☞ In order that 'the people' may be able to estimate what portion of their "surplus earnings" will be required to meet the interest on the public debt, if the war should be protracted say twenty months let them take Mr. Chase's estimate of the public debt on the 1st day of July 1862 and 1st day of July 1863 as follows:

"On the 1st day of July, 1862, the public debt will be $517,372,802.93

On the 1st day of July, 1863, the public debt will be $897,372,802, 93."

"The actual necessities of the situation" are well calculated to make the statesman and the patriot pause and think in his heart.

A frightful catastrophe is reported to have occured near Sarahsville, Noble county, Ohio, a few nights since. The dwelling house of Gil. Moore took fire in the night, and burned to the ground, with Mrs Moore and four children insine in bed asleep. They were all utterly consumed.

Gen. James H Lane, of Kansas has been tendered the position of brigadier general by the President. His command will embrace all the troops in Kansas.

Hon. Jeremiah S. Black, formerly Attorney General, and last Secretary of State under the Buchanan Administration, has been elected by the Judges, Reporter for the United States Supreme Court, in the place of Benjamin C. Howard, resigned.

NEW YORK, Dec. 20.—George W. Jones of Iowa, ex-Minister to Bogota, has been arrested here by order of Secretary Seward, and sent to Fort Lafayette.

HEALTH IS WEALTH.—GOUT, Rheumatism, &c.—Disease is indiscriminate in the selection of its victim—the king possesses no more immunity from the twinges of gout or neuralgia in his weather proof palace, than the beggar from the attacks of rheumatism in this time battered hovel. Wealth of itself can neither cure sickness nor preserve health—else it would be a monopoly of the rich—on the contrary, the gout or rheumatic millionaire would willingly exchange half his possessions for the robust constitution of the daily laborer. To the millions whose subsistence depends on toil, health is truly wealth, and the loss of it entails on them the misery and sufferings which are the bane of poverty; but the cheapness of Hollowa's Pills and Ointment obviate this evil by placing them within the reach of all who are exposed to the direful effects of the weather.

BENJAMIN FRANKLIN AND Prof. De Grath.—Franklin brought electricity from the heavens to earth, but it remained for Prof. De Grath to apply that electricity to the relief of diseased and suffering mortals—disease that heretofore baffled the physican's old treatment, such as Rheumatism, Pains, Stiff Joints, Deafness, Swellings, Sores, on man or beast, are now cured by Prof. De Grath's Electric Oil in *one or two days*. Read this letter:

PROF. DE GRATH: I have been the victim for many years of a Rheumatic affection, and lost the use of my limbs. I could not limp, in short, I was totally helpless. I applied *your Electric Oil, and before I had used one bottle I was perfectly restored.* You may refer any sufferer to me. MRS. E. HUTCHINS.

A Democratic and Conservative Newspaper in the city of New York.

The N York Weekly Argus.

TO RESTORE THE UNION AND MAINTAIN THE CONSTITUTION.

FOR several years the Democratic and Conservative sentiment of the Nation has been keenly alive to the necessity of being faithfully and ably represented by a first-class Newspaper, published in the City of New York, adapted to popular circulation, and wielding a wholesome influence throughout the Union. The great want has been, and is, a paper which shall sustain the same relation to Democratic and Conservative principles as does the New York Tribune to Abolitionism and all kinds of Radicalism—a paper conducted with talent and prudence, with correct appreciation of the true principles of our Government and fidelity to them; in all respects a first-class newspaper, and yet afforded at a price bringing it within the reach of the masses of the People throughout the Country.

The undersigned, from their connection with the Albany ATLAS & ARGUS—one of the oldest and best known Democratic papers in the Union—have been constantly urged, during the last three or four years, to respond to this demand, by establishing a first-class Weekly Newspaper in the city of New York, adapted to general circulation. We yield to the wishes of our political friends, and have therefore transferred the publication of the WEEKLY ATLAS & ARGUS to the city of New York, where it will hereafter be issued under the name of

THE N. YORK WEEKLY ARGUS.

It is published in quarto form, of the size of the leading New York Weeklies; and we promise that in its News, Editorials, Literary, Miscellaneous and Agricultural Departments, in its Market Reports, and in all other respects, it shall be at least equal to any paper published in that city. While devoting to it our own editorial services, it has also the benefit of the entire time and constant supervision of Mr ELON COMSTOCK, for several years one of the Editors of the New York Journal of Commerce, a gentleman of recognized editorial ability and experience. The Editors will therefore be

CALVERT COMSTOCK, WILLIAM CASSIDY, ELON COMSTOCK,

with ample additional special assistance in the several departments of the paper.

Next to a vigorous support of the Federal Government in its present peril—the leading purpose and design of the Editors will be to advocate Democratic and Conservative doctrines, and to engraft them upon the policy and administration of the Governments—State and National. At the same time they will strive to furnish their readers the best possible general newspaper. The latest intelligence—foreign and domestic—will always appear in the columns of their paper; and its Commercial Department will embrace the fullest and most reliable information, including correct and ample reports of the Money, Produce and Cattle Markets at New York and other leading points of commercial transactions. Great care will also be bestowed upon the Literary character of the paper, and such original and selected articles, notices of new publications, &c., will be given, as will be likely to interest the reader. For the benefit of that large class engaged in cultivating the soil, we shall give prominence to Agricultural subjects, devoting to them original articles, (editorials and communications, and carefully selected matter from the leading journals of the country.

TERMS:

The NEW YORK WEEKLY ARGUS is published in Quarto form, each number containing eight pages, or forty-eight columns, printed on new and handsome type, in the best style. It will be furnished to subscribers on the following terms, payable *always in advance.*

Single subscriptions per annum	$2 00
Three copies one year	5 00

National Family Newspaper.

The Home Journal for 1862.

MORRIS & WILLIS, EDITORS.

A NEW series of this widely circulated family newspaper will be commenced on the fourth day of January next—printed, as heretofore, on the finest of paper and with the best of type

Besides the incessant labors of the editors on the various departments of the paper, the beautiful story by an American Wife, called

CHRISTINE,

which has never been equaled by any similar publication, and the

LOOKINGS-ON AT THE WAR,

will be continued in the volume for 1862. In this series of sketches, Mr. Willis will continue to give such better studied and more deliberate views of the great movements as are impossible to the haste of writers for the daily papers; including, of course, sketches of the prominent men, and descriptions of the most stirring scenes at the seat of war. A number of other ATTRACTIVE AND RACY FEATURES will be introduced. Among these a new work,

By Edward S. Gould, Esq.,

ENTITLED,

JOHN DOE AND RICHARD ROE;

OR, EPISODES OF CITY LIFE.

This work of Mr. Gould will be carried to the full proportion of a modern novel, and will therefore, occupy our columns continuously for at least six months.

Also an original novel, entitled

WHO IS THE HEIR?

BY REGINA GRAY.

The opening scenes of this brilliant story are laid on the coast of New England, and amidst the breezy hills of old Berkshire. As the narrative progresses, the scene changes to a southern city, and finally is transferred to New York. The plot turns upon a point of inheritance, and the interest of the story commences with the first chapter, nor ceases until the end is attained. The time in which the events occur covers the past twenty-five years and many of the characters introduced are drawn from life.

Also, a new and beautiful

ROMANCE OF THE DAY.

BY OLIVER BUNCE,

author of "Life Before Him," "A Bachelor's Story," etc. An American tale delineating various phases of rural and town life, turning mainly upon some hitherto undepicted relations between love and genius, woman and ambition. It presents a three fold picture of the sex—the woman of the world, of genius, and of love—and contrasts with these the subtlety as well as the power and aspirations of man.

And

SOCIETY CORRESPONDENCE;

or letters from the leaders of our fashionable circles in New York and the other capitals, by which our readers will be *unmistakably kept informed* of the changes and progress of what is commonly understood by the "gray world"—a portion of our fellow-beings, about whom, there is no denying, we all feel a moderately news loving curiosity. As we have taken some pains to arrange the resources for this new feature, we premonish our readers of its agreeableness with a considerably confident satisfaction.

All the former peculiar features of the paper which have given it a world-wide reputation will be continued, while several new ones will add a most spicy variety to its already deversified pages.

TERMS—For one copy, $2. for three copies $5: for a club of seven copies $10; for a club of fifteen copies $20; and at that rate for a larger club—always in advance.

THE PERFECTION OF

MEDICAL SCIENCE.

Fifty Years Practical Experience.

Holloway's Ointment.

The rapid sale of this Ointment and the universal favor with which it is uniformly received prove conclusively its powerful efficacy on disease. During a period of fifty years it has stood the trying ordeal of the civilized world, and its popularity attests its marvelous virtues while the demand for it to-day still continues as unabated as ever—a fact so significant that further comment is unnecessary.

SKIN DISEASES.

Erysipelas, Ringworm, Measles, Small Pox, Scarlatina, Rash, Itch, Cutaneous Eruptions, Blotches, Pimples, Pustules, whether Scaly, Dry, Watery, Crusted or Mattery, are quickly healed by the free use of this Balsamic Ointment. Its operation is materially assisted by taking Holloway's Purifying Pills, which exercise a powerful and healthy influence on the blood and secretions.

DISEASES OF THE THROAT & CHEST.

Diptheria or Putrid Sore Throat, Quinsy, Coughs, Colds, Hoarseness, Influenza, Catarrh, Asthma, Bronchitis, Tightness of the Chest, Pleurisy, &c. are the inflamed state of the glands of the throat and coatings of the chest. By rubbing the Ointment on the affected parts it is quickly absorbed and allays the irritation, cleanses the passages of the phlegm which obstructs them, thereby giving immediate freedom to the organs of respiration.

LUNG DISEASE, EXTERNAL ULCERS

The extraordinary efficacy of this Balsamic Ointment in Old Sores, Bad Legs and Cancerous Ulcers, is frankly admitted by prominent medical men. By rubbing it on the chest and back it is quickly imbibed by the absorbents, and conveyed through the aid of the blood to the lungs where its antiseptic properties are equally as active on ulcerated tubercles as on external ulcers. Thousands have been cured of Incipient Consumption by a persevering use of Holloway's Pills and Ointment.

RHEUMATISM, NEURALGIA, GOUT.

The excruciating agonies of Tic-Douloureux, Lumbago and Sciatica, the crippling diseases of the Nerves and Muscles, the exquisite torture of Cramps, Gout, and contracted or Stiff Joints are quickly assuaged by local applications of the Ointment which soothes the irritability and relaxes the spasms. As these diseases, however, originate in the acid state of the blood permanent relief can only be obtained by a liberal use of Holloway's Pills, in conjunction with the Ointment, to renovate the vital fluid of the humors which engender the disorders.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Gout,
Bad Breasts,	Glandular Swellings,
Burns,	Lumbago,
Bunions,	Piles,
Bite of Mosquitoes	Rheumatism,
and Sand-Flees,	Scalds,
Coco-bay,	Sore Nipples,
Chiego foot,	Sore-Throats,
Chilblains,	Skin-Diseases,
Chapped Hands,	Scurvy,
Corns, (Soft)	Sore-Heads,
Cancers,	Tumors,
Contracted and Stiff	Ulcers,
Joints,	Wounds,
Elephantiasis,	Yaws.
Fistulas,	

IMPORTANT CAUTION!—None are genuine unless the words, *"Holloway, New York and London,"* are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box.

538 Broadway New York.

NO person who contemplates purchasing a Sewing Machine for family or manufacturing purposes, should fail to send for one of our circulars, which contains cuts and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the

Best Sewing Machines in the World for either Family or Manufacturing Purposes.

IMPORTANT FACTS.

Fact No. 1.—This company being duly licensed, their Machines are protected against infringements or litigation.

Fact No. 2.—These machines make the lock-stitch—alike on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

Fact No. 3.—These machines are better adapted than any other sewing-machines in the market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Marsailles without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle or tension, or making any adjustment of machine whatever. Is not such a machine best adapted to family use? and if BEST adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

Fact No. 4.—These Machines make the most elastic seam of any sewing machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, on a bias.

Fact No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

Fact No. 6.—These Machines took the highest premium at the Franklin Institute, Phila.

Fact No. 7.—These Machines took the highest premium at the N. Jersey State Fair.

Fact No. 8.—These Machines took the highest medal at the American Institute, in the City of New York, together with the highest premium for fine Sewing Machine work.

Fact No 9.—These Machines took both the highest premiums at the Mechanics' Fair, Utica, N. Y.

Fact No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first class sewing machines. But we have space for only one fact more—it is the most important fact of all.

Fact No. 11.—*We warrant every Machine we sell to give better satisfaction than any other Sewing Machine in the market, or money refunded.*

Scenes of the War for the Union,

are published, card size, and in stereoscopic form. Also, stereoscopic views of scenes in Paris, London and in other parts of England and France; in Scotland, Ireland, Wales, Holland, Switzerland, Spain, on the Rhine, in Athens, Egypt, Turkey, the Holy Land, China, India, Cuba, &c., &c., *ad infinitum.*

OUR INSTANTANEOUS STEREOSCOPIC VIEWS ARE THE GREATEST WONDER OF THE AGE.

These are taken in the fortieth part of a second, and the rushing of water, the moving of vehicles, or the march of an army, does not in the slightest degree affect the taking of these views. They are sold for $3 00 per doz.

We have also on hand and manufacture the largest assortment of STEREOSCOPES, PHOTOGRAPHIC ALBUMS and Photographic Materials in the United States, and perhaps in the world.

Catalogues, containing lists of all our Portraits, Views, Stereoscopes, &c., sent free by mail, on receipt of a stamp.
