COLLECTORS NOTICE.

THE undersigned takes this method of informing the public that he has his books now made out for the present year 1844, containing County charge, Direct tax and officer's fees. It is generally known that I have large demands to meet, and those demands will be expected of me punctually. It would be conferring a favor on me by coming forward and settling immediately. There is a number of accounts on my books for the year 1843, yet unsettled. I have heretofore urged upon the people the propriety and even the necessity of an early settlement. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope they will no longer delay; to have to press those accounts that are due me would be repugnant to my wishes, and at the same time would increase the debt of the payer. I am in hopes tha the above notice will be attended by all of those who pay taxes or have contracted debts with the Register, or Clerk of the county or any of the Lawyers.

Cheapness, Elegance and Excellance Combined!

Before subscribing to a Periodical for 1845, read the ollowing Prospectus of the Third Volume of

ARTHUR'S LADIES' MAGAZINE.

PRICE ONLY $2.00 PER ANNUM,

48 Pages Reading Matter, besides two elegant Steel Plates, in each number!

The Publishers, in sending forth their Prospectus for the third volume of their Magazine, which is exclusively and permanently under the editorial control of **T. S. ARTHUR**, believe that they can offer to the public most substantial claims to patronage. The first and second volumes have been acknowledged on all hands to be equal, and, in many respects, superior, in character, strength, interest and attractiveness, to any of the magazines issued. The aim of the Editor is a high one. He repudiates the long prevalent system of basing his work upon the reputation of contributors, whose articles, no matter what they *have* done, are, in too many instances, below mediocrity.

Nothing gains admission into the pages of this Magazine, which is not excellent in itself. The source from which an article comes is secondary—its merits always primary. Such a rule, strictly carried out, must give character to any work. It has given "ARTHUR'S MAGAZINE" a character already acknowledged in all respectable quarters wi ere it has been received.

Among the inexhaustable sources that open up to the hands of a literary caterer, GERMAN and FRENCH LITERATURE offer a wide field for selection. Into this region, with an admirable corps of translators, we are steadily penetrating, astonished at every step by the riches we meet. Especially is this the case in Literature. Already we have given some splendid articles from the German, brim full of pure truths, and forcible illustrations of the power of goodness. "Silent Love," "The Governor and his Successors," "The Unknown Patient," "The Russian Prince," "The Privy Counsellor," &c. &c. all who have read will remember with delight.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and Tar.

The best remedy known to the world for the cure of Coughs, Colds, Asthma, Croup, Bleeding of the Lungs, Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side, Liver Complaint, and the first stages of

CONSUMPTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power, from a catalogue almost without end.

A lady (address will be given at the New-York Agency) who was given up by all of her physicians to die of consumption, had a hard tumor for months on the side—raised among large quantities of matter a sort of bony substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq., Attorney, &c., New York, cured of spasmodic asthma of 25 years' standing, certified to by Recorder Tallmadge and J. Power, D. D.

A. Carman, New York city, who had not slept, lying down, for 7 years, (being obliged to sleep in a sitting posture) so far cured as to attend to his business in the most stormy weather.

Thomas Bradlee, Esq., J. P., Jamaica, L. I., cured of asthma of 40 years' standing.

Mrs. Anna D. Hopkins, of Knowlesville, Y. Y., entirely cured of liver complaint and general debility of eighteen months' standing.

Jacob Hoffman, M. D., Huntingdon, cured a child of P. Schroeble, of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"*There is no such thing as fail*" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one *can* doubt—fully establishes this fact. For the sake of brevity, we select the following from thousands.

Isaac Platt, Esq., Editor of the Po'keepsie Eagle, one of the most influential papers in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in February, 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she spartially recovered during summer. But on the return of winter she was attacked more violently than at first; she became scarcely able to walk, and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Plat procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken, she was restored to *perfect hetlth*, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "this cure came under my own observation, and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST-MASTER, DATED

PEMBROKE, *Washington* Co. Maine, April 29, 1844

Mr. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity, who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale, if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in Augusta,

☞200 MILES FROM HERE,☜

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing to you.

Please inform me by return of mail whether you conclude to send some, and if so, to whom, in order that it may be known where it can be had.

I am, with respect' yours, &c.

P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, Oneida Co., N. Y. Sept. 15, 1843.

Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a CONFIRMED CONSUMPTION, and they one and all *gave me up to die*. After much persuasion, I got the consent of my physician to use the BALSAM OF WILD CHERRY, prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better, and my symptoms in every way improving. I have now used three bottles, and *am restored to perfect health*. This result is alone owing to the use of Dr. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours,

JAMES SAGE.

Mr. PALMER, Druggist, under date of Waterville, September 24, 1843, writes:

The etatement given you by Mr. James Sage is well known to be true by this *whole community*. It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in cures truly flattering.

Yours respectfully,

D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 23, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side, near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this, I applied to a physician; but he said he thought he could do but little for me, except give me some *Mercury Pills* which I refused to take, feeling satisfied that they could do me no good: many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days; and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up; and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle, which RELIEVED ME IMMEDIATELY; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

J. CLEMENT, J. P.

Such is the unprecedented success of this BALSAM,

"Nature's Favorite Prescription,"

a prescription congeniel to our wants, as it is prepared from chemical extracts from substances which the Author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "*THE GREAT REMEDY*," and that to *sell* any mixture it must be *like* this *in name*, or *purport*, to be like it in substance.

☞Believe not the cunningly wrought fabrication—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT.

CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skilfully prepared that they do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the suger, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood.—Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disaase to the cure, until an impared constitution, or a fit of sickness rebukes them for the folly of their conduct.—Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

Caution—The public should remember that C. V. Clickener is the inventor of the Sugar-Coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorrnt quacks can be found dealing in such a nefarious traffic, as palming off counterfeit for genuine medicine.
