NEGROES WANTED.

THE highest cash prices will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in PRATT STREET, between Sharp and Howard sts., No. 86, where myself or my agent, Jonathan M. Wilson, can be seen at all times. I will also receive and keep Negroes at twenty-five cents each per day, and forward them to any Southern port at the request of the owner. My establishment is large, comfortable, airy and all above ground, and kept in complete order, with a large yard for exercise, and is the strongest and most splendid building of the kind in the United States.

LAST NOTICE.

WITH duedeference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrearges due me as late Sheriff and Collector forthwith.—I have no time left for indulgence—it is not a mere matter of will with me. to compell payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges, direct or income taxes, for 1840, 41 or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is dayly accruing, the loss is considerable upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be up as high as certificates for 1841, which is 95 cent in the dollar.

PETERS' PILLS

The complaints in which Dr. Peters' Vegetable Pills are most effective, and which, when administered according to direction, they can scarcely fail to cure. are as follows:—Yellow and billious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furred tonge, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite, blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS;" and also, that two small flutes or bands, raised in the tin, encircle each box, one immediately below the [illegible] and the other at the further end, where it forms [illegible] the bottom, and holds it without solder, [illegible] use with any boxes but those con[illegible] principle on which they are [illegible] tion, for which [illegible]ently [illegible]rs to [illegible]untry

PETERS' COUGH LOZENCES.

Are now rapidly superceding all other preparations for the relief of Coughs, Colds, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption by which so many valuable lives are annually sacrificed, owe their origin to neglected Colds and Coughs, which might easily have been removed at an early period No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and relieve congestion.

Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of certificates.

The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.

Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has derived great benefit from them himself, and recommends them extensively in his private practice.

Mr. Charles W Lee, of Franklin-street, was cured of a severe cough of four months standing by one single box of Peters' Cough Lozenges.

Mr. J. E. Jones, of Marlboro', had a violent and racking cough, night sweats, occasional fever, and all the preliminary sysptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other causes; habitual pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in biles and pimples, listlessness of the frame; and for general debilitation.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the *real* comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduty to promote the comfort of his visiters, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wed- [illegible] and Saturday in each week.

J. PEASE & SON'S CELEBRATED REMEDY

FOR

CONSUMPTION, COUGHS AND COLDS,

KNOWN AS

CLARIFIED ESSENCE OF

HOARHOUND CANDY.

SOLD AT 41 DIVISION ST.

This pleasant medicine is formed by a combination of twenty-five different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if one of these articles should be used separately & afforded no relief, in the EXTRACT of HOARHOUND they are so amalgamated, that the benefit of the whole is experienced in one compound.

About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexpected. The unsought acknowledgement of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in

COUGHS, COLDS HOARSENESS, IRRITATION OF THE THROAT, CROOP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION of THE HEART, LEVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to

CONSUMPTION,

has given it a value that no other similar medicine ever reached.

Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chilliness, the CLARIFIED ESSENCE OF HOARHOUND CANDY should be freely used according to the directions, and in every case where it is so taken in *proper time*, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time.

The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that *negligence*—we repeat it, *negligence* is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no Cough without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the *Compound Extract of Hoarhound*, at the first sympton of a Cold or Chilliness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer.

This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which partakes of nauseousness is dreaded and neglected when it should be taken

Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes [illegible] the premonitory symptoms of Cold,—pain in [illegible]ack, and a fullness of the head, springing from a [illegible]d system, denotes its presence. All this can be [illegible]ded against *in time*. Nature has so organized [illegible] human frame, that it gives regular notice of all [illegible]acks of disease, if we will be prepared to meet them [illegible]hy should we not be? Our own negligence and [illegible]entance when too late is the only answer, and [illegible]ATH the final result. We say unhesitatingly to [illegible]e public, that for the complaints before enumerated, [illegible]z: Coughs, Colds, Complaints of the Lungs, and all [illegible] rehminary Stages of Consumption, Pease's Com[illegible]ound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and profes[illegible]sional speakers have given their approbation and cer[illegible]ificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.

The undersigned clergymen, have used the COMPOUND EXTRACT OF HOARHOUND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union.
