southerners are fully able to secure and maintain their independence.

It may appear strange, but it is a fact that the bulk of the British and French Representatives at the South entertain just such views as those of the Consul of Charleston, and if the two Governments abroad are not fully posted in affairs at the South, it is certainly not the fault of their Representatives.—*Wash. Cor. Phila. Ledger.*

THE PACIFIC TELEGRAPH.—It is stated that the liberal use made of the Pacific telegraph since it was opened to San Francisco is a proof of its advantages to commercial and business operations. On the first day of its working forty purely business despatches were sent through, besides many of a congratulatory character. The rates now in use are $5 95 for ten words, and 48 cents for each additional word. In the act of Congress giving authority to build the line it was expressly forbidden to fix the through rates above $4 25 for ten words, and 36 cents for each additional word, but no definite rates were mentioned for the way business.

It is said that arangements are about being made for the laying of a double track from Washington to Annapolis, the latter city to be made a depot.

TO CONSUMPTIVES and those afflicted with DYSPEPSIA, NERVOUS DEBILITY, HEART DISEASE, FEVER and AGUE, or CONSTIPATION.—The undersigned, now seventy-five years old, has for years devoted his time to curing his Parishoners and the poor in New York of these dreadful complaints, which carry thousauds and thousands to an untimely grave; he has seldom failed to cure all who have applied to him for relief, and believing it to be a Christian's duty to relieve those abroad, as well as at home, he will send to those requiring it, a Copy of Prescriptions used, (Free of Charge,) with directions for preparing and using the same.—Also rules on Diet, Bathing, Ventilation and Exercise for the Sick, they will find these remedies a sure cure for Consumption, and all diseases of the Throat and Lungs, Fever and Ague, Constipation, Heart Disease, Dyspepsia, Nervous Debility, and Female Complaints, and he hopes every one afflicted will send for copy, as it will cost nothing, and those suffering should apply before it is too late. These Prescriptions are used by the most eminent Physicians in London, Paris and New York. Those wishing them will please address

GREAT DISCOVERY!!!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. DeGrath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain. But the people taemselves are rendering their verdict in a manner both unmistakeable and satisfactory. More than 20,000 bottles have been sold in a very short time, a great proportion to those who heard others recommend it, who had tried it. That it's a splendid discovery is everywhere acknowledged, and nothing like it was ever before prepared

The only genutne Electric Oil is Prof. DeGrath's which is to be had at all the respectable Druggists in the land, and at wholesale and retail, at the proprietors prices of the agent. jy10-4m

SHERIFF'S NOTICE
OF THE
Division of Cambridge District.

THE Act of the General Assembly of Maryland dividing the Cambridge District is as follows:

AN ACT to amend sections ninety-one and one hundred and twenty-four of article 10 of the Code of Public Local Laws for Dorchester county, relating to the division of Election districts in said county, and apportioning the number of Justices of the Peace and Constables in said election districts:

Sec. 1. *Be it enacted by the General Assembly of Maryland*, That sections ninety-one and one hundred and twenty-four of article 10 of the Code of Public Local Laws for Dorchester county are hereby repealed and the following sections enacted as a substitute therefor.

Sec. 2. Dorchester county is divided into thirteen election districts according to their present bounds and limits, in each of which districts all elections for public officers shall be held at the place now established by law.

Sec. 3. Election district number seven is hereby divided into two election districts, viz: seven or Cambridge district and thirteen or Bucktown district, and is contained in the following bounds and limits: Begining at the mouth of Blackwater river and running up said river until it comes to the fork of the same, then with the east branch up to Mapledam bridge, then with the county road southernly until it intersects David M. Corkan's road, then with said road to Martin's road, then by and with Martin's road until it intersects the county road leading from Bucktown to Combridge, at or neat Levin Mobray's gate, then with said road leading from Bucktown to Cambridge north until it intersects the Cordtown road, then with the Cordtown road until it intersects the road leading from Vienna to Cambridge, then with said road to the corner of Dr. Kurtz's out field, and intersecting a road leading from the Cambridge and Vienna road to Aireys, then by and with said road to Transquakin Bridge, then with the Transquakin river to its mouth. The election for said thirteenth or Bucktown district, shall be held in the village of Bucktown at such places as the Judges may determine.

Cambridge district has apportioned to it three Justices of the Peace and three Constables, one of which shall always be elected from that portion of the district known as Town Point, while for election district number thirteen or Bucktown, two Justices of the Peace and one Constable has been apportioned.

The act takss effect from the date of its passage.

Now notice is hereby given to the voters of the old Cambridge election District residing on the Bucktown side of the line beginning at the mouth of Blackwater river and running up said river until it comes to the fork of the same, then with the east branch up to Mapledam bridge; then with the county road southernly until it intersects David M. Corkran's road, then with the said road to Martin's road, then by and with Martin's road until it intesects the county road leading from Bucktown to Cambridge, at or near Levin Mobray's gate, then with said road leading from Bucktown to Cambridge north until it intersects the Cordtown road, then with the Cordtown road untill it intersects the road leading from Vienna to Cambridge, then with said road to the corner of Dr. Kurtz's out field, and intersecting a road leading from the Cambridge and Vienna road to Aireys, then by and with said road to Transquakin bridge; then with the Transquakin river to its mouth, that they are coustituted by the provisions of this act a separate election ditsrict called the thirteenth, or Bucktown, and are required to vote in the village of Bucktown "at such place as the Judges of election may determine." Notice is also given to the balance of the voters of the former Cambridge, or No 7 election district, that they are constituted a new election district under the name of No 7 or Cambridge, and are required to vote, as heretofore, in the town of Cambridge at such place as the Judges of election may determine. Wilcox & Gibbs' SEWING MACHINES.
Price with Hemmer & Feller,
$35 00.
THIS MACHINE HAS POINTS OF SUPERIORITY PECULIARLY ITS OWN.
Stitching, Hemming and Felling with a Single Thread.

IT forms a flat, even and elastic seam, which is WARRANTED not to rip up in wear, even if the seam is cut at frequent intervals, and also under all circumstances to "survive the wash-tub."

A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance-wheel wearing a lady's dress.

Another feature which deserves particular attention is ☞The Wilcox Patent Needle cannot be set wrong.

Two thousand Stitches or two yards of work can be done in one minute without dropping a stitch.

These Machines so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without basting, and hem the finest muslin without puckering.

Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time.

"It is emphatically the good, low priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it."—Philadelphia Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines"—Pennsylvanian.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability and doing all work, the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in justice, express our confidence in the merits of the Wilcox & Gibbs sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed, necessary to a good instrument."—Christian Advocate and Journal, June 21 '60.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty different kinds of Sewing Machines, and after some six weeks' experience with Wilcox & Gibbs' Patent, he has purchased one of them, as the best adapted to the wants of his family, and as the least liable to require repair.

OLIVER CRANE.

Boston, July 3, 1860.

The undersigned, during eighteen months, has had in almost constant use, in his family, a Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family—from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is, in all respects, well appointed, efficient and durable.

Health and its Pleasures,
OR
DISEASE WITH ITS AGONIES;
CHOOSE BETWEEN THEM.
Holloway's Pills.

NERVOUS DISORDERS,

WHAT is more fearful than the breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can, take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions and the Ointment should be well rubbed into the small of the back at bed time.—This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm,—in fact they never fail in curing all disorders of the liver and Stomach.

Holloway's Pills are the best remedy known for the following disease.

Ague,	Inflamation,
Asthma,	Jaundice,
Billious Complaints,	Liver Complaints,
Blotches on the Skin,	Lumbago,
Bowel Complaints,	Piles,
Colics,	Rheumatism,
Constipation of the Bowels.	Retention of Urine,
Consumption,	Scrofula or King's Evil.
Debility,	Sore Throats,
Dropsy,	Stone and Gravel,
Dysentery,	Secondary Symptoms,
Erysipelas,	Tick-Douloureux,
Female Irregularit's,	Tumors,
Fevers of all kinds,	Ulcers,
Fits,	Veneral Affections,
Gout,	Worms of all kinds,
Head-ache,	Weakness from whatever cause,
Indigestion,	&c, &c.

☞CAUTION!—None are genuine unless the words, 'Holloway, New York and London,' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

☞There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.
