FOR CONSUMPTION AND LIVER COMPLAINTS, ASTHMA, BRONCHITIS,

CROUP IN CHILDRN

WHOOPING COUGH, PAINS OR WEAKNESS OF THE BREAST, CHRONIC COUGHS, and all diseases of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION.

A purely vegetable and highly approved compound preparation of the PRUNUS VIRGINIANA, or "WILD CHERRY BARK"—approved by the College of Pharmacy, recommended by the Medical Faculty, and universally acknowledged the most valuable "Family Medicine" ever discovered.

NO QUACKERY!! NO DECEPTION.

THE Physician may boast of his skill in many diseases—the Quack may puff his wonderful cures, but of all the remedies ever discovered for diseases of the Pulmonary Organs, it is universally admitted nothing has ever proved as successful as that unrivalled medicine, DR. WISTAR'S BALSAM OF WILD CHERRY, which has effected some of the most astonishing cures ever recorded in the history of medicine.

Such indeed are the astonishing healing and restorative properties of this BALSAM, that even in the advanced stages of CONSUMPTION, and in Liver Complaints, diseases which have baffled the skill of the most distinguished physicians, when patients have suffered with the most distressing Cough, great difficulty in breathing, Night Sweats, Bleeding of the Lungs, &c. after the most esteemed remedies of our Pharmacopias have failed, this invaluable remedy has not only given surprising relief but actually effected cures, after all hopes of a recovery had been entirely deapaired of.

Besides its surprising efficacy in these formidable complaints, it has proved a very superior remedy for diseases of children, such as CROUP, WHOOPING COUGH, &c., and those disorders that prevail so extensively throughout the winter season such as

COUGH & COLDS

PLEURISY, INFLUENZA, and PAINS IN THE BREAST, proceeding from NEGLECTED COLDS, it stands unrivalled.

READ
WHAT IT HAS DONE.

A WONDERFUL RECOVERY!—Mrs. S. E. Austin, the subject of these remarks, was attacked with this disease in the fall of 1838, originating from a violent cold which settled upon her lungs. Various remedies were resorted to—the most skilful physicians were consulted—yet step by step that fearful disease CONSUMPTION, began to prey upon her. She became subject to violent fits of coughing, expectorated large quantities of matter, and was evidently sinking very fast. In this distressing situation, after all the various remedies had been tried in vain, and when nought but the grave seemed to afford her any prospect of relief, this invaluable BALSAM restored her to health; and now, in the place of that emaciated form, withering to decay, she is seen mingling in society, in better health and spirits than she has enjoyed for years. ☞See description of this interesting case in Dr. Wistar's Treatise on Consumption.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's preparation of Wild Cherry, in the case of Mrs. Austin, I cheerfully recommend it as a valuable remedy, and acknowledge his statement true and correct.

J. H. WALTERS, M. D.

A SURPRISING CURE.—Mrs. Martha Wilson, a poor but highly respectable member of the Methodist Church, was also afflicted with Consumption in its worst forms, and considered past recovery by all her friends. A bottle of this Balsam was presented to her, which relieved her immediately. This circumstance being made known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same Society have purchased over FORTY bottles, for persons in indigent circumstances, and positively assert it has not been used in a single instance where it has not given surprising relief.

☞We, the undersigned, members of the Derbin Benevolent Society of the Methodist church, having examined the above statement of Mrs Wilson's case, hereby certify it is in all respects true, and earnestly recommend Dr Wistar's remedy to all who are afflicted.

GEORGE MILLER, MARY GARDNER,
THOMAS COOMBS, ELIZABETH JACOBS.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skilful physicians—had tried Mercury, Botanic, and Homœpathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on the right side for three years. By the use of this Balsam, she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.

Roxborough, Sept. 10, 1841.

DEAR SIR:—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully. JAMES KELLY.

Holmesburg, Sept. 12. 1841.

Friend Wistar:—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend.

JACOB HOLLOWAY.

Bristol, September 8, 1841.

Dear Doctor,

Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds, have tried Jayne's Expectorant and other medicines besides, but nothing has ever done me such good as yours has. Send by the steamboat Bolivar. Yours truly.

Cambridge, Md. Nov. 1841.

I have made use of the Balsam of Wild Cherry in confirmed cases of cough, pain in the side, and spitting of blood, attended with other difficulties, and find it to be the most efficacious remedy I have ever yet used, and feel no hesitancy in recommending it to the public. Signed, GEORGE JACKINS.

PAINS IN THE BREAST, DEBILITY, WEAKNESS AND COUGH.

The Rev. Dr. Dunlap has addressed us a letter in which he says two of his daughters had suffered severely with an obstinate cough, frequent pains in the breast, &c., and appeared to be going into a rapid decline. By the use of a few bottles of this medicine, they have entirely recovered and now enjoy excellent health.

ASTHMA CURED.—Mr Jacob Snyder has authorized us to say he was afflicted with this annoying complaint for several years and had tried every thing in vain. He was subject to constant wheezing, a troublesome Cough, Spitting of Phlegm, Pain in the Chest, and sometimes in the region of the heart, and nothing else ever gave him relief.

CHRONIC COUGH.—Mr. Isaac Rogers was also afflicted with an obstinate Cough, originating from a disease of the Lungs and Chest, and never found any thing to give him relief but this Balsam.

Such in fact is the nature and simplicity of this medicine, and so extraordinary have been many of the cures it has performed, that it has already attained the highest reputation, and although scarce two years have elapsed since it was first made public, we can proudly say, its fame has spread in every direction, and it is rapidly acquiring a celebrity unequalled by any medicine ever offered to public notice.

DRUGGISTS & DEALERS

In every section of the country, will find this medicine an important and valuable addition to their stock, and should

ALWAYS KEEP IT ON HAND.

As it is not in our power to place it within the reach of all those afflicted, and there are doubtless thousands suffering who would resort to it for relief if they could obtain it conveniently.

☞Be particular when you purchase, to ask for DR WISTAR'S BALSAM OF WILD CHERRY, as there is an article called the 'SYRUP OF WILD CHERRY,' advertised, which is entirely a different medicine

Prepared, wholesale, and retail, by WILLIAMS & Co., Chemists, No. 33, South Fourth street, Philadelphia. Price $1 00 a bottle.

NATIONAL MAGAZINE OF LITERATURE, ART AND FASHION.

GRAHAM'S LADY'S & GENTLEMAN'S MAGAZINE.

THE PROSPECTUS FOR 1843.

EDITORS:

GEORGE R. GRAHAM & R. W. GRISWOLD

Regular Contributors:—J. FENIMORE COOPER, RICHARD H. DANA, WILLIAM CULLEN BRYANT, H. W. LONGFELLOW, T. C. GRATTAN, CHARLES F. HOFFMAN.

GRAHAM'S is the oldest and most popular of the American Literary Magazines. The number for January, 1843, will be the first of the thirty fifth volume. Its long and uniformly successful career, from its commencement with a few hundred subscribers, until the present time, when it has a circulation of fifty thousand copies per month, is perhaps as good an evidence of its great and constantly increasing merit as the publisher has it in his power to offer.—to its old subscribers, he trusts, no assurances are necessary of his determination to maintain its present ascendancy over all the rival periodicals of the country. The engagement during the past year of such men as Bryant, Cooper, Dana, Longfellow, Hoffman, Mancur and others, of high reputation in the literary world, as *regular contributors*, in addition to a previous list embracing many of the first names in the nation, is a sufficient guarantee that the work will continue to be the principal medium of communication between the best authors and the public. Among the attractions of the thirty-fifth volume, will be several TALES by Mr. Cooper, Mr. Grattan, Mr. Hoffman, Mr. Mancur, Mr. Herbert, Miss Leslie, "Mary Clavers," Mrs. Embury, Mrs. Ellet and Mrs. Stephens; POEMS by Mr. Bryant, Mr. Dana, Mr. Longfellow, Mr. Street, Mrs. Seba Smith, Mrs. Osgood, and Mrs. Sigourney; ESSAYS by Mr. Fay, Mr. Jones, Mr. Tuckerman, Mr. Poe, etc. etc. The following more complete list of contributors will convince the reader that it is well nigh impossible to have a superior corps in the present age:

GRAHAM'S LADY'S AND GENTLEMAN'S MAGAZINE has been from its establishment more than any other the favorite periodical of the gentler sex. Tho' it has done [illegible] exclude articles of the most [illegible] such as have raised *Blackwood's* [illegible] and some other foreign journals to their high influence and reputation—its pages will be principally devoted to works of a [illegible] literature. It will be distinguished from other publications of similar aims. While those of other works are [illegible] unknown or anony[illegible] the contributors to this are the most eminent all those of our country and country [illegible] NATIONAL LITERATURE. Each number will contain [illegible] the choicest productions of the most [illegible] of the time. Every [illegible] which may [illegible] appear to with pride on the sex as vindicating their intellectual supremacy. The following list of authors [illegible] who have [illegible] and will hereafter [illegible] will show that in this regard no rivalry to it can be sustained.

Miss Emma C. Embury, Author of 'Constance Latimer, the Blind Girl,' 'Guido and other poems,' etc.
Mrs. Frances S. Osgood, Author of 'A Wreath of Wild Flowers from New England,' etc.
Mrs. Seba Smith, Author of 'The Sinless Child, 'The Western Captive, or the times of Tecumseh, 'Essays, Critical and Miscellaneous,' etc.
Miss. Eliza Leslie, Author of 'Pencil Sketches,' 'Althea Vernon and other Tales,' etc.
Mrs. "Mary Clavers," Author of 'A New Home—Who'll Follow?' 'Forest Life,' etc.
Mrs. Maria Brooks, Author of 'Zophiel, or the Bride of Seven,' etc.
Mrs. Lydia H. Sigourney, Author of 'Zinzindorf and other Poems,' 'Letters to Mothers,' etc.
Mrs. E. F. Ellet, Author of 'Characteristics of Schiller,' 'Rambles in the Country,' etc.
Mrs. Lydia Jane Pierson, Author of 'Poems and Essays,' etc.
Mrs. Amelia B. Welby, Author of 'Poems by Amelia,' etc.
Mrs. A. M. F. Annan, Author of 'Tales and Sketches,' etc.
"F. E. F.," Author of 'The Marriage of Convenience,' etc.
Mrs. A. S. Stephens, Author of 'Mary Derwent,' etc

Besides these well known and universally popular writers, many anonymous contributors of distinguished merit furnish articles for nearly every number.

SPLENDID EMBELLISHMENTS.—In the department of Engravings, it is well known that Graham's Magazine has far surpassed any periodical work ever published in this or any other country.—The highest ambition of rival publishers seems thus far to have been to maintain a respectable imitation of the numerous costly and beautiful works of art with which the successive numbers of this journal have been graced. In the course of the succeeding volumes many important new features will be introduced. Sartain and Sadd, the most celebrated Mezzotint Engravers in the Union, and equals of the best in Europe, will continue to furnish their exquisite productions; and Rawdon, Wright & Hatch, G. Parker, A. L. Dick, Gimbrede, Jackman, Jones and others, of New York, and Dodson, Welch & Waters, Tucker and others, of Philadelphia,—all among the most eminent line engravers of the present century, have been engaged to furnish a succession of highly finished steel engravings, superior to any that have hitherto appeared in periodicals. Among the pictures that will be engraved for the volumes in 1843, are several *ORIGINAL PAINTINGS* by Ingham, Inman, Cole, Thompson, Freeman Franquinet, and other distinguished artists. The American periodicals have hitherto contained, save in a very few instances, only engravings copied from foreign prints. The publisher of Graham's Magazine will be the first to reform the practice, and to make his work strictly original in its embellishments as well as in its literary contents.

OUR POETRY GALLERY.

One of the new features of the coming volumes will be the introduction of Portraits of the Contributors to Graham's Magazine, which, of course, will include nearly all the eminent writers of the day.—The thirty-fifth volume will include, from the burins in Parker, Dodson, and others, portraits (engraved in the hight style of the art) of Mr. Cooper, Professor Longfellow, "Maria del Occidente," Mrs. Sigourney, Mrs. Sedgwick, Mrs. Seba Smith, Mrs. Embury and several others—all from paintings executed expressly for the purpose.

THE EDITORIAL DEPARTMENT

Will continue to embrace notes on current literature, etc., and reviews of all new American and foreign works of general interest or value. The criticisme of Graham's Magazine are acknowledged in all parts of this country to be superior in acumen, honesty and independence to those of any cotemporary. Indeed, while a majority of the monthly and quarterly journals have become mere advertising mediums for the booksellers, in which every thing "in print" is indiscriminately praised, this periodical is looked upon as a just and discriminating arbiter between authors and readers, in which both have implicit confidence.

TERMS.

GRAHAM'S MAGAZINE will be published on the first of each month in every quarter of the Union.—The most distant subscribers will therefore receive it on that day, as well as those who reside in Philadelphia. PETERS' PILLS.

The complaints in which Dr. Peters' Vegetable Pills are so effective, and which, when administered according to direction, they can scarcely fail to cure, are Yellow and bilious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, foul tongue, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed They are exceedingly mild in their operation, producing neither nauses, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr Gurney of New Orleans.

La., Oct. 9, 1842.

[illegible] much assistance in my practice, especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that on an average, I prescribe a hundred boxes a month."

Dr. J. [illegible] Smith of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use.

The Agent at Stanton, Va. says he supplies families for forty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and obstruction, attended with most distressing symptoms.—She was cured by using Dr Peters' Pills.

Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peter's Pills entirely cured him.

But why multiply testimonials? We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwars you will use them in preference to all others.

PETERS' WORM LOZENGES

Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges restored the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes [illegible] and who may or be [illegible] wasting away Her symptoms were so unusual and contradictory, that the doctors knew not what to do; but do what they would, she constantly grew worse, and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters Worm Lozenges. The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt-street, New York, says Dr. Peters' Worm Lozenges possess more merit than the Doctor claims for them. He has used them in his family with success when every other medicine failed.

PETERS' COUGH LOZENCES

Are now rapidly superceding all other preparations for the relief of Coughs, Colds, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption by which so many valuable lives are annually sacrificed, owe their origin to neglected Colds and Coughs, which might easily have been removed at an early period No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and relieve congestion.

Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of certificates.

The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.

Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has derived great benefit from them himself, and recommends them extensively in his private practice.

Mr. Charles W Lee, of Franklin-street, was cured of a severe cough of four months standing by one single box of Peters' Cough Lozenges.

Mr. J. E. Jones, of Marlboro', had a violent and racking cough, night sweats, occasional fever, and all the preliminary sysptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other causes; habitual pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in biles and pimples, listlessness of the frame; and for general debilitation.
