PETERS' WORM LOZENGES

[illegible] and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges restored the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away. Her symptoms were so unusual and contradictory, that the doctors knew not what to do but do what they would, she constantly grew worse and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms were the cause of all the child sufferings, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt-street, N York, says Dr. Peters' Worm Lozenges possess

PETERS PILLS.

The complaints in which Dr. Peters' Vegetable Pills are most effective, and which, when administered according to direction, they can scarcely fail to cure, are as follows:—Yellow and billious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furred tonge, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, [illegible] complexion, artic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr. Carney, of New Orleans. La., Oct. 9, 1842.

"I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, I prescribe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use

The Agent at Stanton, Va. says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years. By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and o[illegible]

PETERS' COUGH LOZENGES

Are now rapidly superceding all other preparations [illegible] the relief of Coughs, Colds, Whooping-Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption, by which so many valuable lives are annually sacrificed, owe their origin to neglected Colds and Coughs which might easily have been removed at an early period. No medicine will be found so efficacious in curing such cases as these Lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and relieve congestion.

Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a volume of certificates.

The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.

Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has derived great benefit from them himself, and recommends them extensively in his private practice.

Mr. Charles W. Lee, of Franklin-street, was cured of a severe cough of four months standing by one single box of Peters' Cough Lozenges.

Mr. J. E. Jones, of Marlboro', had a violent and racking cough, night sweats, occasional fever, and all the preliminary symptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other causes; habitual pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in biles and pimples, listlessness of the frame; and for general debilitation.

TO MY FRIENDS GENERALLY.

TAILORING

BY

WILLIAM C. LITTLETON.

I have taken the Shop on Race street, next door to the office of John F. Henry Esq., and nearly opposite the store of James Straughn & Co, where I would be glad to receive the patronage of my friends and the public generally.

From my experience in the business and the satisfaction I have heretofore given, I think I can safely promise that all work entrusted to me shall be as *neatly* and *expeditiously* made up as at any establishment on the Eastern Shore.

All garments made by me warranted to fit, or like materials returned. My charges shall be moderate.

The public's obedient servant.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the *real* comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduity to promote the comfort of his visiters, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore.

The Mail Stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week.

CHICKERING'S PATENT ACTION PIANO FORTES.

THE subscriber is constantly receiving super Rosewood and Mahogany 6 and 7 octave PIANO FORTES from the celebrated factory of Chickering, Boston, with metalic plates and metalic frames. These Pianos have Chickering's late patent action, which is admitted by Piano Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the keyboard, which produces a soft and delightful quality of tone. Having sold a great number of these Instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in tune, a desirable quality, especially where tuners are seldom to be had.

Also, German PIANO FORTES of superior quality and finish, made by Rosenkranz expressly for this market, constantly for sale at the lowest prices.

A handsome assortment of MUSIC, double action HARPS, GUITARS, &c.

JOSEPH E. MUSE.

Aug. 17th 1843.

the whole is experienced in one compound.

About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in

COUGHS, COLDS, HOARSENESS, IRRITATION OF THE THROAT, CROUP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION of THE HEART, LIVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to

CONSUMPTION,

has given it a value that no other similar medicine ever reached.

Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chilliness, the CLARIFIED ESSENCE OF HOARHOUND CANDY should be freely used according to the directions, and in every case where it is so taken in *proper time*, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that *negligence*—we repeat it, *negligence* is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no Cough without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the *Compound Extract of Hoarhound*, at the first sympton of a Cold or Chilliness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer.

This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which partakes of nauseousness is dreaded and neglected when it should be taken.

Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes without the premonitory symptoms of Cold,—pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against *in time*. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them. Why should we not be? Our own negligence and repentance when too late is the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints before enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and professional speakers have given their approbation and certificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.

The undersigned clergymen, have used the COMPOUND EXTRACT OF HOARHOUND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union.

Signed,
