...D ES...
...OUND CAN...
41 DIVISION ST.

...e is formed by a combination of ... ingredients, all celebrated for ...s, Coughs, and Pulmonary ...nd by its combination, if ...articles should be used ...ly & afforded no relief, ...he EXTRACT of HOAR HOUND they are so amalgamated, that the benefit of ... whole is experienced in one compound.

...About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in

COUGHS, COLDS, HOARSENESS, IRRITATION OF THE THROAT, CROOP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION of THE HEART, LEVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to

CONSUMPTION,

has given it a value that no other similar medicine ever reached.

Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chilliness, the CLARIFIED ESSENCE OF HOARHOUND CANDY should be freely used according to the directions, and in every case where it is so taken in *proper time*, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that *negligence*—we repeat it, *negligence* is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no Cough without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the *Compound Extract of Hoarhound*, at the first sympton of a Cold or Chilliness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer.

This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which partakes of nauseousness is dreaded and neglected when it should be taken.

Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes without the premonitory symptoms of Cold,—pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against *in time*. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them. Why should we not be? Our own negligence and repentance when too late is the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints before enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and professional speakers have given their approbation and certificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.

The undersigned clergymen, have used the COMPOUND EXTRACT OF HOARHOUND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union.

WM. W. LAIRD & NICHOLAS L. GOLDSBOROUGH having associated themselves in the practice of the law; respectfully offer their professional services to the public. They will practice in the counties of Caroline, Dorchester, Somerset and Worcester. Their office is adjoining the residence of Com'r. Lecompte.
March 4, 1843. 4t.

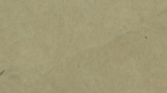
WE are authorized to announce JOHN RICHARDSON as a candidate for the next Sheriffalty of Dorchester County.

appetite, n...
confined or irregu...
are some few of the many ...
that mischief is at work in the system, and that it should be corrected. Persons who seek relief from these symptoms by continual purging, often resort to some of the ephemeral products of the day, with the effect only of postponing a cure, which better remedies must finally accomplish.

Not only do persons residing in districts of country always subject to agues and billious fevers; suffer from stupor or other derangement of the Liver, but also in the highest and healthiest regions. In our own sections we are not free from agues. Individuals who rest too securely in the notion of extreme health and who attach no importance to the symptoms above recited, may nevertheless by laboring under the very causes of disease to which their attention is now invited. In malarial districts, known to every one as such a glance is the use of means is compelled by urgent necessity, whilst in healthier regions persons really in danger are lulled into a false security. To all such persons the Liver Pill is recommended. It having well established claims to their confidence, as a mild and safe aperient, not only opening the bowels as comfortably as other pills, but at the same time acting on the functions of the liver and restoring them to health. They do not relieve the symptoms by mere purging, and thus invite to an incessant consumption of pills, box by box for the benefit of the vender, but by a mild and curative process they enable the patient finally to dispense with their further employment.

WHITE & ANDERSON, Agents.
April 1st 1843 ——— 6m

FOR ANNAPOLIS, CAMBRIDGE, EASTON and DENTON, (via Dover Bridge to Easton.)



The Steamer OSIRIS, Capt. John D. Turner, will resume her regular trips to the above places on MONDAY morning, March 13th, leaving Light Street wharf at 7 o'clock; returning the following day, Tuesday, leaving Denton at 6 o'clock, A. M. for Cambridge, Annapolis and Baltimore, and continue until further notice.

A Stage will be in readiness on the arrival of the Boat at Dover Bridge, to convey passengers to Easton, at 25 cents each.

N. B. The Boat always goes to the wharf at Cambridge. Passengers from Baltimore to Oxford, or from Oxford to Baltimore, will be landed or taken off at Oxford.

LATE SHERIFF & COLLECTOR'S NOTIE.

THE very short space of time now remaining in which I have to close my public business, and the pressing demands that are daily made upon me, will unavoidably compel me to enforce immediate payment without respect to persons, all accounts remaining unpaid for the year of 1840 will be taxed with interest from the 1st. of January 1841, and those due for 1841, will be taxed with interest from the 1st. day of January 1842, and the accounts for 1842, will draw interest from the 1st. of January 1843, till paid.

Persons wishing to avail themselves of the opportunity of paying their State taxes, with State Certificates; which I will receive for the same at par, for the years 1841 and 1842—can obtain them from Josiah Bayley Esq., who will dispose of them to the tax payers. at a heavy discount; thereby enabling them to pay their direct and income taxes, with a great saving to themselves, provided it is done within the time limited by law, for the collector to make his payments to the Treasurer. JNO. H. HODSON,
April 15th 1813. tf late sheriff & col.

TO MY FRIENDS GENERALLY.

I have just received the latest Spring and Summer Fashions, comprising the most fashionable London, Parisian and Philadelphia cuts of coats, pants & vests. Come one come all who want their clothes cut and made in the neatest and most fashionable manner, at the shortest notice, and they shall be duly attended to.

The public's obd't servant,
WM. C. LITTLETON.

A CARD.

THE undersigned begs leave respectfully to inform his friends and the public generally that he has established himself in Cambridge for the purpose of collecting and closing accounts, &c., acting as agent, and transacting other business on commission. Merchants and others in Baltimore or elsewhere, having claims or other business in this or the adjacent counties, can have them attended to as soon as circumstances will allow, with as moderate a charge as can be afforded. A charge of 6 per cent. will be made for cash collected on claims generally, and of 3 per cent. for obtaining notes, or effecting any other adjustment or liquidation required, or that may be necessary; but large claims, or a number of claims making a large amount, will be closed at a lower rate. Instruments of writing will be prepared at a reasonable notice, and every necessary attention given to their execution.

The undersigned can be seen in Cambridge on Mondays and other public days, and claims or letters, or other business from abroad directed to him, in the care of J. Bradshaw or White & Anderson, will be duly attended to. Expecting to give his undivided attention to the business, he hopes by his endeavors to give satisfaction in all matters of business entrusted to him, to merit a liberal share of patronage.

CLEMENT C. WATERS.
Feb. 18, 1843. tf.

Reference to, Dr. A. C. Thompson, White & Anderson, Cambridge.

Wm. W. Byrn, House of Israel Griffith, & Chas. Corkran, Farmers' and Planters' Bank, Baltimore.

The Balt. American will publish the above once a week for six months, and forward their bill, with a paper contuining the advertisement to the subscriber.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the *real* comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduty to promote the comfort of his visiters, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week.

WILLIAM H. YATES.
Jan. 21st 1843. tf

ALEXANDER APPLEGARTH,
GROCER & COMMISSION MERCHANT,
No. 92 DUGAN'S WHARF, BALTIMORE.

Begs leave to return his thanks to his Eastern Shore friends and the public generally for the very liberal encouragement with which he has been sustained, and as an inducement for the continuance of their favour, he will keep constantly on hand a full supply of well selected groceries and other articles in his line; All of which will be sold at the lowest prices for cash or exchanged for all kind of country produce.

Especial attention will also be given to the sale of grain or any other consignment with which he may be favoured, and he flatters himself that his general acquaintance with the flour and shipping merchants, will enable him at all times to obtain the highest market prices and thereby secure the interests of his customers.
March 11. 6 mo.

Blanks for sale at this Office.

...witnessed the ...r's preparation of Wild Cherry, in the case of Mrs. Austin, I cheerfully recommend it as a valuable remedy, and acknowledge his statement true and correct.

J. H. WALTERS, M D.

A SURPRISING CURE.—Mrs. Martha Wilson, a poor but highly respectable member of the Methodist Church, was also afflicted with Consumption in its worst forms, and considered past recovery by all her friends. A bottle of this Balsam was presented to her, which relieved her immediately. This circumstance being made known to the members of the church, they purchased several bottles for her, which relieved her entirely. The same Society have purchased over FORTY bottles, for persons in indigent circumstances, and positively assert it has not been used in a single instance where it has not given surprising relief.

☞ We, the undersigned, members of the Derbin Benevolent Society of the Methodist church, having examined the above statement of Mrs Wilson's case, hereby certify it is in all respects true, and earnestly recommend Dr Wistar's remedy to all who are afflicted.

GEORGE MILLER, MARY GARDNER,
THOMAS COOMBS, ELIZABETH JACOBS.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skilful physicians—had tried Mercury, Botanic, and Homœpathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in the side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on the right side for three years. By the use of this Balsam, she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.
Raxborough, Sept. 10, 1841.

DEAR SIR:—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully, JAMES KELLY.
Holmesburg, Sept. 12. 1841.

Friend Wistar:—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend.

JACOB HOLLOWAY.
Bristol, September 8, 1841.

Dear Doctor,

Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds, have tried Jayne's Expectorant and other medicines besides, but nothing has ever done me such good as yours has. Send by the steamboat Bolivar. Yours truly,

Cambridge, Md Nov. 1841.

I have made use of the Balsam of Wild Cherry in confirmed cases of cough, pain in the side, and spitting of blood, attended with other difficulties, and find it to be the most efficacious remedy I have ever yet used, and feel no hesitancy in recommending it to the public. Signed. GEORGE JACKINS.

PAINS IN THE BREAST, DEBILITY, WEAKNESS AND COUGH.

The Rev. Dr. Dunlap has addressed us a letter which he says twoof his daughters had suffered se... ...al fever, and all ...umption. He had Learning his alarm... him a few of Peters' ...bled him to sleep quiet, He says they saved his

... Peters' Vegetable ...hich, when administer... ...y can scarcely fail to cure. ... and billious fevers, fever and ...p, liver complaint, sick headache, ...a, dropsy, rheumatism, enlargement of ..., piles, colic, female obstructions, heartburn, ... tonge, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr. Gurney, of New Orleans, La., Oct. 9, 1842.

"I have received much assistance in my practice, especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, I prescribe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use

The Agent at Stanton, Va. says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and obstruction, attended with most distressing symptoms.—She was cured by using Dr. Peters' Pills.

Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peter's Pills entirely cured him.

But why multiply testimonials? We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwards you will use them in preference to all others.

Jan. 14, 1843.——1y.

PETERS' WORM LOZENGES

Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges restored the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away Her symptoms were so unusual and contradictory, that the doctors knew not what to do; but do what they would, she constantly grew worse, and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt street, New York, says Dr. Peters' Worm Lozenges possess
