NATIONAL MAGAZINE OF LITERATURE, ART AND FASHION.

GRAHAM'S LADY'S & GENTLEMAN'S MAGAZINE.

THE PROSPECTUS FOR 1843.

EDITORS:

GEORGE R. GRAHAM & R. W. GRISWOLD.

Regular Contributors:—J. FENIMORE COOPER, RICHARD H. DANA, WILLIAM CULLEN BRYANT H. W. LONGFELLOW, T. C. GRATTAN, CHARLES F. HOFFMAN.

GRAHAM'S is the oldest and most popular of the American Literary Magazines. The number for January, 1843, will be the first of the thirty-fifth volume. Its long and uniformly successful career, from its commencement with a few hundred subscribers, until the present time, when it has a circulation of fifty thousand copies per month, is perhaps as good an evidence of its great and constantly increasing merit as the publisher has it in his power to offer.—To its old subscribers, he trusts, no assurances are necessary of his determination to maintain its present ascendancy over all the rival periodicals of the country. The engagement during the past year of such men as Bryant, Cooper, Dana, Longfellow, Hoffman, Mancur and others, of high reputation in the literary world, as *regular contributors*, in addition to a previous list embracing many of the first names in the nation, is a sufficient guarantee that the work will continue to be the principal medium of communication between the best authors and the public. Among the attractions of the thirty-fifth volume, will be several TALES by Mr. Cooper, Mr. Grattan, Mr. Hoffman, Mr. Mancur, Mr. Herbert, Miss Leslie, "Mary Clavers," Mrs. Embury, Mrs. Ellet and Mrs. Stephens; POEMS by Mr. Bryant, Mr. Dana, Mr. Longfellow, Mr. Street, Mrs. Seba Smith, Mrs. Osgood, and Mrs. Sigourney; ESSAYS by Mr. Fay, Mr. Jones, Mr. Tuckerman, Mr. Poe, etc. etc. The following more complete list of contributors will convince the reader that it is well nigh impossible to have a superior corps in the present age:

GRAHAM'S LADY'S AND GENTEMAN'S MAGAZINE has been from its establishment more than any other the favorite periodical of the gentler sex. Tho' its plan does not entirely exclude articles of the most important character—such as have raised *Blackwood's*, and some other foreign journals to their high influence and reputation—its pages will be principally devoted to what is usually termed light literature. It will be distinguished from other publications of similar aims, by the literary and artistic merit of its contents.—While those of other works are *unknown or anonymous*, the contributors to this are the most eminent authors of our age and country; the very creators—founders—of our NATIONAL LITERATURE. Especially is it celebrated as containing the choicest productions of the finest femele writers of the time.—Every number contains gems which may be appealed to with pride by the sex as vindicating their intellectual eminence. The following list of authoresses, who have hitherto and will hereafter write for it, will show that in this regard no rivalry to it can be sustained.

Miss Emma C. Embury, Author of 'Constance Latimer, the Blind Girl,' 'Guido and other poems,' etc.
Mrs. Frances S. Osgood, Author of 'A Wreath of Wild Flowers from New England,' etc.
Mrs. Seba Smith, Author of 'The Sinless Child, 'The Western Captive, or the times of Tecumseh,' 'Essays, Critical and Miscellaneous,' etc.
Miss. Eliza Leslie, Author of 'Pencil Sketches,' 'Althea Vernon and other Tales,' etc.
Mrs. "Mary Clavers," Author of 'A New Home—Who'll Follow?' 'Forest Life,' etc.
Mrs. Maria Brooks, Author of 'Zophiel, or the Bride of Seven,' etc.
Mrs. Lydia H. Sigourney, Author of 'Zinzindorf and other Poems,' 'Letters to Mothers,' etc.
Mrs. E. F. Ellet, Author of 'Characteristics of Schiller,' 'Rambles in the Country,' etc.
Mrs. Lydia Jane Pierson, Author of 'Poems and Essays,' etc.
Mrs. Amelia B. Welby, Author of 'Poems by Amelia,' etc.
Mrs. A. M. F. Annan, Author of 'Tales and Sketches,' etc.
"E. E. F.," Author of 'The Marriage of Convenience,' etc.
Mrs. A. S. Stephens, Author of 'Mary Derwent,' etc.

Besides these well known and universally popular writers, many anonymous contributors of distinguished merit furnish articles for nearly every number.

SPLENDID EMBELLISHMENTS.—In the department of Engravings, it is well known that Graham's Magazine has far surpassed any periodical work ever published in this or any other country.—The highest ambition of rival publishers seems thus far to have been to maintain a respectable imitation of the numerous costly and beautiful works of art with which the successive numbers of this journal have been graced. In the course of the succeeding volumes many important new features will be introduced. Sartain and Sadd, the most celebrated Mezzotint Engravers in the Union, and equals of the best in Europe, will continue to furnish their exquisite productions; and Rawdon, Wright & Hatch, G. Parker, A. L. Dick, Gimbrede, Jackman, Jones and others, of New York, and Dodson, Welch & Waters, Tucker and others, of Philadelphia,—all among the most eminent line engravers of the present century, have been engaged to furnish a succession of highly finished steel engravings, superior to any that have hitherto appeared in periodicals. Among the pictures that will be engraved for the volumes in 1843, are several *ORIGINAL PAINTINGS* by Ingham, Inman, Cole, Thompson, Freeman, Franquinet, and other distinguished artists. The American periodicals have hitherto contained, save in a very few instances, only engravings copied from foreign prints. The publisher of Graham's Magazine will be the first to reform the practice, and to make his work strictly original in its embellishments as well as in its literary contents.

OUR POETRY GALLERY.

One of the new features of the coming volumes will be the introduction of Portraits of the Contributors to Graham's Magazine, which, of course, will include nearly all the eminent writers of the day.—The thirty-fifth volume will include, from the burins in Parker, Dodson, and others, portraits (engraved in the hight style of the art) of Mr. Cooper, Professor Longfellow, "Maria del Occidente," Mrs. Sigourney, Mrs. Sedgwick, Mrs. Seba Smith, Mrs. Embury and several others—all from paintings executed expressly for the purpose.

THE EDITORIAL DEPARTMENT

Will continue to embrace notes on current literature, etc., and reviews of all new American and foreign works of general interest or value. The criticisms of Graham's Magazine are acknowledged in all parts of this country to be superior in acumen, honesty and independence to those of any cotemporary. Indeed, while a majority of the monthly and quarterly journals have become mere advertising mediums for the booksellers, in which every thing "in print" is indiscriminately praised, this periodical is looked upon as a just and discriminating arbiter between authors and readers, in which both have implicit confidence.

TERMS.

GRAHAM'S MAGAZINE will be published on the first of each month in every quarter of the Union.—The most distant subscribers will therefore receive it on that day, as well as those who reside in Philadelphia. DR. W. S. LOVE'S VEGETABLE ELIXIR FOR THE CURE OF AGUE AND FEVER.—Having in the course of my practice, witnessed in hundreds of cases, the dreadful ravages which the Ague and Fever, or Intermittent Fever had made upon the constitutions of its victims, it appears to me due to the cause of humanity to prepare, upon first principles of Pharmacy, a *safe and effectual cure* for this afflictive and loathsome disease—one that might be used with security in the absence of Medical aid—knowing that persons who were often afflicted by it, lived remote from such aid, and it gives me infinite pleasure to announce, that I have succeeded in my laudible object, and that the medicine which I now offer to the public, being entirely composed of vegetable substances, innocent in themselves, will be found *a certain and effectual cure.*

Before presenting my ELIXIR to public consideration I submitted the prescription to the judgment of several of the most distinguished Physicians of Baltimore, amongst whom were *Professors* of both of our Medical Colleges—gentlemen whose professional eminence and moral worth impart force and value to their opinions—and I must not be charged with any feelings of vanity when I say, that I feel flattered by the strong terms of approbation expressed in favor of my preparation, by these distinguished members of our time-honored profession, as I was influenced in the obtainment of their certificates by no other motives than those which a member of an honorable profession may indulge in, without incurring the ascription towards him of any other incentives than those justified by the most chastened ambition.

Having thus explained my motives in its preparation it becomes me now to speak of the *Medicine*, and its effects. As I have before premised, it is composed entirely of Vegetable substances: it is perfectly safe, and may be persons of all ages and under every circumstance, it checks the disease instantly, frequently arresting it at the moment of the paroxism, and, instead of leaving behind it (as is the case with some of the nostrums gotten up by empyrics) effects worse than the disease itself, it makes *a thorough cure;* not only stops the progress of the malady, but removes the cause of it, gives tone and energy to the liver, and restores the whole system to healthful action. In a word the patient in a short period becomes entirely renovated and placed in the enjoyment of robust health.

As my desire is merely to make the virtues of my medicine known, without subjecting myself to the charge of *puffing*, I shall content myself by placing before the public, from amongst the numerous certificates of medical gentlemen of celebrity, one from a Professor of each of the Medical Colleges of Baltimore, which will be found below. Besides those given, I have various others from members of the Faculty of this city, and for the present will content myself by stating that in the list is to be found the distinguished names of Professors, J. H. Miller, Richard Wilmot Hall, J. T. Ducatel, Edw. Foreman, and Drs. Thomas Owings and Wm. M. Kemp. In addition to the certificates of the members of the faculty enumerated above, I have similar testimonials *from hundreds of patients* who have been *cured—thoroughly cured—by my Elixir* which, together with the original certificates of the faculty, it will give me pleasure to exhibit to any one desiring to see them.

All I ask for my Medicine is, a *fair and impartial trial.* If that be given to it, in return I will promise the patient, not only *speedy restoration to health*—but health with an *unimpaired*, and perhaps *invigorated constitution*—blessings, whose value is beyond calculation

☞ Persons living in districts subject to the Ague and Fever, should always keep a supply of the Elixir on hand, as there is nothing like timely resort to remedial means, and especially where the cure is so certain, so prompt and so effectual.

The opinions of the following highly distinguished Medical gentlemen are respectfully submitted.

Nathaniel Potter, M. D Professor of Theory & Practice of Medicine, in the University of Maryland.

The Preparation of Dr. Love, intended to cure Intermittent Fever, seems to me to be of great value, in such cases as require tonics; more especially in those protracted Intermittents, in which a strong action is required to be excited. I believe it will generally succeed, where there is no local affection to be overcome.
Jan. 4, 1842. NATHANIEL POTTER.

S. K. Jennings, M. D. Professor of Materia Medica, Therapeutics, Hygiene and Medical Jurisprudence, in the Washington Medical University of Baltimore.

Being informed distinctly, what are the constituent materials of Dr. Love's Vegetable Elixir, I cheerfully hereby signify my entire consent in the opinion given by Professor N. Potter, in respect of its tonic power in such cases as he refers to in his certificate on the subject. SAM'L. K. JENNINGS.

A NEW VOLUME.
MAY, 1842.

THE SATURDAY POST!
A Family Newspaper of the Mammoth Class.

A new volume of the popular family newspaper, the Saturday Evening Post, was commenced on the first of May, 1842, beautifully printed on the finest white linen paper. The Post is the oldest and best established paper in the Union, having already got to the commencement of the 23d Volume. While scores of papers which have been started in the *last twenty three years*, have passed away for ever, the Post still maintains its proud position in point of circulation and profit, at the head of the family newspapers of the day.

The great size of the paper enables the proprietors to give a greater variety of original and selected matter than can be found in cotemporary sheets. The paper has been greatly *Enlarged and Improved*, and now appears in handsome new type, and has received the praise of many editors of taste, as "*the handsomest family sheet in the Union.*" Our efforts have been directed to the combining of beauty and simplicity, with utility and taste. The Post is printed on a stout white paper, rendering it neat and durable for filing; while in size it surpasses every other weekly newspaper in Philadelphia, and has received from its contemporaries the title of THE PHILADELPHIA MAMMOTH. The great size of the paper enables us to give all important Congressional Proceedings at length, and all reports and other public documents in full, together with occasional Congressional Speeches in full.

Literary Department.—The Post is acknowledged to be the first newspaper in the country in the quality and quantity of *its original tales, essays, poetry, and other matter.* The following contributors are a warrant of its merit.

FOR CONSUMPTION AND LIVER COMPLAINTS, ASTHMA, BRONCHITIS,

CROUP IN CHILDREN,

WHOOPING COUGH, PAINS OR WEAKNESS OF THE BREAST, CHRONIC COUGHS, and all diseases of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION.

A purely vegetable and highly approved compound preparation of the PRUNUS VIRGINIANA, or "WILD CHERRY BARK"—approved by the College of Pharmacy, recommended by the Medical Faculty, and universally acknowledged the most valuable "Family Medicine" ever discovered.

NO QUACKERY!! NO DECEPTION.

THE Physician may boast of his skill in many diseases—the Quack may puff his wonderful cures, but of all the remedies ever discovered for diseases of the Pulmonary Organs, it is universally admitted nothing has ever proved as successful as that unrivalled medicine, DR. WISTAR'S BALSAM OF WILD CHERRY, which has effected some of the most astonishing cures ever recorded in the history of medicine.

Such indeed are the astonishing healing and restorative properties of this BALSAM, that even in the advanced stages of CONSUMPTION, and in Liver Complaints, diseases which have baffled the skill of the most distinguished physicians, when patients have suffered with the most distressing Cough, great difficulty in breathing, Night Sweats, Bleeding of the Lungs, &c. after the most esteemed remedies of our Pharmacopias have failed, this invaluable remedy has not only given surprising relief but actually effected cures, after all hopes of a recovery had been entirely despaired of.

Besides its surprising efficacy in these formidable complaints, it has proved a very superior remedy for diseases of children: such as CROUP, WHOOPING COUGH, &c., and those disorders that prevail so extensively throughout the winter season, such as

COUGH & COLDS

PLEURISY, INFLUENZA, and PAINS IN THE BREAST, proceeding from NEGLECTED COLDS, it stands unrivalled.

READ
WHAT IT HAS DONE.

A WONDERFUL RECOVERY!—Mrs. S. E. Austin, the subject of these remarks, was attacked with this disease in the fall of 1838, originating from a violent cold which settled upon her lungs. Various remedies were resorted to—the most skilful physicians were consulted—yet step by step that fearful disease CONSUMPTION, began to prey upon her. She became subject to violent fits of coughing, expectorated large quantities of matter, and was evidently sinking very fast. In this distressing situation, after all the various remedies had been tried in vain, and when naught but the grave seemed to afford her any prospect of relief, this invaluable BALSAM restored her to health; and now, in the place of that emaciated form, withering to decay, she is seen mingling in society, in better health and spirits than she has enjoyed for years. ☞ See description of this interesting case in Dr. Wistar's Treatise on Consumption.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's preparation of Wild Cherry, in the case of Mrs. Austin, I cheerfully recommend it as a valuable remedy, and acknowledge his statement true and correct.

J. H. WALTERS, M D.

A SURPRISING CURE.—Mrs. Martha Wilson, a poor but highly respectable member of the Methodist Church, was also afflicted with Consumption in its worst forms, and considered past recovery by all her friends. A bottle of this Balsam was presented to her, which relieved her immediately. This circumstance being made known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same Society have purchased over FORTY bottles, for persons in indigent circumstances, and positively assert it has not been used in a single instance where it has not given surprising relief.

☞ We, the undersigned, members of the Derbin Benevolent Society of the Methodist church, having examined the above statement of Mrs Wilson's case, hereby certify it is in all respects true, and earnestly recommend Dr Wistar's remedy to all who are afflicted.

GEORGE MILLER, MARY GARONER,
THOMAS COOMBS, ELIZABETH JACOBS.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skilful physicians—had tried Mercury, Botanic, and Homeopathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on the right side for three years. By the use of this Balsam, she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.

Roxborough, Sept. 10, 1841.

DEAR SIR:—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully. JAMES KELLY.

Holmesburg, Sept. 12, 1841.

Friend Wistar:—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles is all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend.

JACOB HOLLOWAY.

Bristol, September 8, 1841.

Dear Doctor,

Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds, have tried Jayne's Expectorant and other medicines besides, but nothing has ever done me such good as yours has. Send by the steamboat Bolivar. Yours truly,

Cambridge, Md Nov. 1841.

I have made use of the Balsam of Wild Cherry in confirmed cases of cough, pain in the side, and spitting of blood, attended with other difficulties, and find it to be the most efficacious remedy I have ever yet used, and feel no hesitancy in recommending it to the public Signed, GEORGE JACKINS.

PAINS IN THE BREAST, DEBILITY, WEAKNESS AND COUGH.

The Rev. Dr. Dunlap has addressed us a letter in which he says two of his daughters had suffered severely with an obstinate cough, frequent pains in the breast, &c., and appeared to be going into a rapid decline. By the use of a few bottles of this medicine, they have entirely recovered and now enjoy excellent health.

ASTHMA CURED.—Mr Jacob Snyder has authorized us to say he was afflicted with this annoying complaint for several years, and had tried every thing in vain. He was subject to constant wheezing, a troublesome Cough, Spitting of Phlegm, Pain in the Chest, and sometimes in the region of the heart, and nothing else ever gave him relief.

CHRONIC COUGH.—Mr. Isaac Rogers was also afflicted with an obstinate Cough, originating from a disease of the Lungs and Chest, and never found any thing to give him relief but this Balsam.

Such in fact is the nature and simplicity of this medicine, and so extraordinary have been many of the cures it has performed, that it has already attained the highest reputation, and although scarce two years have elapsed since it was first made public, we can proudly say, its fame has spread in every direction, and it is rapidly acquiring a celebrity unequalled by any medicine ever offered to public notice.

DRUGGISTS & DEALERS

In every section of the country, will find this medicine an important and valuable addition to their stock, and should

ALWAYS KEEP IT ON HAND,

As it is not in our power to place it within the reach of all those afflicted, and there are doubtless thousands suffering who would resort to it for relief if they could obtain it conveniently.

☞ Be particular when you purchase, to ask for DR WISTAR'S BALSAM OF WILD CHERRY, as there is an article called the 'SYRUP OF WILD CHERRY,' advertised, which is entirely a different medicine.

COLLECTOR'S NOTICE.

IN these times of oppression and distress, no one more deeply and sincerely regrets the course, which my going out of office in a few weeks, will unavoidably compel me to pursue, in forcing the payment of the public dues, in order to meet the pressing demands upon me, and close my business within the time prescribed by law.—One half of the direct taxes levied for the present year, 1842, has been due from me to the Treasurer, (according to his construction of the law) ever since the 1st day of June last, and of course chargeable with interest from that date: and I have not as yet received six hundred dollars, out of the whole of the officers' fees, county charges, direct and income taxes due for the present year, amounting to about thirty-four thousand dollars; nor have I received more than one half of the direct taxes levied for last year. Thus the public will perceive that I have already extended indulgence far beyond my limits. Would that I could prevail upon the people to make immediate payment, and save themselves the mortification and me the painful necessity of inforcing payment by execution, which I shall, beyond all possible help, be compelled to do without respect to persons, if settlements are much longer delayed.
