---

struction, attended with most distressing symptoms.—She was cured by using Dr. Peters' Pills.

Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peter's Pills entirely cured him.

But why multiply testimonials? We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwars you will use them in preference to all others.

Jan. 14, 1843.——1y.

PETERS' WORM LOZENGES

Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, bue they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges restored the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away. Her symptoms were so unusual and contradictory, that the doctors knew not what to do; but do what they would, she constantly grew worse, and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt street, York, says Dr. Peters' Worm Lozenges possess

PETERS' PILLS.

The complaints in which Dr. Peters' Vegetable Pills are most effective, and which, when administered according to direction, they can scarcely fail to cure, are as follows:—Yellow and billious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furred tonge, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr. Gurney, of New Orleans, La., Oct. 9, 1842.

"I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, prescribe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use

The Agent at Stanton, Va. says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and ob-

PETERS' COUGH LOZENCES

Are now rapidly superceding all other preparations for the relief of Coughs, Colds, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption, by which so many valuable lives are annually sacrificed, owe their origin to neglected Colds and Coughs, which might easily have been removed at an early period. No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up, while at the same time they promote expectoration, and relieve congestion.

Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of certificates.

The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.

Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has derived great benefit from them himself, and recommends them extensively in his private practice.

Mr. Charles W. Lee, of Franklin-street, was cured of a severe cough of four months standing by one single box of Peters' Cough Lozenges.

Mr. J. E. Jones, of Marlboro', had a violent and racking cough, night sweats, occasional fever, and all the preliminary sysptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other causes; habitual pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in biles and pimples, listlessness of the frame; and for general debilitation.

Agents for the sale of the above medicines:

Thomas M. Flint, Cambridge.
Mr. Higgins, New Market.
Mr. Hubbard, Upper Hunting-Creek.
Dawson & Brother, Easton.
Purnell Toadwin, Salisbury.

January 14th, 1843.——1y.

A CARD.

THE undersigned begs leave respectfully to inform his friends and the public generally that he has established himself in Cambridge for the purpose of collecting and closing accounts, &c., acting as agent, and transacting other business on commission. Merchants and others in Baltimore or elsewhere, having claims or other business in this or the adjacent counties, can have them attended to as soon as circumstances will allow, with as moderate a charge as can be afforded. A charge of 6 per cent. will be made for cash collected on claims generally, and of 3 per cent. for obtaining notes, or effecting any other adjustment or liquidation required, or that may be necessary; but large claims, or a number of claims making a large amount, will be closed at a lower rate. Instruments of writing will be prepared at a reasonable notice, and every necessary attention given to their execution.

The undersigned can be seen in Cambridge on Mondays and other public days, and claims or letters, or other business from abroad directed to him, in the care of J. Bradshaw or White & Anderson, will be duly attended to. Expecting to give his undivided attention to the business, he hopes by his endeavors to give satisfaction in all matters of business entrusted to him, to merit a liberal share of patronage.

CLEMENT C. WATERS.

Feb. 18, 1843. tf.

Reference to, Dr. A. C. Thompson, White & Anderson, Cambridge.

Wm. W. Byrn, House of Israel Griffith, & Chas. Corkran, Farmers' and Planters' Bank, Baltimore.

The Balt. American will publish the above once a week for six months, and forward their bill, with a paper contuining the advertisement to the subscriber.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the *real* comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduty to promote the comfort of his visiters, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week.

WILLIAM H. YATES.

Jan. 21st 1843. tf

ALEXANDER APPLEGARTH, GROCER & COMMISSION MERCHANT,

No. 92 DUGAN'S WHARF, BALTIMORE.

Begs leave to return his thanks to his Eastern Shore friends and the public generally for the very liberal encouragement with which he has been sustained, and as an inducement for the continuance of their favour, he will keep constantly on hand a full supply of well selected groceries and other articles in his line; All of which will be sold at the lowest prices for cash or exchanged for all kind of country produce.

Especial attention will also be given to the sale of grain or any other consignment with which he may be favoured, and he flatters himself that his general acquaintance with the flour and shipping merchants, will enable him at all times to obtain the highest market prices and thereby secure the interests of his customers.

March 11, 6 mo.

We are authorised to announce JOHN RICHARDSON as a candidate for the next Sheriffalty of Dorchester County.

J. PEASE & SON'S CELEBRATED REMEDY

FOR

CONSUMPTION, COUGHS AND COLDS,

KNOWN AS

CLARIFIED ESSENCE OF

HOARHOUND CANDY.

SOLD AT 41 DIVISION ST.

This pleasant medicine is formed by a combination of twenty-five different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if one of these articles should be used separately & afforded no relief, in the EXTRACT of HOARHOUND they are so amalgamated, that the benefit of the whole is experienced in one compound.

About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in

COUGHS, COLDS, HOARSENESS, IRRITATION OF THE THROAT, CROOP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION of THE HEART, LEVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to

CONSUMPTION,

has given it a value that no other similar medicine ever reached.

Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chilliness, the CLARIFIED ESSENCE OF HOARHOUND CANDY should be freely used according to the directions, and in every case where it is so taken in *proper time*, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that *negligence*—we repeat it, *negligence* is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no Cough without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the *Compound Extract of Hoarhound*, at the first sympton of a Cold or Chilliness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer.

This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which partakes of nauseousness is dreaded and neglected when it should be taken.

Another thing should be regarded—that most loath some of all diseases, the SMALL POX, never comes without the premonitory symptoms of Cold,—pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against *in time*. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them Why should we not be? Our own negligence and repentance when too late is the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints before enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and professional speakers have given their approbation and certificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.

The undersigned clergymen, have used the COMPOUND EXTRACT OF HOARHOUND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union:

SHINN AND SELLERS' LIVER PILLS

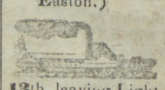
A remedy for the Diseases of the Season.

It is admitted by pathologists of the highest authority, that no organ of the human body is so readily disordered in its functions as the Liver. The heats of summer, errors in diet, and the never ceasing indiscretions which expose our race to disease, will always on the approach of winter give more or less evidence to hundreds of persons in every vicinity of hepatic disturbance. Restless nights, dry tongue, loss of appetite, head ache, pains in the sides, slight cough, confined or irregular bowels, with or without fever are some few of the many symptoms which indicate that mischief is at work in the system, and that it should be corrected. Persons who seek relief from these symptoms by continual purging, often resort to some of the ephemeral products of the day, with the effect only of postponing a cure, which better remedies must finally accomplish.

Not only do persons residing in districts of country always subject to agues and billious fevers; suffer from stuper or ather derangement of the Liver, but also in the highest and healthiest regions. In our own sections we are not free from agues. Individuals who rest too securely in the notion of extreme health and who attach no importance to the symptoms above recited, may nevertheless by laboring under the very causes of disease to which their attention is now invited. In malarial districts, known to every one at such a glance in the use of means is compelled by urgent necessity, whilst in healthier regions persons really in danger are lulled into a false security. To all such persons the Liver Pill is recommended. It having well established claims to their confidence, as a mild and safe aperient, not only opening the bowels as comfortably as other pills, but at the same time acting on the functions of the liver and restoring them to health. They do not relieve the symptoms by mere purging, and thus invite to an incessant consumption of pills, box by box for the benefit of the vender, but by a mild and curative process they enable the patient finally to dispense with their former employment.

WHITE & ANDERSON, Agents.
April 1st 1843 ——6m

FOR ANNAPOLIS, CAMBRIDGE, EASTON and DENTON, (via Dover Bridge to Easton.)



The Steamer OSIRIS, Capt. John D. Turner, will resume her regular trips to the above places on MONDAY morning, March 13th, leaving Light Street wharf at 7 o'clock; returning the following day, Tuesday, leaving Denton at 6 o'clock, A. M. for Cambridge, Annapolis and Baltimore, and continue until further notice.

A Stage will be in readiness on the arrival of the Boat at Dover Bridge, to convey passengers to Easton, at 25 cents each.

N. B. The Boat always goes to the wharf at Cambridge. Passengers from Baltimore to Oxford, or from Oxford to Baltimore, will be landed or taken off at Oxford.

☞His store is in Pratt street, few doors West of Light street, Baltimore; opposite the Baltimore & Ohio Rail Road Depot; one door from Whitman's or the Eagle Hotel, & two doors from Mrs. Bradshaw's or the United States Hotel.

☞Goods delivered in any part of the city free of charge.

JAS. W. W. GORDON.

June 17, 1843.——19w*

N. B.—Physicians anxious to obtain pure Medicines will do well to give him a call.

COME ONE, COME ALL.

THE subscriber has removed to the

"DORCHESTER HOUSE,"

formerly occupied by Wm. H. Yates Esq.—where he intends keeping a HOTEL. The house is in good order and the most pleasantly situated of any like establishment in the town. He promises to devote the most strict attention to the comfort and convenience of his patrons, and hopes to find them both numerous and agreeable. His *table* shall not be surpassed on this shore, and his *liquors* all shall acknowledge to be *Le plus delicieux*. His *ostlers* shall be careful and attentive—his *servants* polite and obedient.

Boarders can be accommodated at all times on fair terms. Come and see him.

The public's ob't. servant,
JOHN PARVIN
Cambridge Md

Jan. 14th 1843.

TO MY FRIENDS GENERALLY.

A CARD.

WM. W. LAIRD & NICHOLAS L. GOLDSBOROUGH having associated themselves in the practice of the law; respectfully offer their professional services to the public. They will practice in the counties of Caroline, Dorchester, Somerset and Worcester. Their office is adjoining the residence of Com'r. Lecompte.

March 4, 1843 4t.

THE vacation commenced this day. The operations of the School will be resumed on the first Monday in October next.

A. E. CARROLL, Principal.
