NEGROES WNTED.

THE highest cash prices will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in PRATT STREET, between Sharp and Howard sts., No. 86, where myself or my agent, Jonathan M. Wilson, can be seen at all times. All persons having Negroes to sell would do well to see me before they dispose of them, as I am now the largest dealer who is engaged in the trade, and always buying and shipping to the New Orleans market. I will also receive and keep Negroes at twenty five cents each per day, and forward them to any Southern port at the request of the owner. My establishment is large, comfortable, airy and all above ground, and kept in complete order, with a large yard for exercise, and is the strongest and most splendid building of the kind in the United States.

LAST NOTICE.

WITH due deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrearages due me as late Sheriff and Collector forthwith.—I have no time left for indulgence—it is not a mere matter of will with me, to compell payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges direct or income taxes, for 1840, 41 or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is dayly accruing, the loss is considerable upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be up as high as certificates for 1841, which is 95 cent in the dollar.

THE LAWS OF NATURE.

It is an undoubted fact that nature has provided specific remedy (in the Vegetable Kingdom) for every disease that "flesh is heir to"—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore heal but experience has taught us that when the various roots and plants which constitute those remedies have been for a long time gathered from their native soil transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping and miserable sensations after taking badly prepared and impure medicine.

But Science, whose noblest work is to alleviate the sufferings of human nature, has enabled the proprietor of

STAINBURN'S
—VEGETABLE EXTRACT PILLS—

To extract, by means of new scientific machinery, all the medicinal virtues, in their purest and original form from the remedies nature has given for the use of man without any of those inert portions which irritate and annoy the system. Thus forming Nature's true remedy, pure, perfect, and original.

Stainburn's Vegetable Extract Pills are made of *twenty seven pure vegetable extracts*, and those extracts are obtained by new scientific machinery, without boiling The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from powders) whether vegetable or mineral, have *after effects* often dangerous in their nature, always unpleasant in their action on the system, and in many cases leaving the various organs in the body in a worse state than before their use.

These Pills, from their purity of composition, being

MADE ENTIRELY OF EXTRACTS,

cure at once, by purging from the system all acrimonious humors, thereby purifying the blood and fluids; and by regulating and strengthening the digestive organs give tone to the nervous system, and energy to the mind.

They do not leave those who take them costive, as is too often the case with ANCIENT and IMPURE remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE

performed by the Stainburn Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.

PETERS' PILLS.

The complaints in which Dr. Peters' Vegetable Pills are most effective, and which, when administered according to direction, they can scarcely fail to cure are as follows:—Yellow and billious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furred tonge, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, blanched or sallow complexion and in all cases of impure or the humors, where a cathartic or an aperient is needed They are extremely mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr. Currey, of New Orleans La., Oct. 9, 1842.

"I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, prescribe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use

The Agent at Stanton, Va. says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and obstruction, attended with most distressing symptoms.—She was cured by using Dr Peters' Pills.

Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peter's Pills entirely cured him.

But why multiply testimonials? We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwards you will use them in preference to all others.

PETERS' WORM LOZENGES.

Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these Lozenges. Attend to these suggestions as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges restored the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away Her symptoms were so unusual and contradictory, that the doctors knew not what to do but do what they would, she constantly grew worse and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges, The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt street, New York, says Dr. Peters' Worm Lozenges possess more merit than the Doctor claims for them.—He has used them in his family with success when every other medicine failed.

PETERS' COUGH LOZENGES.

Are now rapidly superceding all other preparations for the relief of Coughs, Colds, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption by which so many valuable lives are annually sacrificed, owe their origin to neglected Colds and Coughs, which might easily have been removed at an early period No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and relieve congestion.

Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of certificates.

The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.

Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has derived great benefit from them himself, and recommends them extensively in private practice.

Mr. Charles W[illegible] was cured of a severe cough of four in[illegible] by one single box of Peters' Cough Lozenges.

Mr. I. E. Jones, of Marlboro', had a violent and racking cough, night sweats, occasional fever, and all the preliminary symptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other causes; habitual pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in biles and pimples, listlessness of the frame; and for general debilitation.

TO MY FRIENDS GENERALLY.

TAILORING
BY
WILLIAM C. LITTLETON.

I have taken the Shop on Race street, next door to the office of John F. Henry Esq., and nearly opposite the store of James Straughn & Co, where I would be glad to receive the patronage of my friends and the public generally.

From my experience in the business and the satisfaction I have heretofore given, I think I can [illegible] be as *neatly* and *expeditiously* made up as at any establishment on the Eastern Shore.

All garments made by me waranted to fit, or like materials returned. My charges shall be moderate.

The public's obedient servant.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the *real* comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduty to promote the comfort of his visiters, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week.

CHICKERING'S PATENT ACTION PIANO FORTES.

THE subscriber is constantly receiving super Rosewood and Mahogany 6 and 7 octave PIANO FORTES from the celebrated factory of Chickering, Boston, with metalic plates and metalic frames. These Pianos have Chickering's late patent action, which is admitted by Piano Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the key board, which produces a soft and delightful quality of tone Having sold a great number of these Instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in tune, a desirable quality, especially where tuners are seldom to be had.

Also, German PIANO FORTES of superior quality and finish, made by Rosenkranz expressly for this market, constantly for sale at the lowest prices.

J. PEASE & SON'S
CELEBRATED REMEDY
FOR
CONSUMPTION, COUGHS AND COLDS,
KNOWN AS
CLARIFIED ESSENCE OF
HOARHOUND CANDY.
SOLD AT 41 DIVISION ST.

This pleasant medicine is formed by a combination of twenty-five different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if one of these articles should be used separately & afforded no relief, in the EXTRACT of HOARHOUND they are so amalgamated, that the benefit of the whole is experienced in one compound.

About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in

COUGHS, COLDS HOARSENESS, IRRITATION OF THE THROAT, CROOP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION of THE HEART, LIVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to

CONSUMPTION,

has given it a value that no other similar medicine ever reached.

Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chilliness, the CLARIFIED ESSENCE OF HOARHOUND CANDY should be freely used according to the directions, and in every case where it is so taken in *proper time*, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that *negligence*—we repeat it, *negligence* is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no Cough without a COLD. This is indisputable; no medical man will deny it. Now what is the course appropriate remedy, and use it at once. Such remedy is the *Compound Extract of Hoarhound*, at the first symptom of a Cold or Chilliness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer.

This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effecnve as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which partakes of nauseousness is dreaded and neglected when it should be taken.

Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes without the premonitory symptoms of Cold,—pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against *in time*. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them Why should we not be? Our own negligence and repentance when too late is the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints before enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and professional speakers have given their approbation and certificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.

The undersigned clergymen, have used the COMPOUND EXTRACT OF HOARHOUND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union

SHINN AND SELLERS' LIVER PILLS.

A remedy for the Diseases of the Season.

It is admitted by pathologists of the highest authority, that no organ of the human body is so readily disordered in its functions as the Liver. The heats of summer, errors in diet, and the never ceasing indiscretions which expose our race to disease, will always on the approach of winter give more or less evidence to hundreds of persons in every vicinity of hepatic disturbance Restless nights, dry tongue, loss of appetite, head ache, pains in the sides, slight cough, confined or irregular bowels, with or without fever, are some few of the many symptoms which indicate that mischief is at work in the system, and that it should be corrected. Persons who seek relief from these symptoms by continual purging, often resort to some of the ephemeral products of the day, with the effect only of postponing a cure, which better remedies must finally accomplish

Not only do persons residing in districts of country always suject to agues and billious fevers; suffer from stupor or other derangement of the Liver, but also in the highest and healthiest regions. In our own sections we are not free from agues. Individuals who rest too securely in the notion of extreme health and who attach no importance to the symptoms above recited, may nevertheless by laboring under the very causes of disease to which their attention is now invited. In malarial districts, known to every one at such a glance in the use of means is compelled by urgent necessity, whilst in healthier regions persons really in danger are lulled into a false security. To all such persons the Liver Pill is recommended. It having well established claims to their confidence, as a mild and safe aperient, not only opening the bowels as comfortably as other pills, but at the same time acting on the functions of the liver and restoring them to health. They do not relieve the symptoms by mere purging, and thus invite to an incessant consumption of pills, box by box for the benefit of the vender, but by a mild and curative process they enable the patient finally to dispense with their further employment.
